

Go Green

(Uploads above 100 MB cost .25 per piece)

Hi <<first name>>

I came across this while looking up some new ways to go green.

I was under the impression that going green was so much more costly...I was so wrong.

We can do a very eco-friendly promo campaign AND SAVE YOU \$\$...

Take a look when you get a moment... [Go Green AND Save Big](#)

Let me know if you would be interested in appealing to more people, more efficiently, and save thousands of dollars. I've got some ideas.
