Handling Complaints About Instructional Materials

The Board recognizes that occasional objections to instructional materials will be made by the public despite the care taken to select valuable materials for student and teacher use, and the qualifications of persons who select the materials.

When citizens have concerns about particular instructional materials, these concerns shall be presented to the building principal in accordance with established procedures. Appeals may be made to the Board if the citizens are not satisfied with the administrative decisions.

The South Shore School District shall not discriminate in the selection and evaluation of instructional and library materials or media on the basis of sex, race, color, religion, national origin, ancestry, creed, age, pregnancy, marital status or parental status, sexual orientation, gender identity, physical, mental, emotional, or learning disability, or other basis prohibited under state or federal law. Discrimination complaints shall be processed in accordance with established procedures.
