

ENERGY CONSERVATION

The Board shall encourage and support an energy conservation and education program in the South Shore School District to substantially lower consumption of electricity, LP, and water. It shall be the responsibility of each district employee and student to actively participate in conservation efforts in order to reduce consumption to levels prescribed by state and federal guidelines.

The school district may participate in energy conservation programs approved by the Board. It shall be the responsibility of the district administrator to implement, direct, monitor, evaluate and report district energy conservation efforts to the Board.
