

EXT. CAMP CRYSTAL LAKE - NIGHT

Todd rushes through the woods, dead leaves and fallen tree branches crunching under his feet. He ignores the continual screaming echoing throughout the woods, and makes his way back to camp as fast as he can, and before long he is standing in the center of camp, leaning onto his knees breathless.

TODD
(coughing)
Somebody!

The screaming continues as Todd makes his way towards the closest cabin, climbing up the steps and to the door before banging his fists on the surface. Before long, Annie answers the door- completely naked. She smiles brightly. Todd glances down for a split second, before looking up- embarrassed. Annie seems completely un-phased by her nudity and takes Todd's hand, leading him into the cabin.

INT. MAIN CABIN

TODD
Um... hello.

ANNIE
Hi Todd! Did you come to play with us? It'll cost you your shirt, but I think we can allow you to keep your pants on.

Annie steps aside smirking, revealing Colby, Phillip, Joshie, and Logan, all sitting around the table. Everyone has been stripped down to their underwear, except for Joshie- who is mysteriously completely clothed.

ANNIE (CONT'D)
Maybe you can beat Joshie.

Joshie for the first time in the night appears happy, like she's actually enjoying herself.

JOSHIE
Never gonna happen, when I was thirteen at summer camp I made five-hundred in one weekend... After that, everyone refused to play me.

PHILLIP
Can't say I blame them.

TODD
(still catching his
breath)
This isn't the time.

COLBY
Wait, what's going on?

TODD
There's someone out in the woods...
I heard screaming.

Annie's smile fades, Colby and Phillip both stand up-
concerned.

ANNIE
What?

TODD
I heard screaming in the woods- it
sounded like a woman.

PHILLIP
Are you sure?

TODD
YES I'm sure, I'm not an idiot.

Colby crosses to his clothes and quickly starts to get
dressed. Phillip and Logan follow suit.

COLBY
Logan, you go check if Harper,
Rebekah, and Kat are still at their
cabins. Todd can lead us to the
spot he heard the screaming.

Todd swallows nervously. Once Logan is dressed, he rushes
out the door to inform the rest of the group. Annie sits
down on the couch, overwhelmed with fear. Joshie crosses the
room with Annie's clothes, and hands them to her. Annie
pushes them aside.

JOSHIE
What can I do?

COLBY
Stay here.

JOSHIE
I'm not just some pathetic damsel
in distress for you to protect,
tell me what I can do.

TODD

We don't HAVE TIME to babysit you
while we do the real work. Now SIT
DOWN, and SHUT UP.

Joshie stands up enraged, squeezing her fists tightly
together as her eyes fill with anger.

COLBY

This isn't the time for arguing.
Joshie, stay here with the rest of
the group. Todd, let's go.

Colby then leads Phillip and Todd out of the cabin. Joshie
folds her arms across her chest- clearly annoyed -and sits
down next to Annie.

INT. CABIN #3

Harper lies in bed, reading a book- she glances over to Kat.

HARPER

Thanks for staying with me. I'd be
a nervous wreck if I had to stay
here alone.

Kat doesn't glance away from her laptop, she nudges her
glasses slightly.

KAT

No problem Harper. I needed to get
more work done anyway.

Harper nods her head pleasantly, and reads for a second
before turning back to Kat.

HARPER

Are you sure Rebekah's going to be
okay on her own?

Kat sighs, slightly annoyed at being interrupted again.

KAT

I'm sure she's *fine*, Harper. She
was tired, she's probably sleeping.

Harper SHRIEKS at the loud sound of banging at the cabin
door, making Kat jump.

KAT (CONT'D)

GOD DAMN IT, HARPER.

Kat curses under her breath as she crosses to the door and opens it. Logan bursts into the cabin, panting. He clearly had ran there as fast as he could.

KAT (CONT'D)
What's going on?

Logan struggles to catch his breath as Harper steps out of bed, concerned.

