3-2-C CONVERTER

UNIVERSAL COMPATIBILITY

It is no secret that the world is
obsessed with sharing data. The 3-2-C
converter allows data to be shared at
lightning speeds from a USB to a Type
C connection. Data from computers
quickly and easily being uploaded to
mobile devices is at an all-time high. It
is a must have for anyone that works
on the road, or uses their mobile
device for business regularly. Your
logo can be done in a 3 color imprint
or laser engraved. Your client is going
to love getting this useful item that fits
nicely into any budget.

MAGNA RING

UNIVERSAL COMPATIBILITY

The newest addition to our phone ring line comes with some necessary features that you probably never knew you needed. The phone ring itself is a stylish design that is made out of metal. It swivels in multiple directions and functions as a phone stand, phone ring, and a phone mount. Our MagnaRing comes with a magnetic vent mount for your car. It holds your phone at eye level in the car magnetically. Logo the ring, logo the mount – Let your brand be everywhere your client is.
