

# EMERGENCY NURSING PEDIATRIC COURSE (ENPC)

ENPC is a 16-hour course designed to provide core-level pediatric knowledge and psychomotor skills needed to care for pediatric patients in the emergency setting. The course presents a systematic assessment model, integrates the associated anatomy, physiology and pathophysiology, and identifies appropriate interventions. Triage categorization and prevention strategies are included in the course content. ENPC is taught using a variety of formats, including lectures, videotapes and includes skill stations that encourage participants to integrate their psychomotor abilities into a patient situation in a risk-free setting.

**Prerequisites:**

- RN License

**Tuition:**

- Non-MRMC: \$250.00 (includes book)
- MRMC employee-required: No charge (\$25 deposit to hold your spot, refundable)

**June 25 & 26th 2015 8:00 AM - 5:00 PM**  
**Conference Rooms A/B**

**Questions & Registration**
