### Bunnies

Most of our pets are dogs and cats but we rescue all kinds of animals including rabbits and birds. These wonderful rabbits need a new home and can make great pets. Our adorable rabbits are housed in our small animal room adjacent to the cat rooms. We have volunteers who cater to the needs of the rabbits housed at our facility. If you are considering a rabbit for adoption or have questions on general rabbit care, please stop by the shelter to speak with our knowledgeable and dedicated volunteers.

See the cats available for adoption and those that have been adopted at [www.ycspca.org](http://www.ycspca.org) then click on cats at Hanover PetSmart on the left column!

## Kitty Updates!

Harland & Jana — All three kitties have full run of the house. I gave up on a short introduction to the house when Jana took a leap from the piano over the railing to get upstairs lol. Skippy occasionally hisses when Harland comes at him full throttle. Otherwise, everyone is getting along great!! Harland is still a little skittish but seems to be adjusting well. He loves having room to run. Jana acts like she's always been here and has found a favorite spot by the window.

Jewels — I thought you would like to know that Jewels has settled in well and has trained me to play “Chase the Feather Toy” and “Your Toe Moved, is it a Mouse?”. She has recently begun sitting in the big front window to watch the neighbors. She curls up next to me all the time and follows me around. Thanks for all your help during the adoption process. It's obvious that you and

Smurphy — Now Murphy! We just brought in a little girl who was in desperate need of a home. We wanted to wait a little longer but couldn't pass her up, and thank goodness we didn't because she and Murphy are inseparable these days. He has calmed down considerably since she arrived, and with the exception of a few disagreements he gets along with her pretty well.

Alistair — He is doing very very well..at first he was timid because of a new environment, but he warmed up to me and my mom and he is sooo loving. I always hold him give him kisses and talk to him. I'm very blessed I adopted this kitty because I already love him unconditionally.

## Spotlight Kitty!

### King George

I was found on West King Street in York and have been at the SPCA since early July. I was having a hard time being social with the other cats at the shelter so was brought to Hanover PetSmart to be socialized in a less stressful atmosphere. I have become more friendly but am still learning how to play without being intimidating to others. I am very sweet and still young. I would love to find my forever home and become part of a family!
