|----------|

|----------|

Colostrum6 is a “cornerstone” Whole FOOD, with over 700 constituents, that naturally balance, and regenerate, the body. It is grass fed, BOVINE colostrum, which is 99% bioidentical to HUMAN colostrum (mother’s “first” milk), but **Col.6** is “hundreds of times” more powerful. It contains**:** the IGF-1 super-family (anti-aging support) - over 95 IMMUNE factors (for health & wellness) - all of our essential amino acids / fatty acids / glycol-nutrients … along with metabolic factors / vitamins / minerals / enzymes / etc / etc / etc. There are 172,000 Scientific Studies, and 140+ Editorials & Research Articles globally, "fully supporting" the health benefits of Bovine Colostrum, and all of its bioactive components. There are *100’s of peer-reviewed Reports* on its benefits + WAPF + the LAB Report + those in prestigious **PubMed**.

COLOSTRUM6
172,000+ SCIENTIFIC STUDIES

True COLOSTRUM exists for only a short biological window. After (6) hours, its composition begins to change, and dilute. Anovite's **Colostrum6** is sourced exclusively "within" that critical 6-hr window - preserving the complete bioactive profile that nature intended. Often called *"Life's First Food"* - it has 700+ nutrients, and bioactive components, to**:** ignite the Immune System / support Digestive & Gut Integrity / Cellular Renewal & Repair / Energy / Mental Clarity / Physical Vitality. Anovite "controls its own production" of Colostrum6, to ensure batch-to-batch consistency - and they "verify every lot" - via independent, third-party testing - including Cornell University / ARL Laboratories / Eurofins.
