Q6: Do you have a positive view of your time at Beta Beta?	<p>Yes,</p> <p>Please tell us your thoughts Hey, Brian ... I am very impressed with how many brothers from my era are still involved. I'm a bit far (Greensboro, NC) and have only gotten back to campus twice, since I graduated (once in 1988, once in 2004). I do plan to get back for either next year's or the 2018 Homecoming. One of my best students when I was an athletic tutor, in grad school, was Andy Lock. He and I have stayed in touch, over the years, so it's been great to watch Drew play, even through such a rough season. I am working with the TV alums to try to bring more Tigers to our newsroom. I teach, now, at UNC-Greensboro (on top of my regular duties) and wouldn't mind joining the KOMU/J-School staff, some day. I can't count how many people I've convinced to go to Mizzou either undergrad or grad school. Cheers, Bob Buckley BJ '84, MA '87</p>
Q7: Do you believe the ACB should be limited to serving no more than 6 consecutive years (2 terms)?	<p>Please include any comments or thoughts on the ACB I'd always be aware of how long people have been serving and be looking to bring in fresh blood but I wouldn't put artificial limits on it.</p>

Wow, it all sounds a little harsh. We need to be good stewards of our freedom and remain free from most of this university rule (IMHO).

I was going to give comments on question 7 but when I placed the cursor in the box, it erased my answer. With a 1000 alumni and over 600 with email or physical addresses, it is sad that no one wants to run for the ACB. Being a strong contributor to the chapter should not give a person the sense that they should have a seat on the ACB. It is also state statute that board members serve 6 years, not forever. Alcohol and drugs are the main issue. When you find an offender, doing little or nothing is not the answer.

Q11: Would you like to be contacted by someone about giving or participating?	No

Q12: The University in reaction to events at within the student population is considering various new rules. Please check all that you think should be implemented.

Banning hard alcohol but allowing beer and wine (21 and over)

,

Immediate expulsion from the University for students with 2 convictions in 12 months for any drug, alcohol or sex crime (includes MIP, DUI, etc.)

,

Please tell us your thoughts or ideas around the perception problems fraternities face and what should be done

It seems there is less tolerance for abuse these days. Some of this is because of sheer numbers of students on campus. Media exaggeration of some infractions. Fraternities have not got out from under their pledge treatment and initiation stories from the past.

I believe the IFC and the respective Greek houses on campus should be responsible for self-policing under the guidance of the University rules and regulations until such time that a chapter has demonstrated a lack of control and adherence to the University rules and regulations. Then it is the responsibility of the National Fraternity and the University to administer punishment and consequences for the failure of the local chapter to be in compliance.

I did not vote for Trump but let us deregulate the system! You will shrink the Fraternity system with all of those rules above. Too many rules! 18 used to be the legal drinking age. Europeans would laugh at those rules above. Sometimes you have to let a young person make mistakes on their own.

Q5: Have you given to:	Annual pledge drive for rush
Q6: Do you have a positive view of your time at Beta Beta?	Yes, Please tell us your thoughts I do have an overall positive view of my time with Beta Beta. It provided great leadership opportunities within and beyond the House. I made some great friends. It frequently promoted teamwork and problem solving as a group. However, I also think there was a lot of needless bullshit to deal with (drinking, disputes with other houses, etc) and I think the fraternity monopolized a little too much of my time that could have been spent focusing more on academics or other non-Greek campus activities. I feel that I made the right decision during my senior year to step back from the fraternity and focus more on my major as well as Greek Week, but it seemed like a lot of the guys in the house looked down on that.
Q7: Do you believe the ACB should be limited to serving no more than 6 consecutive years (2 terms)?	No
Q8: What keeps you from being involved in the Beta beta Chapter at MIZZOU?	Comments Immediately after graduation, I moved far away. Both Mizzou and Delta Sigma Phi were just not on my radar. I would very much enjoy to come back for a visit one of these days, but traveling is expensive, and I have lost contact with most of my close friends in the house, so it's just not a priority right now.
Q9: If we held meetings of Beta Beta alumni in St. Louis (currently bi-monthly meetings), Columbia, Kansas City and Springfield, would you try to attend?	No, Comments Still too far away for me.

Banning hard alcohol but allowing beer and wine (21 and over)

,

Please tell us your thoughts or ideas around the perception problems fraternities face and what should be done

I think the Greek system should be allowed to police itself. I think there is merit in allowing young men and women to recognize the challenges and develop solutions on their own. College is a time of transition from childhood to adulthood, and I think students should be allowed the opportunity to identify and resolve issues themselves. Obviously, there is a limit. If a particular house or other segment of the student body clearly demonstrates it cannot improve itself or overcome challenges that pose serious safety or academic threats to its members, it should be dissolved. But I believe imposing too many restrictions from the onset is not the answer. Students should be allowed to make mistakes and learn from them.

Q5: Have you given to:	Annual pledge drive for rush, House fund raiser
Q6: Do you have a positive view of your time at Beta Beta?	Yes, Please tell us your thoughts I have only belonged to two groups in my life DSP and my prior place of employment as a police officer. Delta Sig has played a big role in my life particularly while in college. It gave me confidence to go forward and do other things after graduation. The lessons I learned at DSP served me well also after graduation.
Q7: Do you believe the ACB should be limited to serving no more than 6 consecutive years (2 terms)?	Please include any comments or thoughts on the ACB I'm not sure about this. It is important to have some continuity, however we must get others involved, Bruce and Brian and a few others will not be around forever. If this rule was in effect years ago and prevented B&B from serving as they have the organization would not be what it is today. I would have to think about this a bit more.
Q8: What keeps you from being involved in the Beta beta Chapter at MIZZOU?	Comments I'm involved now. Probably some of the things that keep people from being involved is their residence if they are living out of state it would be hard for them to serve. Being located in or near Columbia is a big plus.
Q9: If we held meetings of Beta Beta alumni in St. Louis (currently bi-monthly meetings), Columbia, Kansas City and Springfield, would you try to attend?	Comments yes

No

Q12: The University in reaction to events at within the student population is considering various new rules. Please check all that you think should be implemented.

