ON THE CHARLESTON MASSACRE

The Black Left Unity Network (BLUN) stands with the families of the massacre, the church, and the community. We mourn with you and embrace you in this great hour of hurt and sadness. But we also stand for how to end these crimes against humanity once and for all!

On one level we fight for reforms - convict the guilty, mobilize community control of police, and demand federal intervention to stop hate crimes. These reforms will NOT end the terror Black working class and poor people face each and every day of their lives.

This latest attack was on the same day Denmark Vesey planned a slave insurrection: June 17, 1822. This act in 2015 was supposed to send a message to Black people to shut up and stay in your "place." This white supremacist mass murderer was an agent of the system of oppression we face. He should not be dealt with as one deranged individual. He is a domestic terrorist who is part of a national white supremacist war on Black America and all people of color. This form of domestic terrorism has, in part, state sanctions like the majority of the South Carolina governing body insisting on flying the racist symbol of the Confederacy.

BLUN says LONG LIVE THE MEMORY OF DENMARK VESEY!

This mass murder should give us the fortitude to take a stand against this murderous, racist, capitalist system. Cops and various other miscellaneous white vigilantes are taking it upon themselves to kill us... with the expectation that it won't matter. Now, yet another white supremacist- "inspired" by the racist murder of Trayvon Martin- is emboldened to enter the sacred Emanuel AME Church to murder and incite other white supremacists to follow. We will -as a people- meet the challenge of an attack on Mother Emanuel and the history she represents of Black Resistance to white supremacy and its crimes!

We have developed a ***Draft Black Liberation Manifesto*** to broaden the discussion of the need for a revolutionary transformation of this society. We urge you to read and discuss the *Draft Manifesto* with your mind on the Black Liberation Movement we must rebuild. Read and share at: **<http://tinyurl.com/pe5e9l6>**

Now is the time before too many more are shot down in cold blood.

Forward! We have a movement to build!
