FANUC Robotics
authorised partner

Products

- 4/5 or 6-axis industrial robots
- Gripping systems
- Linear axes
- Auxiliary axes
- Palletizing systems for trays
- Feed in/out conveyors
- Positioning devices
- Mechanical or optical safety barriers
- Vision applications
- PLC based controls

Services

- Concepts/Ideas
- Layouts
- Design of assemblies for automation
- 3D CAD Simulation of robot applications
- Trials with robots
- Feasibility studies
- Offline programming
- Programming of robots and PLC's
- Training classes
- Service and maintenance
- Maintenance contracts

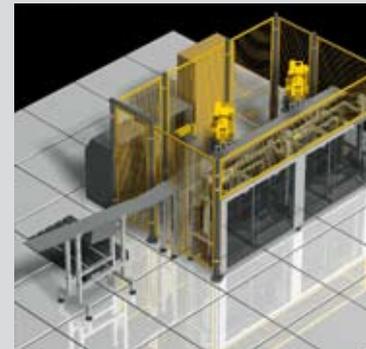

Systems

Partial or turn-key robot application for the manufacturing industry

Individual Automation-Solutions for the manufacturing industry

- Machine tending
- Handling of any type
- Assembling
- Palletizing/Packaging
- Quality checks
- Deburring/Grinding

History

- 1983 Founding of Robotec Consulting AG
- 1997 Partnership with Fanuc Robotics as System Integrator for Switzerland, Germany, Austria, Denmark
Focus on robot based automation
- 2002 Succession thru handover to Robotec Solutions AG
Expansion partnership with Fanuc Robotics, now as System Integrator for Europe
- 2003 Move to new location in CH-Seon
Expansion of production area
- 2005 Certified Partner for Fanuc Robotics worldwide
Training-Center for Fanuc Robotics products
- 2006 Service Hub and Spare Parts for Fanuc Robotics

Partnership

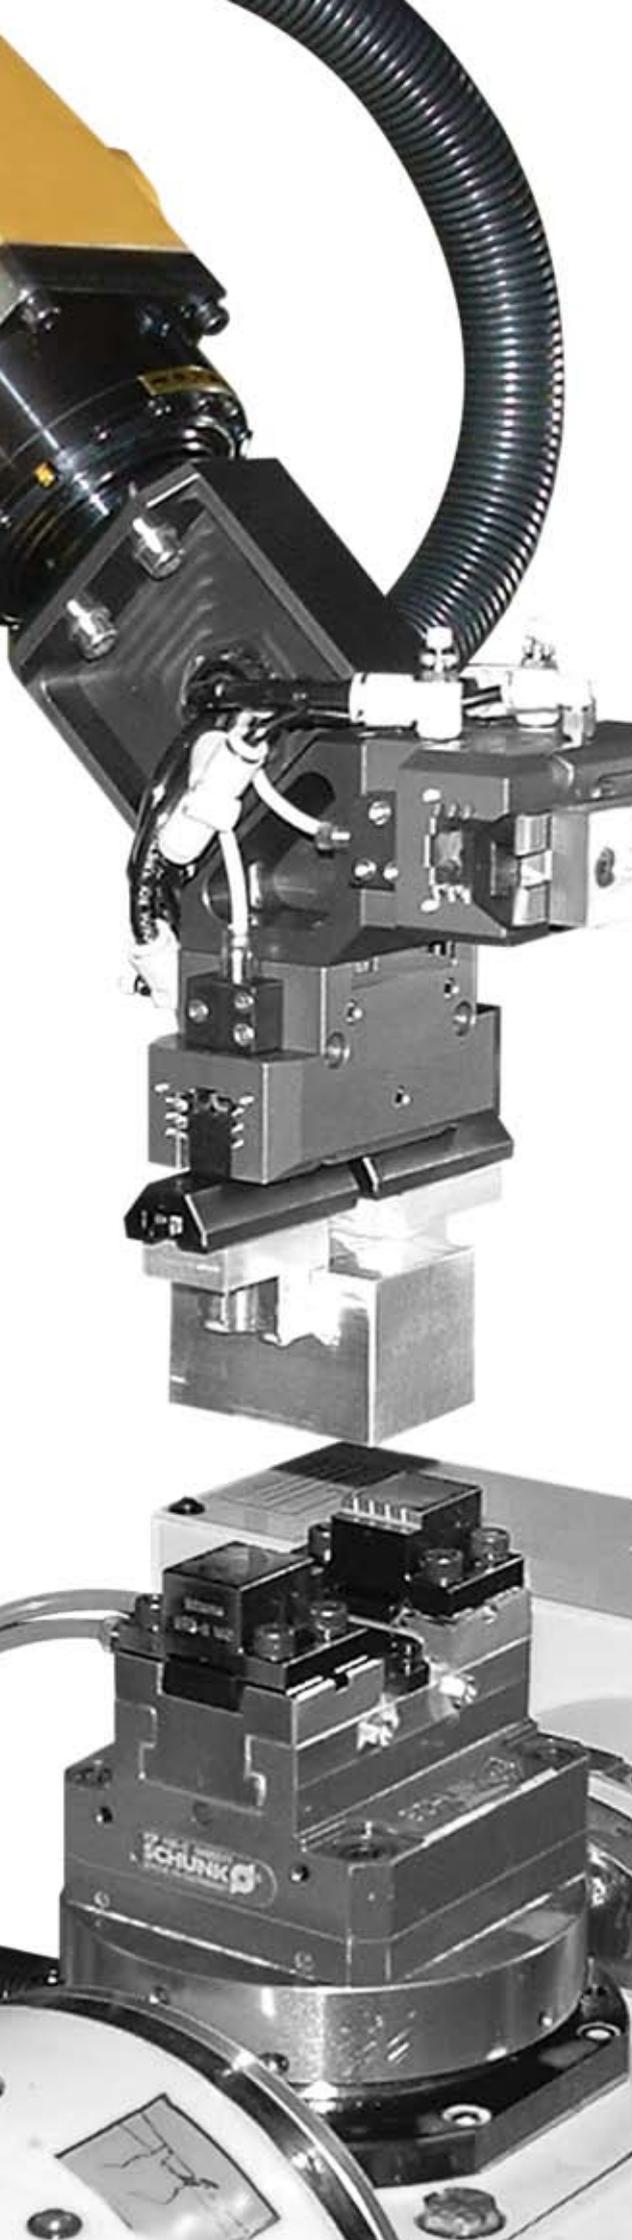

Authorized Partner of Fanuc Robotics
