

MEETING OF THE ADVISORY COUNCIL ON AGING

DATE: Thursday, April 20, 2017

TIME: 10 A.M.

PLACE: UNITED METHODIST CHURCH 124 SOUTH CURTIS AVENUE WILLCOX, ARIZONA

AGENDA

1.	Call to Order, Introductions	Jaime Aguilar	
2.	Approval of Minutes of January 19, 2017 ***	Jaime Aguilar	3
3.	DES Adult Protective Services	Debra Mansker	8
4.	Open floor for nominations to vacant seats ***	Jaime Aguilar	9
5.	Approval of Rep. Cochise County-Tombstone/Huachuca city ***	Laura Villa	10
6.	Election of Officers ***	Jaime Aguilar	11
7.	Final Approval of Area Plan on Aging 2018-2021***	Laura Villa	12
8.	Alerts: SFY 2016 SFY 2018 Initial Allocations	Laura Villa	140
9.	SEAGO-AAA SHIP/HPR/LTC Programs	Laura Villa	143
10	Information Exchange	Jaime Aguilar	
11	Schedule Next Meeting Date- July 20, 2017 (Third Thursday of the Quarter)	Jaime Aguilar	

12. Adjournment

***Agenda items requiring action by the Advisory Council on Aging.

NOTE: All agenda items are subject to action by the Advisory Council on Aging.

Individuals with disabilities who require special accommodations may contact Laura Villa at (520) 432-2528 extension 208 at least 72 hours before the meeting time to request such accommodations.

###

MINUTES OF THE ADVISORY COUNCIL ON AGING MEETING UNITED METHODIST CHURCH 124 SOUTH CURTIS AVENUE WILLCOX, ARIZONA January 19th, 2017

MEMBERS PRESENT:	Laurel Stangel, Huachuca City Gary Clark, Douglas Jaime Aguilar, Greenlee County Unincorporated Valadee Crotts, Duncan Barbara Ahmann, Clifton Kathy Spangler, Benson Saundra Gaines, Safford Royce Hunt, Graham County Unincorporated Linda Huffstetler-Dearing, Patagonia Leslie Kramer, Santa Cruz County Unincorporated Arnold Lopez, Thatcher Luisa Massee, Nogales
MEMBERS NOT PRESENT:	Moe Sinsley, Cochise County Unincorporated Ed Bagnaschi, Sierra Vista Rebecca Phifer, Willcox
GUESTS PRESENT:	Rosemary Eva Harpor
STAFF PRESENT:	Laura Villa, AAA Program Manager Carrie Gibbons, AAA Office Specialist

CALL TO ORDER

President Jaime Aguilar called the meeting to order. Introductions were made.

APPROVAL OF MINUTES

Jaime Aguilar addressed council's review of the October 20th, 2016 minutes. No changes to be made to minutes.

MOTION: Leslie Kramer, Santa Cruz County Unincorporated **SECOND:** Linda Huffstetler-Dearing, Patagonia

ACTION: APPROVED UNANIMOUSLY

NOMINATIONS TO VACANT SEATS

Laura Vila informed the council currently, there are three (3) vacant seats and members are selected to represent incorporated cities, towns and the unincorporated portions of each county. The areas are the incorporated cities of Pima, Bisbee and Tombstone. New vacancies will open in Cochise County for the areas of Bisbee and Tombstone. Laura also included that Laurel Stangel has asked to resign from the council due to health concerns. Laura Has requested the Councils help to fill these openings.

NOMINATION TO BE MADE TO THE EXECUTIVE BOARD FOR APPROVAL

Laura Villa advised the council does have a new nomination Mr. David "Duff" Chambers. He is nominated by mayor of Tombstone to be acknowledged to fill the vacant seat in Tombstone. However he was unable to attend today and will attend the next meeting.

SEAGO/AREA AGENCY ON AGING AREA PLAN ON AGING 2018-2021

Laura Villa advised the needs assessment has been completed and a final report has been placed in the packet for review and discussion. Key Informant Interviews were performed personally in our four-county region and results have also been included in this packet for your review and comments.

Laura Villa explained the report presents the results of a needs assessment survey of the senior population in Southeastern Arizona conducted by US Economic Research and SouthEastern Arizona Governments Organization's Area Agency on Aging. The survey was conducted during the fourth quarter of calendar year 2016. The survey included a sample of 689 seniors (ages 60 and older) residing in Cochise, Graham, Greenlee, and Santa Cruz counties. She advised the survey indicated the most important need of the elderly in Southeastern Arizona is affordable dental care followed by affordable assistive devices (hearing aids, glasses, canes, etc.), and maintenance and repair of home.

Laura Villa also addressed the questions from previous meeting members of the council suggested that staff look into coverage area of the San Carlos Apache Tribe and how the Area Agency on Aging works with them. I had a conversation with the Director of Inter-Tribal Council of Arizona Laurai Atcitty and she explained that services in that area are provided by the tribe not just in San Carlos but in all of the tribes she works with in Arizona. Laurai does not foresee this changing any time soon. A meeting was also held with Arizona State Director for AARP Dana Marie Kennedy in regards to partnerships in region 6. Per Dana, AARP was providing caregiving education in Cochise County as well as in Santa Cruz County before and AAA collaborated by presenting about their programs. Unfortunately, with the demand and need, AARP had to pull out from our region covered areas which includes Nogales and focus more in high demand locations of Tucson, Phoenix and Prescott. I was assured that if we have a need from AARP they are willing to assist however; having David Parra travel to our areas would have to be pre-approved before it gets scheduled. Dana offered to assist with funds to cover workshops and or conferences taking place in our areas in the future if needed.

DES/DAAS ALERT SFY17 REVISED ALLOCATIONS/PROP 206 AND GOVERNOR'S SFY18 BUDGET RECOMMENDATION

Laura villa advised the Council December 16, 2016 DES/DAAS Department of Economic Security Division of Aging and Adult Services issued ALERT SFY-17-1C Carryover Allocations. Alert has been attached as well as the COB pertaining to it as it was submitted to DES-DAAS for consideration of carryover funds. Prop 206 took effect January 1, 2017 it affects minimum wage increase in Arizona, service providers throughout the state are heavily affected and this major alteration has and will impact our seniors. Service providers have requested Area Agency on Aging to consider making adjustments to their awards based on the rate increase. The AZ4A which consists of the seven Area Agency on Aging

throughout Arizona is working diligently in addressing this concern to the governor, DES as well as our local legislators. We are asking to consider allocating funds for Home and Community Based Services and funds to be able to assist our providers and help eliminate the wait list which currently stands at 121 clients throughout our region as of the 1st of January. Carryover was requested from DES-DAAS in order to remove those from the waitlist and increase units of service to existing clients who are in greater need. Unfortunately, now with the prop 206 we are uncertain how we will be able to meet the needs of our clients. Either way, clients will be affected by this change in legislation. If providers don't receive our support, clients receiving services will have to be closed and the wait list will continue to grow as a result of decreased funding.

The AZ4A will continue to reach out to our local legislators and ask for support and I encourage that you all do the same in your areas. Laura requested if the council is able to get citizens to write to your legislators please do so as it does not hurt to ask.

HEALTH NUTRITION PROGRAM/ A MATTER OF BALANCE

Laura Vila informed the Council that Shi Martin our Health and Nutrition Program Coordinator completed her MOB class eight (8) sessions at thrive (Sierra Vista Mall with 13 participants who graduated. In coordination with Fry Fire a coach training was held in December and five (5) coaches have completed the course. Currently, a participant class of eight (8) sessions is taking place at Prestige Assisted Living. Shi will be working closely with Santa Cruz County as Rio Rico Fire District is interested in providing these classes for their area and Shi will coordinate effective ways of making this a success. Another class is being planned in Bisbee before the fiscal year is over, if you know of anyone interested in taking the class have them reach out to Shi Martin and she will schedule them in. The first 15 people will be able to take the class any over that will have to be placed on a wait list until the next class comes available.

STATE HEALTH INSURANCE PROGRAM-SMP UPDATES The SEAGO – AAA SHIP/SMP programs currently have 1 paid coordinator and 2 volunteers. 1 volunteer functions as a SHIP counselor in the Sierra Vista/Bisbee area while the other volunteer functions in a clerical capacity maintaining the client contact files. The program has just finished training our third volunteer who will be covering the Whetstone, Huachuca City, Sonoita, Patagonia area. We will also be working with Chiricahua Community Health Centers to train their Healthcare Marketplace Assistors as SHIP Counselors before the end of January. This will give us more in depth coverage of the Bisbee, Douglas and Elfrida and Willcox communities. The SHIP/SMP program has made steady progress in the last 3 years, both in outreach effort, efficiency and consistency. In 2013 the program, with 8 volunteers, participated in 27 public and media events and had a total annual contact with 556 clients, logging in 435 hours for those contacts. In 2016, with 2 volunteers, we participated in 98 public and media events and had a total annual contact with 1382 clients, logging in 607 hours for those contacts.

