I have enclosed applications for your candidates. It is important to have your candidate complete and sign an application for two reasons: (1) the information needed when entering your candidate to test on-line (2) the candidate's signature on the application verifies that the information is true and accurate and he/she is physically able to perform their skill exam.

Please be sure to keep a copy of this letter in your records for future reference. The above information should be kept confidential and have on-hand during your testing.

Sincerely,

Sandra Sally
HEADMASTER
