Kitty Updates!

Caspian, Curtis, Lester & Lenny - All the boys are doing great! They took over our house and we love them so much!

Metallica - We renamed him Marley and he has settled in here very well and quickly. He is very noisy and follows us around the house. He makes a very good addition to our family. He is very loved.

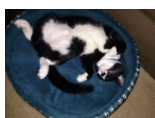

PJ - We renamed her Greta. She was being a devil late the other night and she has also does the "zoomies" every morning with the other cats. She is really quite lovey and enjoys being petted! She is doing quite well with my son who is 10!

PacMan - Just wanted to let you know that PacMan (we call him Rocky) is adjusting beautifully. He has the run of the house and follows me wherever I go. He is a very laid-back kitty and we are enjoying him very much.

Skippy, Harland & Jaana— All 3 have adjusted well and are getting along wonderfully!

Alastair—his new name is Thumper because when you hold him he always thumps his back legs it's so cute:) he is getting used to the name now. He is the most loving cat I've ever known and I'm so blessed to have him.

Spotlight Kitty!

ESTA

Esta is a gorgeous adult dilute torti female, she is mostly grey with a few buff color spots throughout her coat. She was a momma cat that had a litter of 7 babies. She is still very young herself. She is looking for a home to call her own!

Esta is very friendly and likes people. She is hoping to find a home where someone will take care of her just like she did for her 7 beautiful babies. She has been with the SPCA since August 2013 please consider her for your furrever kitty!
