SilverBack Carbon Steel Bench Scale

SilverBack

Carbon Steel Base w/ Stainless Steel Shroud

This new generation of Fairbanks bench scales builds on the popular QuickSilver design to open new opportunities for rugged, competitively priced weighing platforms in non-washdown applications.

Virtually indestructible and highly accurate carbon steel weighing platforms designed for dry applications in manufacturing, agriculture, warehousing and recycling. Configure the SilverBack with your analog instrument of choice to create a bench scale perfectly suited for your weighing application and weighing budget.

The New "Tough" Platform on the Market

- Super heavy-duty construction
- Based on the proven QuickSilver Design
- 150% overload protection
- Made in the USA
- Competitively Priced
- Leveling feet and bubble level come standard
- Compatible with all Fairbanks analog instruments, as well as analog instruments produced by other manufacturers

SilverBack Platforms

- Sizes range from 10" x 10" up to 24" x 24"
- Capacities from 25 lbs. up to 1,000 lbs.
- Construction:
 - Mild Steel Base
 - Stainless Steel Shroud
 - Stainless Steel or Anodized Aluminum Load Cell
- 10", 12", 18", 24" and 30" Pillars available (depending on platform size)
 - Comes in 2 pieces with zip ties to easily hang and hide cables
 - Asymmetrical platforms feature connecting slots on both the long and short sides
- Wheel kit available for the 24" x 24" platform

SilverBack Applications

Ideal for:

- General Manufacturing
- Manual Batch Filling
- Shipping / Receiving
- Gross/Tare/Net Weighing
- Parts Counting
- Inventory Control

Specifications

Construction	Base: Mild Steel Shroud: 304 Stainless Steel	Finish	Base: Black Powder Coat Shroud: Brush Polish
Overload Protection	150%	Load Cell Specifications	
Resolution	5,000 d Commercial	Load Cell Rating	IP67
Feet	Height Adjustable, Rubber	Rated Output	2.0 mV/V +/- 0.2
Temperature Compensated Range	14° – 104° degrees F	Bridge Resistance	350 Ohm
Approvals	NTEP & FM Approval	Cable Length	10'

SilverBack (Gen 2) Carbon Steel Bench Scale Pricing

SilverBack GEN2 Carbon Steel Bench Scales

All SilverBack Gen 2 bench scales have NTEP & FM Approved IP67 load cells to 5,000 divisions

= The Best and *Most*
Flexible Stainless Steel
Washdown Bench Scale

The mechanical design of the QuickSilver Platforms follows sanitary specifications for processing equipment developed by the AMI's Sanitary Equipment Design Task Force. Every detail of the QuickSilver has been examined and designed to reduce the potential for colonization by harmful microbes, such as listeria monocytogenes and E. coli. The QuickSilver platforms can be cleaned to a microbiological level. This product will improve sanitation audit scores and increase overall food safety in any facility.

The Best Sanitary Scale Platform on the Market

- Engineered to meet the AMI's 10 principles of Sanitary Design
- Exceeds sanitation needs of most pharmaceutical & chemical applications
- Designed for heavy washdown applications
- Constructed of 304 Series Stainless Steel
- Compatible with all Fairbanks analog instruments, as well as analog instruments produced by other manufacturers

QuickSilver Platforms

- Sizes range from 10" x 10" up to 24" x 24"
- Capacities from 2 lbs. up to 1,000 lbs.
- Cleaning SOP included with the service/installation manual
- Load cell options:
 - Stainless Steel IP69K
 - Stainless Steel NEMA 4X
 - Aluminum IP67
- Optimal scale for both high-pressure and high-temp environments

AMI's 10 Principles of Sanitary Design

- | | |
|---|--|
| <ul style="list-style-type: none"> • Cleanable to a micro-biologic level • No product or liquid collection • Sanitary operational performance • Hollow areas hermetically sealed • Made of compatible components | <ul style="list-style-type: none"> • Hygienic compatibility with other plant systems • Accessible for inspection, maintenance, cleaning and sanitation • No niches • Hygienic design of maintenance enclosures • Validate cleaning and sanitizing protocols |
|---|--|

Applications: Ideal for food, chemical and pharmaceutical applications. RTE wash-down, food wash-down, Gross/Tare/Net weighing, manual batching / filling / blending

QuickSilver Platform Pricing

	Specifications	
	Construction	304 Stainless Steel
	Finish	Brush Polish
	Overload Capacity	300% (500% on 24" x 24")
	Feet	Food grade, height adjustable
	Temperature Compensated Range	-14° to 104° degrees F
	LOAD CELLS SPECIFICATIONS	
	Rated Output	2.0 mv/V +/-0.2%
	Bridge Resistance	350 ohm (1000 ohms on Hermitically Sealed cells)
	Cable Length	5' on 12" x 12" and smaller 10' on 18" x 18" and larger

Ultegra Series Scales

Ultegra Shipping Scale

There are over 100,000 Ultegra scales in use today. It is a hugely popular choice in mail rooms and shipping operations worldwide. This rugged and reliable scale is also suited for use in a variety of other non-washdown general weighing applications up to 150 lbs.

Enclosure Type: ABS Composite

- NTEP approved
- Powered via USB, meaning only one cable for power & communication
- ABS composite shell with molded structural skeleton, which means while it only weighs 11 lbs., but it can withstand accidental overloads of 450-pound items
- UPS Worldship compatible