Please tell us your thoughts or ideas around the perception problems fraternities face and what should be done

I realize there are problems in this day and age, however it is still a social fraternity, and with that comes social events. the fraternity experience has changed quite a bit over the years if some of the above reccomendations were put into effect I fear it would be a death knell for these organziations.

Q12: The University in reaction to events at within the student population is considering various new rules. Please check all that you think should be implemented.

Banning hard alcohol but allowing beer and wine (21 and over)

,

Banning women from all but the first floor in Greek men houses (similar to Sorority rules)

,

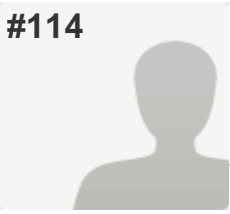

Immediate expulsion from the University for students with 2 convictions in 12 months for any drug, alcohol or sex crime (includes MIP, DUI, etc.)

,

Please tell us your thoughts or ideas around the perception problems fraternities face and what should be done

Baylor University here in Dallas has been trying to deal with a huge sexual assault scandal. I don't want MU to have to face something similar. On the other hand, I think rules governing student behavior should be moderate—not overwhelming.

Emphasize (even more than we already do) community involvement, campus activities, philanthropy, etc. Build up an extremely positive perception and 'bank account' with the university and the community. Continue to stress academic performance and accomplishment as well as in gaining employment upon graduation. Link the Greek experience directly to academic and career success. Assume more leadership roles on campus. Blow our own horn better and louder about the above (and other) accomplishments. Truly live our values--men of action, courage and excellence. Regularly re-instill what that means and ways to do it. Respect for women and smart choices about alcohol play in here. Ensure that every brother knows and accepts that there are serious consequences for not living those values and/or violating university, fraternity, and state/local policies and laws. Swiftly enact those consequences when required.

Q6: Do you have a positive view of your time at Beta Beta?	Yes, Please tell us your thoughts I made the deans list and was invited to leave the University before I was ever initiated as an active with my pledge class of 1968. Due to some thoughtful Delta Sigma Phi Alums, I was invited last year (2015) to a special initiation ceremony with two other pledges from earlier years. I considered it a great honor. I have not been back to the house since then as I live outside of Atlanta, GA and it is difficult for my wife to travel much at this time. Hopefully, as her health improves, we will be able to attend some more MIZZOU games and I would not think of coming to Columbia without stopping by the Delta Sig house. Thanks again.

Beta Beta ACB

Q8: What keeps you from being involved in the Beta beta Chapter at MIZZOU?

I have no time,

Comments

In addition to not having any time, it is very apparent that alumni are not welcome at the house; however, alumni money is very welcome as evidenced by Bruce's periodic letters for donations to support rush or to pay for the new house. Many years ago, when I was a new Mizzou grad and out on my own making a living, I made donations to the house and to the national organization. Neither organization bothered to thank me for my donations, but they were sure able to cash my checks. No further donations have been made, nor will there be. I visited the new house with my family shortly after it opened and had a great experience. One of the pledges (unfortunately I cannot remember his name) was extremely friendly and helpful. He gave us an awesome tour of the house and it was really great having a 'then and now' conversation with him. Unfortunately, that was a one time event. On subsequent visits either we could not get in the house at homecoming (Fri evening) or if we could get in, it was clear we were not welcome. Isn't the purpose of homecoming to welcome home alumni? If so, why is no one there to greet and meet alumni? We knocked on the door, saw people inside, but I guess we didn't meet the grade for admission. When we have made it in the front door, it's been extremely awkward like you are in someone else's house and they don't want you there, but will not ask you to leave. But hey, the 6 or 8 guys laying on the couches watching TV were sure enjoying their shows. As you can guess, I'm not too motivated to stop by the house again.

Q9: If we held meetings of Beta Beta alumni in St. Louis (currently bi-monthly meetings), Columbia, Kansas City and Springfield, would you try to attend?

No,

No

Please tell us your thoughts or ideas around the perception problems fraternities face and what should be done

The alleged DU incidents this year do not help public perception about fraternities at Mizzou. Mizzou as a whole has issues surrounding it since last year's protests. I am not sure the reason for this survey - apathy among alumni? other reasons, not enough people for ACB? Not fraternity related but Mizzou related - I can say I am the alumni association representative for South Florida for Mizzou (i.e. I run football and basketball parties) since the late 1990s. Only diehards want to attend Mizzou events in South Florida these days and those under 40 could almost care less, whereas those over 40 will attend regardless of record or what social justice warrior project is going on at Mizzou. Basketball 14-15 15-16 (and likely 16-17) and football 2015 and 2016 and the protests/riots have turned many off.

Brian/Adrian/others - Any more questions, please ask.

Q12: The University in reaction to events at within the student population is considering various new rules. Please check all that you think should be implemented.

Banning hard alcohol but allowing beer and wine (21 and over)

,

All parties must be approved by the University, have third party vendors for alcohol and transportation

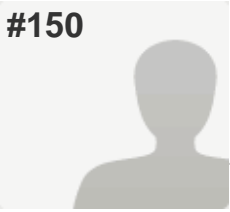

,

Ending house decorations at homecoming,

Please tell us your thoughts or ideas around the perception problems fraternities face and what should be done

The key in my mind is keeping everything in moderation. An all out ban of something will not work and will kill Greek life. Registering parties and having third party vendors will keep things under control and regulate what's going on in houses.
