Dear Sir (Madam):

RE: a Hapoalim bank provocation

I apply to you in connection with a recent conflict in my Hapoalim bank as follows.

As to myself, I am an Israeli citizen, 82, living in a hostel in Haifa on an old-aged subsidy. Besides, I am a scientist, PhD, with a great scientific mission vital, in my view, for the destiny of civilization, the Jewish people in particular. Quite understandably, I have got many enemies first of all among Russian security fascists and the corrupt circles of the scientific establishment in Europe, mainly in Germany.

Seeking financial support for my mission from European and American institutions, I have decided to acquire, in addition to my original Discount bank in Jerusalem, a new bank for my mission just to protect my Discount account from the unpredictable situation abroad. So now I have an account also in the Hapoalim bank, branch 736, Kikar Paris, in Haifa.

Recently I have received an invitation for an international conference in Europe and decided to acquire a common international magnetic card now absolutely necessary for any deal abroad and on the Internet. As the Discount bank provided me with a Mafteah-Visa card that did not work on the Internet, I decided to order a debit Master card in my Hapoalim bank. However, to my surprise, the administration of the bank refused to issue that card for me without any convincing explanation. That was an abuse of their administrative position, a violation of their professional duty, a personal offense to me, a most dangerous provocation organized, in my view, by my above enemies, an International Fascist Mafia. Given the purpose of my mission – preventing a new world war, the above incident presents a threat not to me alone, but to the whole civilization, the Jewish people in particular.

In this connection, taking into account my mission aimed actually at national and international security, as is stated in the papers enclosed, would you please take all the necessary measures for the administration of the above Hapoalim bank to issue the debit Master card for me as soon as possible.

Yours sincerely,

Igor Makarov, ID310295142
