\$ _____ Membership Dues (\$30/individual or \$40/family)

\$+ _____ Additional Donation to help dogs in need

\$= _____ Total Donation Enclosed

MTGRR is a 501(c) 3 non profit entity and donations are tax deductible.

What are membership dues and donations used for? The typical cost for standard vet treatment for one dog entering the rescue program is \$225 (this includes vaccinations, rabies shot, heartworm test, spay/neuter, and general vet exam). The cost increases from this point if the dog requires additional medical aid, such as treatment for heartworms, mange, ear infections, and intestinal parasites. 100% of your donation goes to pay for these vet bills. While we do generous discounts from our vets, this expense is the rescue's single highest expense. We don't use donations for anything else... we have certain donors who earmark money for our hotline phone, website, and MTGRR branded hats, shirts, and mugs that are sold as fundraiser.

All members can make meaningful contributions to MTGRR. No matter what gift of time, talent or financial assistance you can donate, your membership does make a difference. Membership dues and donations are the main source of funding for the rescue, and every penny is spent on vet bills. Benefits of Membership:

- *Furthering the mission to rescue and rehome unwanted Golden Retrievers*
- *Invitation to Special Events like the Annual Membership Picnic and Silent Auction*
- *Subscription to MTGRR Newsletter (issued 2 or 3 times a year)*

The MTGRR membership year runs from January - December.
New memberships received on or after October 1st are valid through the following year.
