TINY REVIEWS THAT LOOK AT SOME OF THE WONDERFUL, WEARY AND WEIRD TITLES OUT THIS MONTH.

FESTEN - 10TH ANNIVERSARY EDITION

Distributor: Metrodome

Ten years ago, Thomas Vinterberg's highly acclaimed *Festen* spearheaded the Dogme movement, and forged a bold new filmmaking blueprint. This 10th anniversary package boasts three brand new retrospective features that clock in at well over an hour.

MOVIE 7 EXTRAS 6

FEMALE AGENTS

Distributor: Revolver

Sophie Marceau and Julie Depardieu excel in this action-packed story about a squad of female commandos who attempt to rescue a British agent who has fallen into German hands. They must protect the Allied Invasion plan, and eliminate Colonel Heidrich.

MOVIE 7 EXTRAS 6

MAD DETECTIVE

Distributor: Eureka!

Hong Kong crime movie overlord Johnnie To goes from strength to strength with this inventive story about an one-eyed cop who has the ability to visualise people's 'inner ghosts'. But can he uncover the mystery behind a stolen gun, or will he end up mutilating himself all over again?

MOVIE 7 EXTRAS 6

THE BRUCE WEBER COLLECTION

Distributor: Metrodome

Acclaimed photographer/filmmaker Bruce Weber recently experienced a surge of interest when the *Let's Get Lost* Chet Baker documentary was re-released. This exhaustive five-disc collection gathers together all of his documentaries, short films and music videos in one definitive anthology.

MOVIE 7 EXTRAS 7

HAPPY TREE FRIENDS - SEASON 1, VOLUME 1

Distributor: Liberation

The *Happy Tree Friends* are a deranged bunch whose adventures usually end with disturbing injuries and gory deaths. If you felt that The Simpsons' 'Itchy & Scratchy Show' doesn't go far enough, then this ex-Internet sensation is just the show for you. Sick, twisted and wrong, but funny.

MOVIE 6 EXTRAS 5

AND MOTHER MAKES THREE - SERIES 2

Distributor: Network

While some sitcoms can stand the test of time, *And Mother Makes Three* cannot. Featuring a dippy Wendy Craig raising her two sons, this once funny show is now severely dated. The fact that this is series two of four means we haven't seen the last of this aged ordeal.

MOVIE 4 EXTRAS 1

GET SOME IN - SERIES 1

Distributor: Network

One of those shows that's so bad it's almost good, *Get Some In* sees a bunch of 18 year olds (including Robert Lindsay) called up for two years in the RAF. Despite the odd moment of solid humour, the show still feels like the younger, rebellious brother of 'Dad's Army'.

MOVIE 4 EXTRAS 1

JULIET BRAVO - SERIES 6

Distributor: BBC DVD

Sure, today it's regarded as a British cop classic but let's face it - *Juliet Bravo* was always a bit pants. If you are one of the show's fans however, the final series of 'Inspector Kate Longton's no-nonsense policing won't send you to sleep. Everyone else should steer clear.

MOVIE 5 EXTRAS 1

SUDDEN IMPACT

Distributor: Network

Not to be confused with the classic *Dirty Harry* sequel, this dull disc features a slapdash pile of fender-bending mayhem from the presenters of Five's 'Top Gear' rip-off - 'Fifth Gear'. While the odd high speed prang may be entertaining at first, the monotony swiftly wears thin. Avoid.

MOVIE 2 EXTRAS 6

DARD DIVORCE

Distributor: Metrodome

Torture porn once again rears its gruesome blood-spattered head in this lurid tale of a divorce gone horribly tits up. Relying heavily on squirm-inducing shocks, *Dard Divorce* sees a soon-to-be single mother frantically trying to survive as her ex is slaughtered and her kids abducted. Completely naff.

MOVIE 3 EXTRAS 4

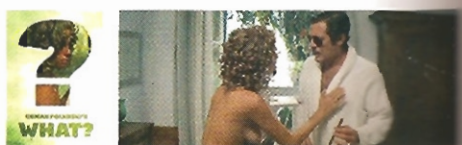

HANNAH MONTANA & MILEY CYRUS: BEST OF BOTH WORLDS 3D CONCERT

Distributor: Disney

Disney's latest golden girl comes blazing back onto DVD with a 3D version of her sell-out gig. While adults will avoid the one like a virus, kids will lap up the 3D goodness and the tween-queen's poppy numbers like there's no tomorrow.

MOVIE 6 EXTRAS 7

WHAT?

Distributor: Severin Films

Director Roman Polanski may have referred to it as 'the adventures of an innocent girl', but his notorious 1972 movie is really a much sleazier proposition. Rarely seen since it was made, *What?* is a kinky, disturbing filmic folly that still seems strange for widespread consumption. Curious stuff.

MOVIE 6 EXTRAS 6

SILENT VOICES

Distributor: Simple TV

Domestic violence is an ugly business (hence *Silent Voices* being in this section) and one that the makers of this powerful docudrama are eager to curb. Telling seven tales of violence against kids, it's an eye-opening experience. £3.50 of excellent sold goes to the National Centre For Domestic Violence.

MOVIE 7 EXTRAS 1

WWE NIGHT OF THE CHAMPIONS 2008

Distributor: Silver Vision

WWE's Night Of The Champions shindig should have been a classic event, with all eight championship titles going on the line for only the second time in the federation's history. However, too many below-par encounters seem strangely underwhelming. A mixed bag.

MOVIE 5 EXTRAS 2

WWE: ONE NIGHT STAND: EXTREME RULES

Distributor: Silver Vision

It's interruptions and grand entrances galore as the green-up grapplers of the WWE once again take to the squared circle in a particularly rough and ready pay-per-view event. The highlight sees Shawn Michaels taking on Batista, while the two bicker over Ric Flair's forced departure. Overall...
