HOW TO CARE FOR AND PRESERVE YOUR CREMATION JEWELRY

- Be sure perfume sprays and lotions are absorbed into the skin before wearing jewelry.
- Apply all hair products before wearing jewelry.
- Remove cremation jewelry before swimming, showering, bathing, etc.
- Store away from direct sunlight, heat, window sills, and vents.
- Avoid leaving cremation jewelry in vehicles.
- Remove cremation jewelry before bed.
- Never use tissues or paper towels to clean cremation jewelry.
- Use special polishing cloth to clean gold or silver pieces.

Like a wedding ring or other special pieces of jewelry, many individuals do not want to remove their piece of cremation jewelry often or ever and that is understandable. In that case, please exercise extra caution while wearing cremation jewelry.
