My CV: <https://kvisit.com/S1ZHRAQ>

I have done, for about 30 years, a great research in Physics, titled "A Theory of Ether, Particles and Atoms", subtitled "Introduction to the Reform of Theoretical Physics".

Its online address: <https://kvisit.com/S2uuZAQ>; its abstract: <https://kvisit.com/SgfD0Aw>.

My research is turning point in history of science and civilization. The success of my current mission is necessary for the good of civilization.

My above hostel is a death house. I have been trapped there, kept and spied there for about 30 years and now seem to have no salvation.

Recent events:

I have been invited to the 3rd International Congress on Physics (as a Speaker and a Member of the Organizing Committee) to be held: Feb. 18-19, 2022, in Rome, Italy. I suspect it to be a fake. Manager is some Ms. Noah Beck (London).

So I am trapped in my above hostel by Russian-Israel mafia and need urgently help for salvation. Would you please help me.
