

2-Way Star

© Marilee Rockley 2010

This little tatted star looks different on each side. It is tatted in 2 rounds, with tie and cut after each round. When tatted in size 40 Lizbeth thread, the star measures 1 and 3/4 inches (4.5cm) across.

One shuttle and a ball of thread are used for round 1. Round 2 looks neater when 2 shuttles are used, switching shuttles for the turns at the inward facing, 6 picot chains.
