

GOLD FIELDS

QUALITY DUST FREE LIVESTOCK BEDDING

QUALITY WITHOUT COMPROMISE

Dust-free animal bedding is created from 100% premium wheat straw, sourced throughout Ontario and the Canadian prairies. Available in highly absorbent 1/4" to 3/4" fine shred or insulating 1" to 3" coarse shred to suit your animals' needs.

**Recyclable Plastic
Easy to Handle 30lb Bag.**

ABSORBENT

25% significantly more absorbent than raw straw and comparable to other leading bedding products.

BIOSECURITY

GoldFields is sourced from clean wheat fields and is protected from contamination before and after production in our biosecure facility.

ANIMAL HEALTH

GoldFields reduces animal exposure to harmful dust, mold, salmonella and other pathogenic organisms, improving animal health and comfort.

MORE COVERAGE

GoldFields has more bedding than a standard bag of wood shavings, but at a similar price.

CONVENIENCE

GoldFields is easy to lift, carry, and spread out.

COMPOSTABLE

GoldFields forms a complete biological cycle that takes 100% wheat straw from grain crops and returns the used straw back to the soil as an excellent compost and organic enhancer.

ODOR REDUCTION

GoldFields reduces barn odor by trapping ammonia gasses in the layers of straw.

EMPLOYEE WELLNESS

Employees no longer have to breathe in the dust and mold that comes from working with regular straw bales or wood shavings.

RELIABLE SUPPLY

Animal bedding is our business, not a by-product or an afterthought. As a result, GoldFields is available on-time, when you need it.