AGING MASTERY PROGRAM (AMP)

The AMP is a comprehensive and fun approach to living that celebrates the gift of long life. The program combines goalsetting, daily practices, and peer support to help participants make meaningful changes in their lives. Central to the AMP philosophy is the belief that modest lifestyle changes can produce big results and that people can be empowered to cultivate health and longevity. The National Council on Aging (NCOA) began their pilot program Aging Mastery Program (AMP). The pilot program started with Pima Council on Aging in Tucson. This was a huge success for PCOA and all 6 other regions were offered the same opportunity to implement in our respected regions. If all regions agreed to start this program, NCOA would lower their license cost as this would be a goal met on their part in adding the state of Arizona to their list. The AZ4A Association of Arizona Area Agencies on Aging decided to purchase the license for the rest of the regions hence, regions had to commit in providing the class in their communities and obtain funds to run it. SEAGO-AAA received a sponsorship of \$1500 to implement this class in Sierra Vista. SEAGO-AAA has subcontracted with Jan Vinson a registered nurse to coordinate and deliver the class during spring. Ramona, Shi and I along with Jan received the required training to be under the license for future courses. A class will consist of 7 individuals, materials and snacks will be provided. Once this class has taken place, we will look into other areas in order to obtain funds to introduce them as well. NCOA is working diligently in making this program an evidence based program in order to be able to obtain federal grants towards it. If any of you know of any funders in your areas that would be willing to sponsor this class please let us know and if you have a direct contact that would be even better. I am happy to reach out to them and provide more information about the program.

INFORMATION EXCHANGE

Laurel Stangel – Informed that Health-Mart can help with medications and they deliver. 520-459-0705

Kathy Spangler – Starting in February the Benson Senior Center will have free tax prep on Wednesdays 1-5.Also added info for P.O.W.W.O.W \$10 for 60 pounds of produce.

Gary Clark – Busy educating legislatures on Prop 206 and how it is effecting seniors. Also added DARC is now providing produce to their clients.

Laura Villa – Let the Council know that the SEAGO AAA volunteer appreciation day went well and will be having a the Conference on aging in June and would like to see everyone attend.

Jaime Aguilar- Commented that he did attend the SEAGO Volunteer appreciation day and was impressed with all the things that get done with such a small staff. Morgan Hartford did a presentation for Alzheimer association and Jaime reached out to the Council to if a presentation is happening in their community to attend it as he provides valuable information and well worth the time.

Saundra Gaines – Health Fair February 24th.

Royce Hunt – is working with the Alzheimer Association on a project for people with disabilities. SEACUS Senior Expo was in October had around 140 attendees and it went really well. SEACUS is also working on a food safety grant with the Food Bank in Arizona to provide thermometers to seniors so they can tell if the food in the refrigerator is safe to eat. Construction is ongoing with the Duncan Congregate site. SEACUS Will also be having Yoga and Belly Dancing Classes.

Linda Huffstetler-Dearing – Patagonia having a battle over the Lending Shed and came close to closing. There has been a turn around and the community asked for resignation of all board members and appointed new members and all is on the way back to normal.

Luisa Massee – Health Care Conference in Santa Cruz County was attended by 17 of her residents and all of them have learned so much.

Leslie Kramer - encouraged the Council to reach out to the local Rotary Clubs in their areas for available assistance with grant money.

Arnold Lopez – will be talking to the Mayor in regards to lobbying for AAA funding.

ADJOURNMENT

Jaime Aguilar addressed the council and with there being no further Advisory Council on Aging business a motion was made to adjourn.

The next meeting is scheduled for April 20th, 2016

MEMO TO:	ADVISORY COUNCIL ON AGING
FROM:	LAURA VILLA, AREA AGENCY ON AGING PROGRAM MANAGER
DATE:	APRIL 20, 2017 DEPARTMENT OF ECONOMIC SECURITY ADULT PROTECTIVE
SUBJECT:	SERVICES

Description:

Mrs. Debra Mansker of DES Adult Protective services unit supervisor for Cochise and Santa Cruz, will present to the Advisory Council and talk about APS role in the Southeastern Arizona communities.

Action Requested:

X Information Only

Action Requested Below

MEMO TO:	ADVISORY COUNCIL ON AGING
FROM:	LAURA VILLA, AREA AGENCY ON AGING PROGRAM MANAGER
DATE:	APRIL 20, 2017
SUBJECT:	NOMINATIONS TO VACANT SEATS

The Advisory Council on Aging's (ACOA) revised bylaws dated May 19, 2007, state under Article III-Membership section 1, that the ACOA consists of eight representatives from Cochise County, four from Graham and three from Greenlee and Santa Cruz County.

Section 2 states, at least ten of the eighteen members shall be age sixty or older, and shall include persons in greatest economic or social need, minority individuals, and participants in services funded through the SEAGO Area Agency on Aging.

Section 9 states, members appointed by SEAGO Executive Board shall serve a term of three years (3). Each member shall be limited to two (2) consecutive terms. However, in the event that a vacancy cannot be filled in 90 days, a previous member can be reappointed. The Advisory Council on Aging may submit the name of a member to the Executive Board for reappointment for an additional term.

Currently, there are two (2) vacant seats and members are selected to represent incorporated cities, towns and the unincorporated portions of each county. The areas are the incorporated city of Pima and Bisbee.

Nominated representatives will commence their term on the date once approved and appointed by the SEAGO Executive Board which is scheduled for May 19, 2017

Proposed representatives to the SEAGO Executive Board for appointment to fill vacancies.

MEMO TO:	ADVISORY COUNCIL ON AGING
FROM:	LAURA VILLA, AREA AGENCY ON AGING PROGRAM MANAGER
DATE:	APRIL 20, 2017 NOMINATION TO BE MADE TO THE EXECUTIVE BOARD FOR
SUBJECT:	APPROVAL

Description:

On May 19, 2017 nominations will be presented to the Executive Board for approval to fill vacant seats as indicated below:

Mr. David "Duff" Chambers has been nominated by mayor of Tombstone to be acknowledged to fill the vacant seat in Tombstone. Mr. Chambers received his M.A from University of Chicago, School of Social Service Administration. He holds many licenses however; a few from his extensive list will be shared. License Clinical Social Worker, Academy of Certified Social Workers and Substance Abuse Profession through the U.S Department of transportation. Mr. Chambers holds a broad work experience; he is currently the Director and Project Manager of Rose Medical Systems Inc. which offers communications with patients on ventilators. Mr. Chambers has worked in various medical and psychiatric organizations in Connecticut and he is now residing in Tombstone, Arizona.

Laurel Stangel has served as an ACOA member for a full term ending on February 28, 2017 and has asked to recruit for her replacement due to health issues. A replacement in Huachuca City has been recruited however; it has been a challenge for the past three months. Laurel has agreed to continue representing Huachuca city until a replacement is found.

MEMO TO:	ADVISORY COUNCIL ON AGING
FROM:	LAURA VILLA, AREA AGENCY ON AGING PROGRAM MANAGER
DATE:	APRIL 20, 2017
SUBJECT:	ELECTION OF OFFICERS

Description:

The Advisory Council on Aging's (ACOA) revised bylaws. Article V-Elections states "Nominations shall be made from the floor at the April meeting, with the prior consent of the nominee." Article VI-Duties of Officers states "The officers of the Advisory Council shall be the President, First Vice-President, Second Vice-President, and Secretary. Officers shall be seated upon the conclusion of the meeting at which they were elected. The bylaws further state under Article III that "the President shall not serve for more than three (3) successive terms." There are no term limits for any other position.

The current president, Jaime Aguilar, is completing his 1st term, and is eligible for re-election. The officers and their initial date of election are as follows:

Jaime Aguilar, President (Greenlee county unincorporated)	4/21/2016 (1st Term)
Gary Clark, 1st Vice President (Cochise County)	4/16/2016 (2 nd Term)
Linda Huffstetler-Dearing, 2 nd Vice President	4/16/2016 (2 nd Term)
Luisa Massee, Secretary (Greenlee County)	4/21/2016 (1 st Term)

Above you will see a current membership list that identifies the current officers. After the election, an updated membership list will be sent out.

Election of officers for the new year.

MEMO TO:	ADVISORY COUNCIL ON AGING
FROM:	LAURA VILLA, AREA AGENCY ON AGING PROGRAM MANAGER
DATE:	APRIL 20, 2017
SUBJECT:	SEAGO/AREA AGENCY ON AGING AREA PLAN ON AGING 2018-2021

Description:

Background: An Area Plan is the document submitted by an Area Agency on Aging to the State Agency on Aging in order to receive awards or contracts from the State Agency's (Arizona Department of Economic Security) grant provided under the Older Americans Act. The plan is the blueprint by which the Area Agency develops and administers a comprehensive and coordinated system of services and serves as the advocate and focal point for older people in the Planning and Service Area.

