

## **Fenix HP15 Ultimate Edition Announcement**

*Instant access to 900-lumen output*

**Fenix HP15** Ultimate  
Edition

Max **900** Lumens

A person wearing a headlamp is shown from the side, illuminating a rocky path in a dark forest at night. The light from the headlamp is the primary source of illumination, casting long shadows and highlighting the textures of the rocks and tree trunks.

Utilizing **Cree XM-L2 (U2) LED**, HP15 ultimate edition boosts higher output than the standard edition by 80% to **900 lumens** with **178-meter** extended reach.

A person wearing a dark jacket and a backpack with orange accents is seen from behind, standing in a dark forest at night. A powerful flashlight beam illuminates a path of rocks and dirt ahead of them, revealing the surrounding trees and foliage. The scene is dark, with the flashlight providing the primary source of light.
