Explanation of your charges

*The Combined Public Benefits Charge represents a combination of three charges formerly known as: "Conservation and Load Mgmt Charge, Renewable Energy Investment Charge, and Systems Benefits Charge."

**Effective January 1, 2007, the Generation Services Charge (GSC) and the Bypassable Federally Mandated Congestion Charge (BFMCC) have been combined into the "GSC Charge" listed in the Electricity Supply Detail section of your bill. The GSC reflects all of the cost of procuring energy from CL&P wholesale suppliers. The BFMCC portion of this line item is \$0.0015/kWh. If you multiply this BFMCC rate by the number of kWhs on your bill, you can calculate the dollar amount associated with the BFMCC.

Account messages

As of April 12, you have more choices to pay by credit card. In addition to our current MasterCard option, now you can use your VISA card to pay your monthly bill, online or through our automated voice response system. A \$3.50 convenience fee goes directly to the vendor and applies to each \$500 transaction with either card. For example, bills up to \$500 paid by credit card will have a \$3.50 fee; bills from \$501-\$1,000 will have a \$7 fee. You also have the option to pay by direct debit, cash or check with no convenience fee. Visit epay.cl-p.com for details.