ACOA Review: The SEAGO Advisory Council on Aging (ACOA) the ACOA reviewed the minimum goals and objectives that the state unit on aging and the Area Agencies on Aging had agreed to include in their respective plans, and reviewed a first draft of the updated Area Plan during their October 2016 meeting. At the January 2017 meeting, the ACOA brainstormed activities that the SEAGO AAA should undertake over the next four fiscal years, reviewed the results of the needs assessment that had been conducted, and reviewed a second draft of the updated Area Plan. At the April 2017 meeting, the final draft of the updated Area Plan was reviewed.

Public Hearings: During the month of March, the Area Agency on Aging held four public hearings throughout the region in the interest of gathering public input for their updated Area Plan on Aging. Public hearings were held March 1st (Sierra Vista), March 8th (Nogales), March 15th (Clifton) and March 22nd (Safford). To the extent possible, the input received has been incorporated into the Area Plan.

Needs Assessment: To determine the most urgent needs of the elderly and disabled across the region, the AAA performed a needs assessment that included a review of needs assessment surveys; key informant questionnaires; demographic and census data for the region; and historic utilization of AAA services.

Needs Assessment Surveys: During the final quarter of calendar year 2016, the AAA reached out to service providers, local senior service programs, hospitals, health clinics, key informant groups, long term care and assisted living facilities, and other partners to distribute needs assessment surveys in both English and Spanish throughout the region. SEAGO contracted with U.S Economic Research (USER) to assist with the distribution and data analysis of the region wide needs assessment. SEAGO staff, case managers, home delivered meals staff, as well as ACOA members helped provide questionnaires to those who were homebound and helped individuals fill them out.

In addition, the AAA mailed out approximately 1,800 surveys to clients in the region who receive services through our agency. By targeting individuals who are case managed, the views of individuals 60 years of age or older with the greatest social and economic need with particular attention to older individuals who are low-income minority, older individuals residing in rural areas, older individuals with severe disabilities, older individuals with limited English speaking abilities and any individuals with Alzheimer's disease or related dementias were considered.

The results of the survey indicated the number one serious problem of the elderly in three of the four counties in the SEAGO region is affordable dental care. This was rated a serious problem by 37.5 percent of survey respondents across the region. The second most serious problem of the elderly in southeastern Arizona is affordable assistive devices (hearing aids, glasses, canes, etc.). This was rated a serious problem by 24.6 percent of survey respondents across the region.

Other important concerns at the regional level include maintenance and repair of the home, income (having enough money for basic needs), and the cost of energy and utilities. Maintenance and repair of home was rated a serious problem by 23.2 percent of survey respondents across the region. Income was rated a serious problem by 20.2 percent of all respondents in southeastern Arizona. The cost of energy/utilities was rated a serious problem by 19.8 percent of all respondents across Southeastern Arizona.

This year's needs assessment survey was modified to specifically ask where individuals go for advice about their health insurance or Medicare. In southeastern Arizona, insurance agent was the most popular source (14.7 percent of survey respondents) followed by SEAGO AAA (14.2 percent).

Key Informant Questionnaires: The AAA Program Manager travelled throughout the four-county region to meet with community leaders working closely or directly with elderly and disabled. Questions contained in the Key Informant Questionnaires addressed changes to clientele, changes in the community that affect older and disabled clients, emerging unmet needs, future changes affecting the service delivery, recommendations for evidence based programs, what is inadequate about the current system and changes recommended to the current system. Amongst the different key informants that were interviewed, the following were results were recorded: A total of sixteen (16) respondents addressed the need for more presentations or education of available services. A total of twelve (12) indicated that loss of funding are the changes affecting service delivery and ten (10) respondents stated that an unmet need would be transportation as well as lack in service availability.

Of the Home Community Based Services, home delivered meals was ranked the highest (17%) followed by case management (16%). Of Health Promotion services, Chronic Disease Self-Management ranked the highest (39%) followed by A Matter of Balance (35%). Of the Family Caregiver Support Program, Caregiver Training ranked highest (29%) followed by Caregiver Case Management (26%). For Elder Rights, Assistance with Medicare and Insurance ranked highest (43%) followed by Long Term Care advocacy (32%).

Service Utilization: Service utilization for case managed services is reviewed on a monthly basis to ensure that services are being used, and that case managers are authorizing service levels as budgeted. Where productivity and utilization have declined, a more in-depth review is made to determine whether the service in question is still relevant or whether a change in the service delivery process is needed. In recent years the utilization data has helped determine areas in which funding allocations for services should be reduced and areas in which allocations should be increased in response to demand for services.

Action to be Taken to Address Needs Identified: The table on the following page summarizes the actions to be taken to address the needs identified in the needs assessment process. I have also included the goals and strategic and operational objectives from the plan as an attachment to this memo. The entire updated Area Aging can be reviewed or downloaded from the SEAGO website Plan on at: https://www.keepandshare.com/doc12/242576/seago-2018-2021-area-plan-public-hearing-draft-2-27-2017pdf-466k?da=y

The Advisory Council Chairperson is a voting member that ensures that the Area Agency Advisory Council has an input in the plan. The Advisory Council provides input to the Area Plan and assists in review of its goals and objectives that will be presented to the Executive Board for approval.

 ${\bf X}$ Action Requested Below

A motion to recommend approval of the SFY 2018 – SFY 2021 Area Plan on Aging to the Executive Board.

AREA PLAN ON AGING

FOR THE PERIOD

JULY 2017 THROUGH JUNE 2021

AREA AGENCY ON AGING, REGION VI

300 COLLINS ROAD BISBEE, AZ 85603 (520) 432-5301, ext. 208 Web site: <u>www.seago.org</u> e-mail: <u>aging@seago.org</u>

VERIFICATION OF INTENT

The Area Plan on Aging is hereby submitted for Region VI for the period SFY 2018 through SFY 2021. It includes all assurances and plans to be followed by the SouthEastern Arizona Governments Organization, under provisions of the Older Americans Act, as amended during the period identified. The Area Agency identified will assume full authority to develop and administer the Area Plan on Aging in accordance with all requirements of the Act and related State policy. In accepting this authority the Area Agency assumes major responsibility to develop and administer the Area Plan for a comprehensive and coordinated system of services and to serve as the advocate and focal point for older people in the planning and service area.

The Area Plan on Aging has been developed in accordance with all rules and regulations specified under the Older Americans Act, and are hereby submitted to the State Agency on Aging for approval.

Date _____ (Signed) ____

Laura Villa, Program Manager

The Area Agency Advisory Council on Aging has had the opportunity to review and comment on the Area Plan on Aging. Comments are attached.

PART I INTRODUCTION TO THE AREA PLAN

PART I - INTRODUCTION TO THE AREA PLAN

An Area Plan is the document submitted by an Area Agency on Aging to the State Agency on Aging in order to receive awards or contracts from the State Agency's grant provided under the Older Americans Act, as amended. The Area Plan contains provisions required by the Act, the federal rules and regulations, state policies, procedures, and assurances and commitments that the Area Agency will administer activities funded under the plan in accordance with all federal and state requirements. The plan is the blueprint by which the Area Agency develops and administers a comprehensive and coordinated system of services and serves as the advocate and focal point for older people in the Planning and Service Area.

Conceptually, the plan must represent a process, which translates needs assessment information into the establishment of priorities for funding and services.

The Area Plan on Aging, as a planning document, has three major purposes, as follows:

- 1) The Area Plan serves as the planning document which identifies needs, goals, objectives, and the activities that will be undertaken by the Area Agency on Aging relative to programs for the older persons in the Planning and Service Area.
- 2) The Area Plan represents a formal commitment to the State Agency, which describes the manner in which the Area Agency on Aging plans to utilize the Older Americans Act funds, and how it will carry out its administrative responsibilities.
- 3) The Area Plan is viewed as "the blueprint for action" which represents a commitment by the Area Agency on Aging that it will fulfill its role as the planner/catalyst/advocate on behalf of older persons in the Planning and Service Area.

PART II

DESCRIPTION OF THE AREA AGENCY ON AGING AND ITS NETWORK

SEAGO Area Plan on Aging July 2017 - June 2021

PART II – DESCRIPTION OF AREA AGENCY ON AGING AND ITS NETWORK

The Planning and Service Area: The Planning and Service Area designated as Region VI consists of the four rural counties of Cochise, Graham, Greenlee, and Santa Cruz, which covers a territory of approximately 14,000 square miles. It is bordered on the east by New Mexico and on the south by Mexico. The region has fourteen incorporated cities and towns ranging from a population of 696 in Duncan to 43,888 in Sierra Vista, based on the 2010 Census. The total census population for the entire region is 224,423, for a density of around 16 people per square mile. The economic base varies from one community to another, but most communities have been dependent on one major employer and little economic diversity; mining, ranching, border trade, agriculture, military, prisons, and tourism are the major industries.

