

FENIX

CL05 *Liplight*

EDC Emergency Lamp
Against All Odds

Fenix CL05 LipLight, an EDC emergency lamp with a tri-colored LED and seven output modes. It provides up to 40 hours of soft lighting for you to avoid being stumbled in the dark, or flashes overnight as an eye-catching position light.

Furthermore, Fenix designs CL05 without standby current drain to break the so-called "standby time" limit, and ensures the waterproof to IPX-8 standard, which shows that CL05 is true to "EDC", even when you are wading in rainy days. All it needs is an AAA battery.

Purple

Blue

- ✦ Tri-colored LED, seven output modes
- ✦ One AAA battery is also durable
- ✦ Simple but reliable operation
- ✦ Waterproof to IPX-8 standard

Not the best, to its best

Contributing the proper output mode in different environments, then emergency lighting would be easier.

Ensure small area illumination, reading, etc

Longest duration of soft lighting reaches 40 hours

Make you striking in any place

Longest striking flash maintains 22 hours

Flash overnight to grasp chances of calling for help

Longest SOS function serves 10 hours

Soft white light

Max 8 lumens without dazzling uncomfortableness

Red light

High-power diffraction, mighty alerting signal in rainy and foggy days

Green light

Eye-catching sign in daytime or at night

Longest duration of soft lighting reaches 40 hours

The white light offers high output of 8 lumens and in Moonlight it reaches 40 hours duration. The soft lighting effect, easily lights up the room or tent, and protects our eyes from dazzling uncomfortableness.

Longest green flash maintains 21 hours

Green light makes people feel sensitive,
which is eye-catching sign in daytime or
at night.

Longest red flash maintains 22 hours

With high-power diffraction, red light is
a mighty alerting signal in rainy and foggy days.

CL05 has no standby current drain,
so there is no the so-called "standby
time" limit. Fenix adheres to high-efficient
circuit design,

one AAA battery is also
durable.

Simple but reliable twisty tail switch

Repeatedly twist the tail switch to realize
light color and light effect selection.

Waterproof to IPX-8 standard

Submersible 2 meters, let alone in rainy days.

		Moonlight	High	Red	Red Flash	Green	Green Flash	SOS
Output		0.8 Lumens	8 Lumens	2 Lumens	2 Lumens	5 Lumens	5 Lumens	8 Lumens
Runtime	Alkaline	40h	4h	11h	22h	10h30 min	21h	/
	Ni-MH	33h	3h20 min	8h30 min	17h	8h	16h	/
Beam Diameter		3.4m (Max)						
Impact Resistance		1m						
Waterproof		IPX-8						

Notice: The above-mentioned parameters (lab-tested by Fenix using one 750mAh Ni-MH battery and one Alkaline AAA battery) are approximate and may vary between the lamps, batteries and environments.

- ✦ Tri-colored lighting source: white, red and green
- ✦ 72.5mm (2.9 in.) length x 18mm (0.7 in.) diameter
- ✦ 12.8 grams (0.5 oz.)excluding battery
- ✦ Seven lighting effect including Moonlight, Flash and SOS
- ✦ Powered by one AAA battery
- ✦ No standby current drain, more battery efficiency
- ✦ Moonlight mode is default each time the light is turned on
- ✦ Reverse polarity protection, to protect from improper battery installation

Included in the package

- ✦ CL05 EDC Emergency Lamp x 1
- ✦ AAA alkaline battery x 1
- ✦ Key chain x 1
- ✦ Spare O-ring x 1
- ✦ User manual x 1
- ✦ Warranty card x 1
