

PLAYING WITH PICOTS – ERRATA

October 26, 2011

The illustration for “Sunrise, Sunset” (page 14) is actually an earlier version of the design and does not match the pattern as written and diagrammed. A correct version is shown below. The difference is whether to skip over, or join into, the valley between the arches where the two long picots are joined together in Round 2. The bookmark may be worked either way.

My sincere apologies,
Martha Ess
