

Men's Ministry at Westlake Lausanne

As iron sharpens iron, so one man sharpens another. Proverbs 27:17 NIV

- Christ, the Son of God, calls men to be self-disciplined leaders of their family, leaders in the church and leaders in the community. These roles require much wisdom, love, courage and 'stickability', i.e. patience and steadfastness. Men are generally easy-going and often not excessively focused on long-term issues. Therefore, these roles cannot be achieved without the resources the Lord freely offers to His obedient warriors. How are these resources gained and used?

Teaching

Meetings with competent Christian speakers on topics of interest and relevance, combined with breakfast. Details to be announced.

- Friendship and accountability are important for men, especially when in an expatriot situation away from mates and mentors. Men are particularly susceptible to pressures, loneliness and temptations in stressful and responsible jobs with frequent travel, combined with the demands of heading a family. Dealing with these often conflicting obligations and associated guilt is challenging. Trusting relationships with godly men in similar situations are important for advice, prayer and support.

Friendship

Informal, spontaneous: a cool-off on the way home from work. A drink 'n chat with church mates after work: Drop by for a few minutes or longer... between 5.30 and 7 pm every Monday at the "Skipper" - relaxed garden terrace in St. Sulpice, lake view, parking.

- Recreation is not only part of a balanced lifestyle, but men also forge friendships best when engaged in activities. We are fortunate to be in one of the best places in the world for outdoor sports or cultural activities! Us guys love to share some of these rugged and special times with our sons.

Recreation

Sports outings, such as skiing, kayaking, hiking, biking, etc. and cultural or social events. Dad-and-son fun.
