Sirs,

I have known Linda Baker for about 15 years through our church. She is one of the most honest, loving, giving and highest integrity persons I know.

She has given a tremendous amount to others through selfless service, both through leading 'hour of peace' sessions at our church and through leadership of her local church in the East Bay.

Her manner and comportment, her attitude and actions, all evince the highest kind of character and citizenship that we need in our communities and society.

Thank you

Robert Carr