LOGAN
(trying to catch his
breath)
Todd... heard... a girl scream.

Harmer's eyes widen, and begins to back away.

HARPER
What are you talking about?

LOGAN
Todd says he heard a girl scream,
he Colby and Phillip are going to
go check it out.

KAT
Wait, should I go?

LOGAN
You two should stay... Joshie and
Annie are waiting in the other
cabin.

KAT
Why should we stay? I'm just as
capable of helping them as anyone
else.

LOGAN
Kat, there isn't time for this.

Kat grunts in annoyance, and folds her arms.

HARPER
(panicking)
Oh God... what's going on. Oh my
God. What if Jason's back? What if
he's here to kill us all? What if
he's already on his way to us?
What if this is the end? Oh God we
have to get out of here-

Kat slaps Harper across the face, silencing her.

KAT
Harper, sweetie, *would you please*,
shut the FUCK up.

For a second it appears as if Harper is about to cry, but she quickly forces herself to calm down.

HARPER
Let's go meet up with the others.

Logan sighs, crossing his arms.

LOGAN
Where's Rebekah?

HARPER
She's in the other cabin. She's
sleeping.

Harper's eyes suddenly widen once more.

HARPER (CONT'D)
You don't think..?

Logan and kat look at each other for a split second before Logan charges out of the cabin himself.

EXT. CAMP CRYSTAL LAKE

He quickly runs across the camp grounds to Cabin 3#, and bursts through the door.

INT. CABIN #3

Rebekah stirs awake in bed, pushing the covers off of her. She squints, trying to see who stands above her bed.

LOGAN
Rebekah it's me, Logan.

She yawns, and turns on her bedside light.

REBEKAH
Hello Logan
(she glances at her watch)
...why are you in my room at two
am?

LOGAN
Todd heard someone screaming. Were
moving everyone to the same cabin
for safety.

REBEKAH
Safety from what?

LOGAN
We don't know. Could be some
animal.

EXT. WOODS

Todd, Phillip, and Colby storm through the woods. Todd leads the way, leading them to where he had stopped earlier that night.

COLBY
How close are we?

TODD
We should be there any second.

COLBY
Are you sure?

Todd sighs, rolling his eyes as he climbs down a small hill. It quickly becomes clear they have past the point where Todd had stopped. He freezes, biting his lip and looking around his surroundings.

TODD
I swear I heard her right here.
She sounded far away.

COLBY
Are you sure it wasn't the wind?

TODD
Do you take me for an idiot?

COLBY
No, it's easy to confuse them
especially when...

TODD
Especially when what?

Phillip quickly cuts Colby off.

PHILLIP
Maybe it was just some prank?
Teenagers sometimes sneak up here
to visit the "legendary" Camp
Crystal Lake.

TODD

It wasn't a prank. It was a shriek, like someone was being attacked.

PHILLIP

Are you absolutely sure?

TODD

I'm POSITIVE. Don't you hear me? It sounded like someone was in actual PAIN.

PHILLIP

Well maybe

Todd crosses his arms, glancing around carefully before continuing forward, plummeting even deeper into the now pitch black woods. Colby and Phillip glance at each other, as if questioning his reliability. But they both then shrug, and hurry back after him without raising their doubts.

INT. MAIN CABIN

Everyone has moved to the couch, and sit calmly around the now blazing fire. That is, everyone but Logan. He paces back and forth.

KAT

(glancing at Logan)
What's wrong with you?

LOGAN

Where's Carly?

JOSHIE

She probably went down to town for supplies.

LOGAN

Do you really believe that?

Kat pauses for a few seconds before nodding her head.

JOSHIE

Why not?

LOGAN

Well... for starters, Todd heard a WOMAN screaming in the woods and now Carly's missing.

JOSHIE

Okay Logan, if Carly was somehow murdered

Logan bites his lip, nodding, but clearly he isn't convinced. Harper finally crosses to him and forces him to sit. For once, *Harper* is the calm one.

