

VANDALISM

Because incidents of willful or malicious abuse, destruction, defacing and theft of property of the South Shore School District are clearly contrary to the best interests of the school district and are injurious to the rights and welfare of the entire community, it shall be the policy of the Board to seek all legal redress against persons found to have committed such acts.

Full restitution for the damage caused will be sought from such persons or, in the case of minors, from their parents to the extent authorized by law.
