STUDENT GOVERNMENT

Senior High School

The South Shore Board of Education sanctions and recommends the organization of a Student Council in the senior high school. The primary purposes of the Student council shall be to:

a. unify student activities under one body of control and promote the general activities of the senior high school;
b. aid in the internal administration of the school;
c. teach students the values of working in a democracy.

Members of the Student Council shall be elected democratically. Two representatives from each class shall be elected annually during the all-class meeting. Officers of the Student Council shall be elected by the Student Council.

The advisor of the Student Council shall be the high school principal or the principal's appointed advisor.
