NEW PRODUCT UPGRADE

LD22

300 LUMENS

NEW
AVAILABLE 8/18/15

SKU: LD22XLBK-B
EAN: 694287030338

WHOLESALE: \$36.50
MAP: \$54.95
MSRP: \$73.00

Still compact in size, the upgraded Fenix LD22 receives new operation features and a higher output of 300 lumens while still using only two AA batteries. Four brightness levels plus Strobe and SOS will meet lighting demands for daily use as well as tactical applications. In Outdoor Mode, the side switch controls all output modes and the tail switch simply turns the light on and off. The new Tactical Mode turns off the side switch and activates the turbo, strobe and mid modes through the tactical tail switch.

- ◆ Max 300 lumen output from two AA batteries (included)
- ◆ Six outputs including strobe and SOS in Outdoor Mode
- ◆ A dedicated Tactical Mode activated by the rear-switch only for fast, simplified mode selection of turbo, low and strobe
- ◆ Limited Lifetime Guarantee from Fenix Lighting U.S.