According to the 2010 Census 21.2 percent of the population was aged 60 or older, with the highest concentration of 23.84 percent in Cochise County, the lowest of 15.99 percent in Graham County, 17.04 percent in Greenlee, and 18.71 percent in Santa Cruz County. The percentage of elders aged 60 or older who were minority was 24.11 percent in Cochise, 25.74 percent in Graham, excluding San Carlos Apache Nation, 44.17 percent in Greenlee and 59.78 percent in Santa Cruz. Of those aged 60 or older, 11.97 percent were below the federal poverty level, with the highest poverty rate among elders of 15.54 percent in Cochise, and the lowest in Graham with 9.55 percent. These figures could be slightly higher or lower based on in and out-migration experienced in the different areas in our region since the 2010 Census was conducted.

The SouthEastern Arizona Governments Organization: The SouthEastern Arizona Governments Organization (SEAGO) is a Council of Governments (COG). The member governments are the four counties of Cochise, Graham, Greenlee, and Santa Cruz, the 14 incorporated cities and towns of Benson, Bisbee, Clifton, Douglas, Duncan, Huachuca City, Nogales, Patagonia, Pima, Safford, Sierra Vista, Thatcher, Tombstone, and Willcox, and the San Carlos Apache Tribe. SEAGO is a regional planning agency which performs and coordinates a variety of functions. Established in 1972, SEAGO is a 501(c) 3, nonprofit organization whose core function is to assist local governments in seeking cooperative solutions to area wide problems. SEAGO provides a forum for regional policy discussion and development and serves as a coordinating link between municipal, county, tribal, state, and federal agencies. SEAGO's programs focus on issues that often cross jurisdictional boundaries, such as water quality, community and economic development initiatives, transportation, aging and social service issues. Originally a planning entity, SEAGO's operational scope has expanded considerably since its inception to include project programming and implementation activities in the areas of, economic development, social services, transportation, the environment, and public transit.

The SEAGO Area Agency on Aging: The SouthEastern Arizona Governments Organization (SEAGO) was designated as an Area Agency on Aging (AAA) in 1974. As with many of SEAGO's program areas, the AAA is a separate organizational unit within SEAGO. Over the years AAA staff have worked with a variety of community organizations as partners, as well as with service providers in order to develop, and maintain community based systems of service that meet and fit the needs of the communities within the planning and service area. The AAA continuously strives to develop new partnerships with other agencies serving the communities within our region.

Every five years, the SEAGO AAA issues a competitive Request for Proposals in order to select the best qualified service providers and to ensure competition in arranging for services for elderly individuals and their caregivers. The AAA currently issues subaward agreements with the agencies

identified in Appendix C. The AAA combines Older Americans Act, federal Social Service Block Grants, and state appropriations into one line in the providers' subaward operating budgets. Service Providers identify all other funding sources that are not administered by the AAA, and these are also included in the subaward budgets. In their proposals, prospective service providers are asked to describe how services will be coordinated with any other programs that serve the elderly or disabled, how activities will be coordinated with county long-term care programs, Medicare and ALTCS, and how the provider will ensure that these fund sources are maximized in order to use AAA funding only when no other source is available, in order to ensure coordination of services and integration of multiple funding sources.

Organizational Structure of SEAGO AAA: The SEAGO Organizational Chart is included as Appendix A. All policy decisions related to the AAA are presented to the Advisory Council on Aging and to the Administrative Council for input before being presented to the Executive Board, which is the policy making body of SEAGO. The AAA Program Manager reports directly to the Executive Director of SEAGO on a regular basis. (See staff table below.)

The Advisory Council on Aging (ACOA) meets quarterly in order to address issues arising in the communities and to discuss AAA alerts and other agency-related information. Action Plans relating to the Area Plan will be a regular agenda item at the January and July meetings of the ACOA. In this way, the Action Plans will be used as a tool to track progress on meeting the Area Plan Goals and Objectives. Should changes to any goals or objectives be identified, the ACOA will revise the Area Plan and seek approval for these changes from the Administrative Council and Executive Board.

Position	Duties	
AAA	Plans, organizes and directs the operations and staff of the Area Agency on	
Program Manager	Aging for the SEAGO region; develops and implements the agency plan;	
Full-Time	negotiates awards with provider agencies; monitors performance under these	
	awards; and ensures compliance with all federal and state laws and	
	regulations.	
Office Specialist	Sets up and maintains computer records on clients by using DAARS	
Full-Time	reporting system, maintains program administrative files, responds to	
	questions from service providers and clients, assists with programmatic	
	monitoring of all service providers and delivers administration support.	
Health Insurance	nce Provides counseling to seniors on Medicare and other health insurance	
Coordinator programs. Recruits, trains, and supervises volunteers to ensure greater		
Full-Time	geographic coverage for this program. Conducts community training events	
	on topics such as new to Medicare, long term care insurance, fraud, scam jams	
	and benefits for low income individuals.	
Ombudsman Coordinates the ombudsman program that represents and advocates for		
Coordinator residents in nursing homes and assisted living facilities in the SEAGO		
Part-Time	Represents the Area Agency on Aging program with these facilities; recruits,	
	trains, and oversees volunteers for each facility. Participates in the Elder	
	Abuse Prevention Taskforce Coalition. Maintains a close relationship with	
	DHS in order to assist with facility survey exits.	

Positions and duties within the SEAGO AAA are as follows:

Position	Duties		
Accounts Manager	Establishes and maintains the central accounting system, all accounting		
AAA supports part of	records and financial controls; reconciles bank statements to general ledger		
this position	and maintains agency cashbook; prepares monthly financial statements;		
	ensures that financial system is in compliance with applicable regulations.		
Health and Nutrition The health and nutrition coordinator is certified by ServSafe and is resp			
Coordinator for monitoring the meals programs and for nutrition related provider			
Part-Time	She is a Matter of Balance (AMOB) master trainer. She is responsible to		
	developing a network of CDSMP lay-leaders and coaches for AMOB and for		
	seeing that classes are provided periodically throughout the region.		
Caregiver Case Performs Case Management for the FCSP; coordinates caregiver training			
Manager throughout the region; refers clients for respite services; and			
Part-Time	caregiver outreach activities.		
Transit Coordinator	The transit coordinator is SEAGO's mobility manager under a contract with		
AAA supports 1/10 of	ADOT. In order to have transit programs and their funding integrated, this		
this position	individual monitors all of the AAA funded transportation programs though out		
	the SEAGO region.		

The SEAGO AAA Network: The SEAGO AAA is tiny with approximately four full-time equivalent staff. Without partnerships very little could be accomplished. Because SEAGO's focus over the years has been on in-home services, senior centers are not effective in reaching seniors, especially since participation in nutrition sites in some communities has declined over the years. A variety of agencies have been willing to provide space for SEAGO staff to meet with clients, or have agreed to co-host training events.

The AAA currently has subawards with 18 different qualified service providers, one of which is SouthEastern Arizona Community Unique Services (SEACUS). Headquartered in Safford, SEACUS has gone beyond the scope of its subaward to schedule appointments for Medicare beneficiaries needing assistance from SEAGO's insurance counselor, and to sponsor the Senior Expo and Caregiver Conference year after year. The insurance counselor has also established partnerships with libraries, senior housing complexes, and other community organizations in Nogales, Tubac, Willcox, Sierra Vista, Huachuca City, and Clifton to serve as insurance counseling sites.

Health fairs and resource fairs sponsored by hospitals, high schools, Eastern Arizona College, and senior and disability expos sponsored by the City of Sierra Vista have provided opportunities to inform the community of AAA services, and distribute elder resource directories, and Medicare information. For two consecutive years, the SEAGO AAA has hosted the Region VI Conference of Aging in Bisbee, AZ. The Canyon Vista Medical Center's (CVMC) "thrive" Wellness Depot has hosted workshops on Medicare, advanced directives, and selecting LTC policies as well as scam jams in Cochise County. Senator Andrea Dalessandro works with our insurance counselor to speak at her yearly Senior Scam Prevention event in Nogales.

Working with these partners and a growing list of agencies can attract participation from a different audience than the AAA would reach on its own. For example, Cochise College and the United Way of Cochise County host an annual social service "Synergy" event to promote networking and to provide training on topics of mutual interest such as grant writing. In Santa Cruz, the Desert Southwest Chapter of the Alzheimer's Association has also been a partner for an annual mini-conference in Nogales along with the SouthEastern Arizona Health Education Center (SEAHEC). The AAA Program Manager collaborates with Cenpatico for their distribution list that shares information regarding benefits and other items of interest in the field of aging.

Region VI also has a Facebook page which is updated regularly. The AAA meets with its Advisory Council on Aging once per quarter to keep them informed on updates and changes within the agency as well as to discuss issues arising in the four-county region. The AAA Program Manager keeps current on national and state legislative issues and policies affecting seniors by participating as a member of the Arizona Association of Area Agencies on Aging (AZ4A) on a bi-monthly basis.

