

The School Board shall provide appropriate educational and support services for students whose primary language is not English to help them acquire English language skills that will enable them to function successfully in an all-English classroom and help them meet established academic standards.

The District shall assess the English proficiency and academic progress of English Learners (EL) in accordance with legal requirements and established District procedures.

Decisions regarding the administration of state-wide academic tests to EL students shall be made on an individualized, case-by-case basis. The District may not exempt EL students from taking state-wide academic tests based solely on their EL status. However, testing accommodations shall be provided if the student needs such accommodations. Any accommodations made shall maintain the validity of the test, as determined by the Department of Public Instruction (DPI). The degree of testing accommodations, curricular and instructional modification, type of support services and their duration shall be determined individually based on student need.

The results of state-wide academic tests shall be used in a manner that is consistent with District policies in making instructional, promotion and graduation decisions. Neither the results on such tests nor the exemption of a student from taking any such test(s) may be used as the sole criterion in re-classifying an EL student from a bilingual-bicultural education program or in determining grade promotion, eligibility for courses or programs, eligibility for graduation or eligibility for participation in postsecondary education opportunities.

Parents and guardians of EL students shall be notified of student testing arrangements and of educational programs and services available to help their children improve their English language skills and academic achievement. These notifications shall be made consistent with legal requirements and in such manner as to ensure that the student's parent or guardian understands them.

Students shall be exited from EL programs or services when they have met the District guidelines and state criteria for English proficiency. Once students have been exited, they shall no longer be tested on their English proficiency or receive state testing accommodations for EL students. Former EL students shall be monitored for two years after exiting the program. If during that time, it is determined that the student was exited from the EL program prematurely, he/she shall be placed back in the program. State reporting of the academic progress of former EL students shall be done in accordance with legal requirements and as required by the DPI.
