

OPEN TUITION MI TRAINING WORKSHOPS NOW AVAILABLE FOR 2018

In the last few years many of you have asked us to consider providing MI training to for folks who cannot arrange to have the workshops delivered “in house” at your own agency. Not everyone who would like to learn MI is fortunate enough to work for an agency that can sponsor the training. And not every agency is large enough to fill an entire workshop with only their own staff.

We’ve listened – and we’ve created the perfect solution for folks who want to participate in a workshop as a solo participant, or with only a few friends or colleagues. Available seats for our open-tuition workshops are limited, so we encourage you to register early.