AAA staff coordinated activities and long-range emergency preparedness by working with each of the four counties as each county was developing their emergency response plans. The health and nutrition coordinator works with service providers to keep their emergency plans updated and participates in the county planning processes as needed. Since Cochise, Greenlee, and Santa Cruz Counties each have case management contracts with SEAGO AAA, these counties have integrated systems for contacting clients who need assistance to evacuate into their emergency response plans. In Graham County, SEACUS is the case management provider and has participated in the county's emergency planning meetings. SEAGO AAA works directly with case managers in keeping a current list of clients so that in the event an emergency occurs, it can be immediately referred to.

The SEAGO AAA has partnered with faith-based and community organizations to assist older individuals and their families meet home and community based needs by co-sponsoring training. As described above, training for caregivers dealing with dementia has been provided with the assistance of the Alzheimer's Association and SEAHEC. SEAGO AAA formally contracts with Catholic Community Services and Lutheran Social Services for Home and Community Based Services in Cochise and Santa Cruz County. In addition to Santa Cruz County, Cochise County will be hosting four events throughout the county annually and Graham and Greenlee Counties are now providing caregiver workshops or conferences once per year.

The development of evidence based health promotion programs has brought a special focus to the need for community partnerships in order to recruit coaches/lay leaders, conduct outreach to reach potential participants, and to secure facilities and other resources. Matter of Balance participation declined minimally in recent years, but our new Health and Nutrition Coordinator is making strides to revitalize program participation. In order to establish a network of lay leaders/coaches for evidence based prevention programs, SEAGO AAA is working with Fire Districts in Cochise and Santa Cruz Counties with the goal of doing the same in Graham and Greenlee Counties, to train the fire fighters to become coaches and to promote the programs through their organizations. SEAGO AAA is also working closely with assisted living facilities to promote the program in order to increase awareness and recruit prospective coaches.

For the past several years SEAGO AAA has partnered with the Diaper Bank in order to help individuals in our four counties to receive incontinence supplies on a quarterly basis. Clients are assessed by case managers and orders are sent to our office specialist for ordering and distribution.

Transportation continues to be identified by elders in this region as a priority because of the vast distances between communities. Therefore, the AAA will continue to work closely with SEAGO's transportation planner to increase knowledge about transit funding mechanisms. Transportation

providers are encouraged to transport multiple population groups, because it is inefficient to only transport the elderly. Due to efforts at a state level to improve coordination of transit services, the AAA continues to be actively involved, along with the SEAGO Mobility Management staff and regional transportation service providers, in state and regional planning efforts initiated by the Arizona Department of Transportation (ADOT). Currently, SEAGO AAA is partnering with a social services organization in Sierra Vista known as the Volunteer Interfaith Caregiver Program, and these efforts have been successful in reestablishing transportation services to the rural areas of Willcox and Sunsites where no transportation services have existed for a number of years.

PART III

NEEDS ASSESSMENTS

PART III – <u>NEEDS ASSESSMENT</u>

Background: Performing a region-wide needs assessment is integral to understanding most urgent current needs and priorities of the elderly and disabled for purposes of updating the Area Plan on Aging. However, it's equally important to consider that each Area Plan is based on plans developed in the past and drastic changes as to what services are funded will not be made solely on the results of a needs assessment. Services will continue to be funded based on utilization trends, and clients can expect some consistency despite budget cuts. The SEAGO Advisory Council on Aging (ACOA) reviews all proposed funding allocations in detail, comparing them with those most recently approved, and makes recommendations to staff relating to changes in allocations.

In the development of this Area Plan, the ACOA reviewed the minimum goals and objectives that the state unit on aging and the Area Agencies on Aging had agreed to include in their respective plans, and reviewed a first draft of the updated Area Plan during their October 2016 meeting. At the January 2017 meeting, the ACOA brainstormed activities that the SEAGO AAA should undertake over the next four fiscal years, reviewed the results of the needs assessment that had been conducted, and reviewed a second draft of the updated Area Plan. At the April 2017 meeting, the final draft of the updated Area Plan was reviewed by the ACOA and recommended it for approval by the Administrative Council and Executive Board.

In addition to review by the ACOA, during the month of March, the Area Agency on Aging held four public hearings throughout the region in the interest of gathering public input for the updated Area Plan. Public hearings were held March 1st (Sierra Vista), March 8th (Nogales), March 15th (Clifton) and March 22nd (Safford). To the extent possible, the input received has been incorporated into the Area Plan.

To determine the most urgent needs of the elderly and disabled across the region, the AAA performed a needs assessment that included a review of needs assessment surveys; key informant questionnaires; demographic and census data for the region; and historic utilization of AAA services. Below is a summary of each of the results of these needs assessment components:

Needs Assessment Surveys: In the last quarter of calendar year 2016, the SEAGO AAA reached out to service providers, local senior citizen service programs, hospitals, health clinics, key informant groups, long term care and assisted living facilities, and other partners to distribute surveys in both English and Spanish throughout the region. SEAGO contracted with U.S Economic Research (USER) to assist with the distribution of the survey instrument and data analysis of the region wide survey results. USER also created an electronic version of the survey which was posted on the SEAGO website, the AAA Facebook page, as well as distributed through Cenpatico Integrated Care's extensive e-mail server list in Cochise County.

Needs assessment surveys were distributed at senior housing complexes, nutrition sites, and other senior citizen group meeting places. SEAGO staff, case managers, home delivered meals staff as well as ACOA board members helped provide the surveys to those who were homebound and helped individuals fill them out. AAA staff also mailed out approximately 1,800 surveys to all existing clients in the region who receive services through our agency. By targeting individuals who are case managed, the views of individuals 60 years of age or older with the greatest social and economic need, with particular attention to older individuals who are low-income minority, older individuals residing in rural areas, older individuals with severe disabilities, older individuals with limited English speaking abilities and

SEAGO Area Plan on Aging July 2017 - June 2021

any individuals with Alzheimer's disease or related dementias were considered. This is the fourth time that virtually the same survey tool has been collected and analyzed by the USER, thereby allowing for comparisons over the years.

As stated in the report produced by the USER, the survey indicated the most important need of the elderly in southeastern Arizona is affordable dental care. This was rated a serious problem by 37.5 percent of survey respondents across the region and was the number one serious problem in three of the four counties (in Greenlee County it ranked second to maintenance and repair of the home). In addition to being rated the top serious problem, affordable dental care was also perceived as a problem ("some problem" or "serious problem") by 64.8 of those surveyed across southeastern Arizona. It was perceived as a problem by more respondents than any other issue in three of the four counties (again, this ranked second in Greenlee County).

The second most important need of the elderly in the SEAGO region is affordable assistive devices (hearing aids, glasses, canes, etc.). This was rated a serious problem by 24.6 percent of survey respondents across southeastern Arizona. Affordable assistive devices ranked second on the list of serious problems in Cochise and Santa Cruz counties, fifth in Graham County, and seventh in Greenlee County. In addition to being rated a top serious problem, affordable assistive devices were also perceived as a problem ("some problem" or "serious problem") by 57.4 percent of those surveyed across southeastern Arizona. It was second on the list of problems in Graham County, third in Cochise County, and fourth in both Greenlee and Santa Cruz counties.

Other important concerns at the regional level include maintenance and repair of the home, income (having enough money for basic needs), and cost of energy and utilities. Maintenance and repair of home was rated a serious problem by 23.2 percent of survey respondents across southeastern Arizona and was in the top five most serious problems in three of the four counties (it was ranked eighth in Santa Cruz County). Income was rated a serious problem by 20.2 percent of all respondents in southeastern Arizona; however, this was skewed by a disproportionately large number of survey respondents in Santa Cruz County where it was ranked third. Income was ranked sixth on the list of serious problems in Greenlee County, ninth on the list in Cochise County, and tenth in Graham County. The cost of energy and utilities was rated a serious problem by 19.8 percent of all respondents across southeastern Arizona. It was fourth on the list of serious problems in Greenlee and Santa Cruz counties, seventh on the list in Graham County, and twelfth in Cochise County.

The needs assessment survey tool was modified this year to specifically ask where individuals go for advice about their health insurance or Medicare. In southeastern Arizona, insurance agent was the most popular source (14.7 percent of survey respondents) followed by SEAGO AAA (14.2 percent). Popular write-in responses were doctors, family members, friends, and Veterans Administration. The needs assessment survey tools in both English and Spanish are attached in Appendix E2. See Appendix E3 for the complete needs assessment results prepared by the USER.

