o Need Your Help to Move the LTA Bill to Passage this Year

(Optional, if sent to HLA) Thank you so much for the time and attention you have given to this important bill. Would you please pass on this timely message to Representative [name] for me?

I am writing to thank you for cosponsoring the Lymphedema Treatment Act (LTA) bill (HR930/S497), and to **ask for your further help** to move this bill to passage.

I am thrilled to tell you that the LTA has impressive bipartisan and bicameral support. (*According to an analysis done 9-12-17)

- 1st most supported healthcare bill of 407 in the House *
- 5th most cosponsored of 3,753 total bills in the House *
- 282 bipartisan cosponsors in the House and 38 in the Senate

Now it is time for House Leadership to include the LTA in the next round of Medicare measures taken up by Congress!

I ask you to Rally Leaders in House, Committees and Parties, talk about the LTA to colleagues, and support lead sponsor Rep. Dave Reichert and co-leads, Earl Blumenauer, Leonard Lance and Jan Schakowsky.

Ask them to move the bill from the W&M and E&C Committees onto another bill they are preparing for passage this fall.

Until this bill is passed, millions of patients will continue to suffer and taxpayers will continue to pay the costly price of treatment for avoidable complications for a disease that is not properly managed.

Thank you for giving your time and attention to this important matter. I am grateful for your help.
