

# DUST FREE BEDDING BIOSECURITY • PREMIUM FEED

FREE OF DUST, MOLD, ALLERGENS & NOXIOUS WEEDS

**GOLD**  **FIELDS**

[www.goldfieldscanada.com](http://www.goldfieldscanada.com)

**ABSORBENT:** Significantly more absorbent than raw straw and comparable to other leading bedding products.

**BIOSECURITY:** Sourced from clean wheat fields and is protected from contamination before and after production in our biosecure facility.

**ANIMAL HEALTH:** Reduces animal exposure to harmful dust, mold, salmonella and other pathogenic organisms. Improving animal health and comfort.

**MORE COVERAGE:** Has more bedding than a standard bag of wood shavings, but at a similar price.

**CONVENIENCE:** Easy to lift, carry, and spread out.

**COMPOSTABLE:** Forms a complete biological cycle that takes 100% wheat straw from grain crops and returns the used straw back to the soil as an excellent compost and organic enhancer.

**ODOR REDUCTION:** Reduces barn odor by trapping ammonia gasses in the layers of straw.

**EMPLOYEE WELLNESS:** Employees no longer have to breathe in the dust and mold that comes from working with regular straw bales or wood shavings.

**RELIABLE SUPPLY:** Animal bedding is our business, not a by-product or an afterthought. As a result, Goldfields is available on-time, when you need it.
