To Israel Security Jerusalum

Find my Israel Passport, stolen by Russian gang, and check up the new one!

I am an Israeli citizen, 85; immigrated in Israel from Russia in 1992, I am a scientist, PhD, with a great scientific mission important for the destiny of civilization, the Jewish people in particular.

I apply to you in connection with the theft of my Israel Passport #20672278 and the Immigrant Certificate during my participation at the Atiner philosophy conference in Athens in May 27-29, 2018. On returning to Israel I ordered a new Passport. The Ministry of Interior in Haifa issued a modern bio-Passport and, also, a bio-Identity-Certificate for me. However, as the Ministry had repeatedly tried to issue, surprisingly, false documents, I suspect my current documents are also false and need replacement.

Besides, several months after the event, the Israel Embassy in Greece informed me that my above stolen documents had, allegedly, been found, but it is only the Immigrant Certificate that was returned to me. That suggests that the criminals who committed the above theft still keep my old Israel Passport for a new crime against me - with unpredictable consequences for civilization.

All above events look like acts of one operation organized by the Russian intelligence agents, controlling my hostel in Haifa for about 13 years, trying to sabotage my activity in Israel for about 28 years, waging an omnipresent secret war against me, blocking all my correspondence and conspiring against me with their local counterparts in Israel and abroad. See my CV enclosed.

In this connection would you please find my lost Israel Passport #20672278, instruct the Israel Inferior to check up my bio-Passport and, possibly, take measures to provide me with an appropriate accommodation.

Yours sincerely,

Igor Makarov