Key Informant Questionnaires: Electronic mailing lists were used initially to distribute key informant questionnaires, but despite sending out reminders, only a few were returned. As a result, the AAA Program Manager travelled throughout the four-county region to meet with community leaders working closely or directly with elderly and disabled. Questions contained in the key informant questionnaires addressed changes to clientele, changes in the community that affect older and disabled clients, emerging unmet needs, future changes affecting the service delivery, recommendations for evidence based programs, what is inadequate about the current system, and changes recommended to the current system.

Of the Home Community Based Services, home delivered meals was ranked the highest (17%) followed by case management (16%). Of Health Promotion services, Chronic Disease Self-Management ranked the highest (39%) followed by A Matter of Balance (35%). Of the Family Caregiver Support Program, Caregiver Training ranked highest (29%) followed by Caregiver Case Management (26%). For Elder Rights, Assistance with Medicare and Insurance ranked highest (43%) followed by Long Term Care advocacy (32%).

It was clear that the concept of the Aging Mastery program is not yet understood as this is a goal and pilot program that has not yet been introduced.

The economy has reduced the ability of family members to provide support for their elders. Many have had to move to find work and leave their elderly family members. There are significant increases in the number of elders needing services, and the acuity level of these elder is higher.

Demographic Data: The 2010 Census and the American Community Survey have been used to develop funding formulas as a basis for county allocations of state funding and for Older Americans Act funding. Service utilization trends are then used to adjust the base allocations as described below. These same formulas will be used for the term of this plan and are included in the Appendix F. The demographic pattern of individuals receiving services is compared at least annually to each county's census profile to ensure that minority and low income individuals are being served appropriately.

Service Utilization: Service utilization for case managed services is reviewed on a monthly basis to ensure that services are being used, and that case managers are authorizing service levels as budgeted. Where productivity and utilization have declined, a more in-depth review is made to determine whether the service in question is still relevant or whether a change in the service delivery process is needed. In recent years the utilization data has helped determine areas in which funding allocations for services should be reduced and areas in which allocations should be increased in response to demand for services. Congregate meals utilization has increased in the Tombstone, Patagonia and Nogales sites due to improved meals, personnel, and socialization activities and funding has been increased in response to these trends.

Comment or Issue	Source	Action to be taken
Affordable Dental Care	Needs Assessment Surveys	Ship counselors will have information about Medicare plans and clinics or service clubs that provide dental or vision services. Enrollment of dual eligible clients into Special Needs Plans by getting QMB coverage for both Parts A & B of Medicare will be reviewed carefully. Increases of SHIP volunteers are being trained and these numbers will decrease significantly.

Action to be Taken to Address Identified Needs: The table below summarizes the actions to be taken to address the needs identified in the needs assessment process:

Comment or Issue	Source	Action to be taken
Affordable assistive devices	Needs Assessment Surveys	Ship counselors and case managers will have information about insurance coverage for assistive devices and a list of loan closets. Case Managers will be providing more advocacy in their areas and inform clients of available options.
Maintenance and repair	Needs Assessment Surveys	Potential sources of assistance will be catalogued; feasibility of consolidating regional human services will be explored.
Income and Energy costs	Needs Assessment Surveys	Explore feasibility of consolidating regional human services.
Lack of Transportation	Needs Assessment Surveys; Key Informant Questionnaires	Continue to address transportation needs by participating in ADOT-funded mobility management activities, coordination of transit providers and identifying service gaps in the region.
Telemarketing or In-Home Sales	Needs Assessment Surveys	Increase public information forums on fraud prevention.
Finding Legal Assistance	Needs Assessment Surveys	Continue to work closely with SALA in order to provide legal assistance to AAA clients.
Access to information and knowledge about services	Needs Assessment Surveys; Key Informant Questionnaires	Improve outreach, increase marketing and electronic distribution of resource directories, and strengthen partnerships.
Paying for prescription drugs	Needs Assessment Surveys; Key Informant Questionnaires	Increase SHIP volunteer base to assist potential Medicare clients in obtaining appropriate prescription drug plans. Currently, AAA has three trained volunteers and 8 more in the process of receiving training.
Revise county level allocations	2010 Census	Base funding levels to counties will remain the same but will continue to fluctuate based on need and utilization trends.
Need to continue to provide existing services	Utilization Data	Maintain funding levels as best as possible within available resources.

PART IV

GOALS, STRATEGIC AND OPERATIONAL OBJECTIVES

PART IV – GOALS, OBJECTIVES

GOAL I To increase awareness and understanding of aging issues and help prepare Arizona for an aging population through partnerships and collaborating with existing organizations within the region.

Operational Objectives:

- O-1-1 To recruit and train volunteers in every major community in the region to be Medicare/health insurance counselors.
- O-1-2 To schedule new to Medicare presentations in every major community on a consistent basis, including scam jams in order to raise awareness.
- Output: Number of volunteer counselors and the number of hours that they work.
- Outcome: Medicare beneficiaries and baby boomers will better understand their benefits. AAA SHIP will be better prepared to meet the needs of those turning 65.

Strategic Objectives:

- S-1-1 To identify new opportunities for partnerships and collaboration.
- S-1-2 To increase visibility of SEAGO AAA by increased use of electronic communications, including website and Facebook page

GOAL II To increase the ability of older adults to remain active, healthy, and living independently in their communities.

Operational Objectives:

- O-2-1 To initiate the Aging Mastery Program in Cochise county and establish a framework to expand it to other areas of our region.
- Output: Number of Aging Mastery classes held.
- Outcome: Change in societal expectations about aging, higher levels of physical and emotional well-being, increased civic engagement, and stronger social connectedness among aging adults throughout the region.
 - O-2-2 To enhance and maintain home and community based programs that enable elders to remain at home which helps decrease long term care institutionalization costs.
 - Output: Number of home delivered meals and hours of Home Care and In-Home Respite provided to eligible individuals.
- Outcome: Elders and their families will receive services that enable them to remain active in their homes and communities.
 - O-2-3 To continue to fund transportation programs and work cooperatively with the SEAGO mobility manager on 5300 programs. Participation in coordination meetings and planning efforts.
- Output: Participation in coordination meetings and planning efforts. Transportation will continue to meet the needs of elders who would otherwise be
- Outcome: is **Dians** portation will continue to meet the needs of elders who would otherwise be isolated.

Strategic Objectives:

- S-2-1 To develop partnerships throughout the region in order to implement evidence based prevention programs, specifically A Matter of Balance, and Chronic Disease Self-Management and the pilot of the Aging Mastery program.
- S-2-2 To establish relationships with hospital discharge planners that will focus on care transitions for elderly patients from hospital back to home settings.
- S-2-3 To expand relationships with church based organizations and Fire Districts in order to reach a broader sector of the senior population.
- S-2-4 To explore opportunities for increased efficiencies in program administration.

GOAL III To increase the safety and well-being of older Arizonans.

Operational Objectives:

- O-3-1 To identify existing safety programs that law enforcement or fire departments have in operation, and encourage seniors to enroll in these programs.
- Output: Enrollment and participation in existing safety programs will increase.
- Outcome: Elders will benefit from safety training and wellness check programs that already exist.
 - O-3-2 To promote fall prevention, including A Matter of Balance.
 - Output: Fact sheets on fall prevention and number of individuals who complete A Matter of Balance class.
- Outcome: Elders will have fewer falls.
 - O-3-3 To improve care for residents in long term care facilities and increase awareness of abuse, neglect and crimes against seniors.
 - Output: Increased in number of Ombudsman volunteers involved in resident council meetings.
- Outcome: Decrease in victims of elder abuse, neglect and crimes against seniors.

Strategic Objectives

- S-3-1 To establish and expand relationships and collaborative efforts with public safety personnel throughout the region.
- S-3-2 To reduce the costs associated with public safety responses to senior-related crimes or injuries.

PART V

PREFERENCE GIVEN TO OLDER PERSONS WITH GREATEST ECONOMIC OR SOCIAL NEED

PART V - <u>PREFERENCE TO OLDER PERSONS WITH GREATEST ECONOMIC OR SOCIAL</u> <u>NEED</u>

Hispanics and Non-Hispanic whites constitute the largest race group in this region. Demographic analysis report generated through DAARS data base is what SEAGO uses to track home and community based services, congregate meals and transportation needs. During SFY 2016-2017 data on household composition in the four-county region indicates 40% of all clients live alone and 11% live with their spouse. Appendix E5 provides a detailed demographic analysis of SEAGO AAA clients for SFY 2016-2017.

In order to meet the service needs of our target population, providers employ individuals who are bilingual and bicultural in Spanish and English. They also use flyers and/or publications in both Spanish and English to reach elders and their families throughout the region. In addition, provider staff is trained to recognize cultural or religious customs that need to be taken into account when providing service. In order to identify individuals who are eligible for assistance, individual client assessments are completed by case managers on anyone who might qualify to receive home and community based services (HCBS). Through this assessment, services are targeted to those who lack a support system, those who are low income, and those who are most vulnerable, including adult protective service referrals. Many of the individuals who are case managed are at risk of institutionalization. A waitlist is kept and is being monitored on a monthly basis in order to help keep waitlisted clients to a minimum and to allocate funds where they are needed.

