**Service Account Messages**

The rate is prorated because the billing period is less than 25 days

**Explanation of your charges**

\*The Combined Public Benefits Charge represents a combination of three charges formerly known as: "Conservation and Load Mgmt Charge, Renewable Energy Investment Charge, and Systems Benefits Charge."

\*\*Effective January 1, 2007, the Generation Services Charge (GSC) and the Bypassable Federally Mandated Congestion Charge (BFMCC) have been combined into the "GSC Charge" listed in the Electricity Supply Detail section of your bill. The GSC reflects all of the cost of procuring energy from CL&P wholesale suppliers. The BFMCC portion of this line item is \$0.0025/kWh. If you multiply this BFMCC rate by the number of kWhs on your bill, you can calculate the dollar amount associated with the BFMCC.

**Account messages**

\*\*\*Final billing for above service\*\*\*

With the significant impact of the fall nor'easter throughout Connecticut, we are waiving any late payment fees for payments due this month. Thank you.