ANNIE

I swear to God, everyone here is a huge scaredy-cat. I for one, am exhausted. So I'm going to head off to bed.

Annie stands up, brushing her hair back with her hands and smiling brightly.

ANNIE (CONT'D)

Good night guys.

LOGAN

You need to stay with the group.

ANNIE

It's fine. I can take care of myself. I took karate classes in fourth grade.

She waves and steps out of the cabin.

REBEKAH

You sure we should let her leave alone?

KAT

Sure we should! She's an experienced fighter.

Kat smirks, rolling her eyes.

REBEKAH

But she's putting herself in danger.

Logan thinks for a moment before nodding.

LOGAN

Someone should go with her. Just in case.

REBEKAH

I will.

Rebekah stands up and shrugs.

REBEKAH (CONT'D)
I'm wide awake anyway.

LOGAN
Anyone else want to leave?

Nobody answers.

LOGAN (CONT'D)
Alright then.

EXT. WOODS

Todd stops, frustrated and annoyed. They have reached a dead end; the lake. Colby and Phillip sigh, crossing their arms in disappointment, but also relief.

TODD
What the fuck.

PHILLIP
Maybe we should just be happy there
wasn't a girl screaming.

TODD
I swear...

PHILLIP
I guess we should be heading back.

TODD
NO! We need to keep looking.

Colby and Phillip look at each other.

COLBY
I think it's time to call off the
search, Todd.

TODD
Why? Someone could be in danger.

COLBY
Or maybe someone is perfectly
fine...

PHILLIP
And Todd... Weren't you... erm...
high?

TODD
What's it to you?

PHILLIP

Well, maybe you were hearing things.

Todd bites his lip, angrily. Closing in on Phillip, he shakes his head.

TODD

I know what I heard.

INT. CABIN #2

Annie climbs into bed, pulling her hair into a pony tail before Rebekah enters the room.

Annie smiles.

ANNIE

Come to join me?

Rebekah nods, and crosses to the bed, quickly sitting down.

ANNIE (CONT'D)

I like you Rebekah... you're, different.

REBEKAH

I'm different?

ANNIE

Yeah- in a good way -but different. Quiet.

REBEKAH

Yeah well... I'm not exactly the most outgoing of people.

ANNIE

You should be.

REBEKAH

That's easy for you to say.

ANNIE

It is. And it should be for you as well. The only reason you're so shy is because you think you are shy.

Rebekah smirks, clearly not believing what Annie is saying.

ANNIE (CONT'D)

It's true. The more you think you are shy, the more shy you become.

(MORE)

ANNIE (CONT'D)

It just reinforces it. You're a pretty girl Rebekah, any guy would be lucky to have you... but you'll need to actually talk to them if you want to stand a chance.

INT. MAIN CABIN

Joshie smiles faintly, crossing the room towards Logan, who sits in a large arm-chair by the fire, his eyes filled with concern.

JOSHIE

What are you brooding about?

LOGAN

Nothing.

JOSHIE

I'm sure Annie and Rebekah will be fine.

LOGAN

That's not it.

JOSHIE

Then what is it?

LOGAN

It's just-

Colby, Phillip, and Todd enter the cabin. Logan stands up, concerned.

PHILLIP

We couldn't find anyone. Either they were gone or Todd miss heard.

Todd looks annoyed, he crosses to the opposite side of the room and sits at the table. Joshie glances to Logan for a split second before hurrying over to Todd.

She sits down and smiles.

JOSHIE

How you holding up?

Joshie awkwardly reaches across the table, caressing his hand. He looks down at it, disgusted.

TODD

What's it going to take for you to leave me the fuck alone?

JOSHIE
I was just being friendly.

TODD
Well why don't you stop trying to
be friendly. Being a bitch suits
you more.

Todd pushes her hand off of his, smiling sarcastically.

JOSHIE
Well maybe you should give upon
trying to be such fucking a hero.
It obviously doesn't suit you.