A variety of different forms of outreach have to be used. Word of mouth, personal contact, posting ads or program information on the SEAGO website and AAA Facebook page as well as being present at the many events in the different communities are important ways to find individuals who are eligible for our services. Each member of the Advisory Council on Aging represents a different community in the SEAGO region and serves as an ambassador for the AAA. These members are individuals who work closely with their communities and they share information and resource directories with their family and friends, and within the organizations in which they participate.

Presentations at community meetings, to faith based groups, trainings and board meetings that SEAGO AAA Program Manager participates in on a quarterly basis are used to help get the word out about our services. Health and Resource fairs have also been a way to reach those who would not learn about our services otherwise. Many times it is younger family members at these fairs who take the information back to their elders. Networking with other participants at these fairs has also been useful. Home care agencies, hospitals, fire departments, long term care facilities, senior housing complexes, disability organizations, and elder law attorneys are some examples of health fair exhibitors that have taken copies of resource directories and later referred individuals for services.

SEAGO's 18 contracted service providers plus its many community partners enable a very tiny Area Agency on Aging to function and to implement this Area Plan by collaborating, by making referrals, by jointly providing training opportunities, by sharing facilities, and most importantly by communicating and problem solving. Under "Part II" of this plan specific examples of the how community based organizations have been involved in providing services as discussed. These services are planned and implemented with input from these partners.

PART VI

KEY CHANGES TO SERVICE DELIVERY

PART VI – <u>KEY CHANGES TO SERVICE DELIVERY</u>

Changes in the Service Delivery System:

Aging Mastery Program - SEAGO AAA Region VI along with the rest of the regions in the state is working closely with National Council on Aging (NCOA) on implementing the Aging Mastery program. By providing this program we are confident it will change the ways older individuals feel about aging, and inspire them to take better care of their health and help others do the same. Topics to be covered will be exercise and you, sleep, healthy eating, medication management and community engagement among others. SEAGO AAA is reaching out to potential partnering organizations such as the University of Arizona, Cochise Health and Social Services, Cenpatico and Chiricahua medical centers in order to solicit support when this program is launched and will be actively seeking funding opportunities to extend it to all parts of the region.

Caregiver Case Management - Over the last two years, the SEAGO AAA has evaluated the Family Caregiver Support Program and has determined that the services were not being utilized effectively due to a lack of information and awareness in the communities we serve. In order to mitigate this issue, we intend to hire a Caregiver Case Manager Coordinator starting in SFY 2018. This change in our service delivery plan will enhance outreach and provide information to the community related to support services available to family caregivers and specifically increase demand for respite services throughout the region.

Program Development - Some of the top needs identified at the regional level in Part III above include maintenance and repair of homes and the cost of energy and utilities. Another federally designated human services agency covering SEAGO's four-county service area footprint is the Community Action Agency known as SouthEastern Arizona Community Action Program (SEACAP). SEACAP provides programs to address these needs, including LIHEAP, which provides assistance with utility costs for low income individuals, TANF, which provides temporary assistance for low income individuals, SNAP, which can lower the monthly cost of meals prepared in the home, Weatherization, which can lower household energy bills, and several other programs that can assist low income seniors.

Operation of federally designated human services agencies such as SEAGO AAA and SEACAP requires significant internal controls and layers of administrative requirements that are difficult and costly to achieve. Consolidation of the administration of human services of SEACAP and SEAGO may produce efficiencies and eliminate duplication of efforts that could potentially direct resources currently used to meet administrative requirements into delivery of programs and services to residents of the region.

Among other strategies identified at SEAGO's 2015 Strategic Planning Retreat, participants considered the possibility of merging these two federally designated human services agencies under one administration. Participants of SEAGO's 2017 Retreat again discussed this possibility and proposed to investigate funding options for conducting a feasibility study that would evaluate the consolidation of human services administration at SEAGO and SEACAP. Staff has since identified a private foundation whose mission is "to increase philanthropic impact by encouraging and supporting long-term collaborations among nonprofits working in the same or complementary areas in order to increase efficiency and/or impact and to reduce duplication of efforts....." The foundation has partially funded numerous studies that resulted in successful mergers of human services agencies in

the past, but other funding partners must be identified and other actions taken before applying for funding. Under the Program Development Scope of Work, SEAGO will seek to identify funding to explore the feasibility of consolidating these two regional human services functions.

Aging and Disability Resource Centers (ADRC) Efforts: The SEAGO AAA was designated as an ADRC in fall of 2011. The SEAGO AAA currently participates in various committees that meet either monthly or quarterly. The meetings provide the members an opportunity to network and better understand one another's' different service systems. SEAGO AAA works closely with Bridgeway Health Systems, United Health Care Community Plan, the Elder Abuse Taskforce Coalition, the Department of Developmental Disabilities, and the Veteran's Association in order to be part of discussion on topics that affect our aging populations and to network to identify solutions and share information of what is working and what is not. Case Managers also work close with a variety of community organizations in order to address the need affecting their communities.

Strengthening Programs Providing Protection against Threats to Independence Well-Being and Financial Security:

Expanding the SEAGO AAA Network - Expanding partnerships, increasing collaboration and improving outreach are integral to strengthening the core programs at SEAGO AAA. In addition to the partnerships and initiatives described in this Area Plan, SEAGO AAA will continue to provide training and information at community events and health fairs. We will continue to collaborate with the Alzheimer's Association in providing training and education to first responders, Adult Protective Services and caregivers as requested. Our agency is a member of the National Association of Area Agencies on Aging (N4A) and Arizona Association of Area Agencies on Aging (AZ4A) in order to be more informed of most current updates on issues, policies and programs regarding seniors and people with disabilities. Home and community based programs help many to remain independent, and despite budget cuts, SEAGO remains committed to continue to fund these programs.

SEAGO will continue to assist with the annual Caregiver Conference in Santa Cruz County, with the Senior Expo and caregiver conference in Graham County, and will continue working with partners in Greenlee County to host their 2nd annual caregiver workshop, as well as and four other workshops in Cochise County. SEAGO will also continue to host the annual Region VI Conference on Aging in Bisbee. SEAGO AAA will help promote the efforts that DES and Alzheimer's Association has outlined for the new Arizona Alzheimer's State Plan. All of these efforts help maximize public awareness and understanding by continuing to educate caregivers as well as in-house staff and case managers, and helps expand a dementia-capable workforce in Arizona. SEAGO AAA is actively looking for grant opportunities to help supplement the funds that are received though DES in order to enhance or expand services within the region.

Senior Medicare Patrol (SMP) - For several years our SMP program coordinator has struggled in recruiting volunteers for the four-county region. The new partnership with the SEAGO AAA and Chiricahua Community Health Centers described below will enable us to reach a great deal more contacts than ever before which we anticipate will enhance public awareness of scams that exist and how to avoid them, how to protect against identity theft, and how to detect and report potential Medicare fraud. This will also enable our SMP coordinator to better focus on Graham, Greenlee and Santa Cruz Counties and our region will be more informed about scams and fraud.

Evidence-Based Programs: SEAGO AAA has focused on providing two evidence-based health promotion and disease prevention programs - Chronic Disease Self-Management Program (CDSMP), and A Matter of Balance (AMOB). These evidence based programs continue to see demand, and we have begun to ramp up our outreach this current fiscal year. The CDSMP is offered through Cochise Health and Social Services (CHSS) in partnership with SEAGO and AMOB is provided by SEAGO staff and other strategic partners. While we have experienced some turnover in lay leaders in last couple of years, our part time health and nutrition coordinator has become a master trainer, and since receiving her certification in February 2016, she has provided one AMOB coaches and participant class last fiscal year and two classes thus far in SFY 2017. She partnered with Fry Fire Department in Cochise County to host a class during the month of October 2016 in Sierra Vista. She has also partnered with Prestige Assisted Living to hold another class in January 2017 in Sierra Vista. Our goal is to be able to promote and expand this program in other parts of the region and we will be actively seeking partnerships and working closely with various fire districts in other areas to be able to accomplish that goal.

Helping Older Adults Access Medicare Benefits: For the past couple of years our State Health Insurance Program (SHIP) coordinator has struggled in recruiting volunteers for the four-county region. Currently, we have three valuable volunteers who help cover the Sierra Vista area by providing counseling at least twice per month. While these volunteers have been effective in assisting those in the Sierra Vista area, significant gaps remained in covering rural Cochise County. To mitigate this issue, SEAGO AAA recently partnered with Chiricahua Community Health Centers to use their Health Care Marketplace Outreach and Enrollment coordinators and train them as SHIP counselors and increase access for Medicare beneficiaries to information about their benefits, and help in understanding their many options. We believe that this partnership will make this program become even more successful as it grows and will increase our client contacts. This will also help decrease the high percentage of people needing dental care as they will be guided in how to obtain it with available resources. Since Chiricahua primarily serves much rural of Cochise County, we believe this new partnership will also enable our SHIP counselor to better focus on Graham, Greenlee and Santa Cruz Counties and our region will be more informed about their benefits options.

