SMASH THAT FUCKING TELEVISION MAMA!

not beer...

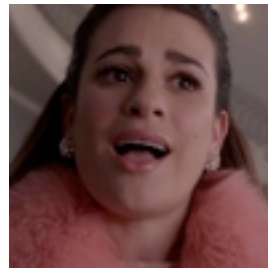

DAHLIA.WAS.NOT.READY.

but I was

matylda living in the fucking hood tho

Oop, bitch, I c u tryna kill Masyn & as suspicious as Emily looked just #RandomlyRollingUp I'mma have ha get in dat car cuz him just walking around w/ that blue-gloved killer right behind them would make zero sense & u revealing a killer this early wouldn't either since it doesn't seem like u, so yes, get that bitch 2 the car & get them the fuck out

Final thoughts tho, this might possibly be my fav chap of them all, cuz u balanced every1 SO WELL even if Mitchell was nowhere & Dahlia fell 2 the wayside a bit. Not only that, but it truly let the horror dramedy aspect shine thru w/ all those various plot points going on that I wasn't even ready 4 (the emotional punch was on HIGH), not 2 mention pulling the production back into relevance (showing how 2 properly handle a plot device). It truly left me on the edge of my seat w/ the direction this would be going in & I can't wait 4 chap 6 after this. #WatchOutCuntsAlecIsComingThru