Joshie storms out of the cabin, slamming the door angrily as
Kat slowly slides down into the seat across from Todd.

TODD
(slightly annoyed)
Are you hear to try and comfort me
too?

KAT
No... I believe you.

TODD
Why? Haven't you heard? I'm just
some pot-head who can't tell the
difference between reality and a
hallucination...

KAT
Oh please. You're smarter then most
people.

TODD
Tell that to them.

KAT
As if they know what they're
talking about. They think a body
couldn't have been moved?

TODD
... who would move the body.

KAT
Who do you think.

Todd thinks for a second before his eyes widen.

TODD
Your joking.

KAT

I wish I was.

TODD

But he's been de-

KAT

He disappeared. Nobody knows for certain if he's dead. Just because the public sleeps better at night telling themselves he's dead, doesn't mean it's true.

TODD

Well let's be real for a second. Jason Voorhees isn't one to just take a ten year vacation.

KAT

Well maybe the only reason he hasn't been killing... is because there hasn't been anyone for him to kill.

TODD

...until now.

There is a loud crash of thunder, scaring everyone in the cabin. Logan stands up, concerned.

LOGAN

Oh Shit, I left my laptop by the window in my cabin. I should go before it's destroyed.

Logan crosses to the door, and opens it before stepping out into the pouring rain. Phillip sighs, and steps towards the door himself.

PHILLIP

I might as well head back as well, I'm exhausted.

COLBY

Come on guys! It's barely midnight! Don't bail already.

PHILLIP

Well it was... a long day. Good night guys.

Phillip steps outside, closing the door tightly behind him.

COLBY
(smirking)
Long day indeed.

INT. CABIN #1

Logan rushes into the cabin, completely soaked. He trips over a chair- cursing under his breath -before crossing to the window and slams it shut, before picking up his laptop. It too, is soaked.

LOGAN
DAMN IT.

He dries it with his blankets, but it's no use. It's ruined. He growns, tossing it aside angrily just as Phillip enters the cabin.

PHILLIP
Did you make it?

LOGAN
Unfortunately, no.

PHILLIP
That sucks.

Phillip sits down next to Logan.

PHILLIP (CONT'D)
You can borrow mine if you want,
I'm probably not going to use it
anyway.

LOGAN
Thanks.

Silence.

LOGAN (CONT'D)
Do you really think Todd was just
hallucinating?

PHILLIP
No one was there, Logan.

LOGAN
But they could have moved by the
time you got there.

PHILLIP

We looked everywhere. If there was someone in the proximity of where Todd said he heard the scream... we'd have found them.

LOGAN

What if there was nothing left to find.

Phillip goes silent for a moment before shaking his head.

PHILLIP

No. That's not possible.

LOGAN

Anything's possible, Phillip. Jason was drowned, stabbed, melted, electrocuted, blown up, burned, and still managed to come back every time.

PHILLIP

You can't think that way. Jason's DEAD. Gone. The more you think about him, the more you will read into things that aren't there. And that's not good for anybody, *including* yourself.

LOGAN

Well I can't help it. This whole night has got my head spinning.

PHILLIP

Your beginning to sound like Harper.

LOGAN

Yeah well, sometimes the one everyone thinks is crazy ends up being right.

Phillip brushes Logan's cheek, leaning closer towards him, and smiles faintly.

PHILLIP

Not this time.

Phillip leans forward and kisses Logan softly on the lips. Logan leans backwards onto the bed, pulling Philip's shirt off and tossing it aside. Phillip climbs onto the bed, continuing to kiss him as he unbuttons Logan's shirt. Logan turns his head to the side as Phillip kisses his neck softly.

"CRASH!" Lightning strikes, flashing bright light throughout the room, bringing Carly's mangled body into clear view. She lies above them, in the top bunk. Her face and neck is smeared in thick red blood, her hair matted with mud. The long fire pick, still lodged DEEP within the pit of her throat. "CRASH!"

SMASH CUT TO
BLACK.