Transportation Coordination: The SEAGO mobility management team leads the State in providing training and technical assistance to transportation service providers throughout the region in order to monitor the services provided to AAA clients and provide support and guidance to enable them to comply with Arizona Department of Transportation (ADOT) requirements. The mobility management team have years of experience and have developed expertise in managing transit programs found nowhere else in rural Arizona. SEAGO will continue to work with providers to increase coordination at all levels and to find efficiencies and potential cost savings. As recent result of these efforts, SEAGO has successfully partnered with Volunteer Interfaith Caregiver Program (VICAP) to reestablish transportation services in the rural areas surrounding Willcox and Sunsites, which began the first part of November 2016. SEAGO is also working towards closing service gaps that exist in other rural areas of Cochise County and will soon complete an intercity route feasibility study that is hoped will lead to transportation services from Douglas, to Bisbee, Sierra Vista, Benson. In Graham and Greenlee counties, SEACAP will cease transportation services effective June 30, 2017, but SEAGO is working with Easter Seals Blake Foundation on a transition plan for SEACAP clients to be served by Blake Foundation going forward.

Modernizing Nutrition Programs: The SEAGO AAA does not operate or manage nutrition sites or senior centers, but does provide funding for nutrition programs across the region through subawards with service providers. In soliciting nutrition service providers in the future, SEAGO may ask potential service providers to include strategies for targeting Boomers in their service delivery plans.

Consumer Choice and Care Choice Options: Case managers have always promoted the use of private pay for home care, because they so effectively target low income individuals, and have to manage waiting lists. Three of the six contracted home care providers are for-profit agencies, and these three agencies plus many of the non-profit agencies offer private pay housekeeping, personal care and in-home respite. SEAGO staff and case managers will continue to refer those caregivers interested in respite services to the Caregiver Case Manager. SEAGO will continue to encourage providers and case managers to involve consumers in decisions that affect service delivery. SEAGO has at least two service providers for housekeeping, personal care and in-home respite in most areas of the region and case managers are required to offer clients a choice.

Health Care Service Coordination: As described in detail above, the SEAGO AAA issues a competitive Request for Proposals in order to select the best qualified service providers and to ensure competition in arranging for services for elderly individuals and their caregivers. In their proposals, prospective service providers are asked to describe how services will be coordinated with any other programs that serve the elderly or disabled, how activities will be coordinated with county long-term care programs, Medicare and ALTCS, and how the provider will ensure that these fund sources are maximized in order to use AAA funding only when no other source is available, in order to ensure coordination of services and integration of multiple funding sources.

Title VII Efforts: The SEAGO AAA will continue to host the Region VI Conference of Aging where information on our Long Term Care Ombudsman, SHIP, and SMP programs will be featured. SEAGO will continue to hold workshops on Medicare, advanced directives, and selecting LTC policies as well as scam jams across the region. In addition, case managed services are targeted to those who lack a support system, those who are low income, and those who are most vulnerable, including adult protective service referrals. Participation in community meetings, trainings, health and resource fairs and other events will continue to be used as opportunities to get the word out about LTC Ombudsman, SHIP, and SMP programs and services, and how to prevent, detect, and report abuse, neglect, and financial exploitation of older adults.

Other: As described above, SEAGO has developed another new partnership with Chiricahua Community Health Centers in Cochise County and in addition to assisting with our SHIP clients, this partnership will help consumers be more aware of the changes occurring each year with the Affordable Care Act.

Area Plan Assurances

By signing this document, the authorized official commits the Area Agency on Aging to performing all listed assurances and required activities.

- (2) Each Area Agency on Aging shall provide assurances that an adequate proportion, as required under section 307(a)(2), of the amount allotted for part B to the planning and service area will be expended for the delivery of each of the following categories of services:
- (B) Services associated with access to services (transportation, health services (including mental health services)), outreach, information and assistance (which may include information and assistance to consumers on availability of services under part B and how to receive benefits under and participate in publicly supported programs for which the consumer may be eligible), and case management services);
- (C) In-home services, including supportive services for families of older individuals who are victims of Alzheimer's disease and related disorders with neurological and organic brain dysfunction; and
- (D) Legal assistance; and assurances that the Area Agency on Aging will report annually to the state agency in detail the amount of funds expended for each such category during the fiscal year most recently concluded.
- (4)(A)(i)(I) Provide assurances that the Area Agency on Aging will:
- Set specific objectives, consistent with State policy, for providing services to older individuals with greatest economic need, older individuals with greatest social need, and older individuals at risk for institutional placement;
- (bb) Include specific objectives for providing services to low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas; and
- (II) Include proposed methods to achieve the objectives described in items (aa) and
 (bb) of subclause (I);
- (ii) Provide assurances that the Area Agency on Aging will include in each agreement made with a provider of any service under this title, a requirement that such provider will:
- Specify how the provider intends to satisfy the service needs of low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas in the area served by the provider;
- (II) To the maximum extent feasible, provide services to low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas in accordance with their need for such services; and

- (III) Meet specific objectives established by the Area Agency on Aging, for providing services to low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas within the planning and service area; and
- (4)(A)(iii) With respect to the fiscal year preceding the fiscal year for which such plan is prepared, each Area Agency on Aging shall:
- Identify the number of low-income minority older individuals and older individuals residing in rural areas in the planning and service area;
- Describe the methods used to satisfy the service needs of such minority older individuals; and
- (III) Provide information on the extent to which the Area Agency on Aging met the objectives described in clause (a)(4)(A)(i).
- (4)(B)(i) Each Area Agency on Aging shall provide assurances that the Area Agency on Aging will use outreach efforts that will identify individuals eligible for assistance under this Act, with special emphasis on:
- (I) Older individuals residing in rural areas;
- Older individuals with greatest economic need (with particular attention to low-income minority individuals and older individuals residing in rural areas);
- Older individuals with greatest social need (with particular attention to low-income minority individuals and older individuals residing in rural areas);
- (IV) Older individuals with severe disabilities;
- (V) Older individuals with limited English proficiency;
- (VI) Older individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction (and the caretakers of such individuals); and
- (VII) Older individuals at risk for institutional placement; and
- (4)(C) Each Area Agency on Agency shall provide assurance that the Area Agency on Aging will ensure that each activity undertaken by the agency, including planning, advocacy, and systems development, will include a focus on the needs of low-income minority older individuals and older individuals residing in rural areas.
- (5) Each Area Agency on Aging shall provide assurances that the Area Agency on Aging will coordinate planning, identification, assessment of needs, and provision of services for older individuals with disabilities, with particular attention to individuals with severe disabilities, and individuals at risk for institutional placement, with agencies that develop or provide services for individuals with disabilities.
- (6) Each Area Agency will:
- (6)(F) In coordination with the state agency and with the state agency responsible for mental health services, increase public awareness of mental health disorders,

remove barriers to diagnosis and treatment, and coordinate mental health services (including mental health screenings) provided with funds expended by the Area Agency on Aging with mental health services provided by community health centers and by other public agencies and nonprofit private organizations.

- (9) Each Area Agency on Aging shall provide assurances that the Area Agency on Aging, in carrying out the State Long-Term Care Ombudsman program under section 307(a)(9), will expend not less than the total amount of funds appropriated under this Act and expended by the agency in fiscal year 2000 in carrying out such a program under this title.
- (11) Each Area Agency on Aging shall provide information and assurances concerning services to older individuals who are Native Americans (referred to in this paragraph as "older Native Americans"), including:
- Information concerning whether there is a significant population of older Native Americans in the planning and service area and if so, an assurance that the Area Agency on Aging will pursue activities, including outreach, to increase access of those older Native Americans to programs and benefits provided under this title;
- (B) An assurance that the Area Agency on Aging will, to the maximum extent practicable, coordinate the services the agency provides under this title with services provided under Title VI; and
- (C) An assurance that the Area Agency on Aging will make services under the area plan available, to the same extent as such services are available to older individuals within the planning and service area, to older Native Americans.
- (13)(A) Each Area Agency on Aging shall provide assurances that the Area Agency on Aging will maintain the integrity and public purpose of services provided, and service providers, under this title in all contractual and commercial relationships.
- (13)(B) Each Area Agency on Aging shall provide assurances that the Area Agency on Aging will disclose to the Assistant Secretary and the state agency:
- (i) The identity of each nongovernmental entity with which such agency has a contract or commercial relationship relating to providing any service to older individuals; and
- (ii) The nature of such contract or such relationship.
- (13)(C) Each Area Agency on Aging shall provide assurances that the Area Agency will demonstrate that a loss or diminution in the quantity or quality of the services provided, or to be provided, under this title by such agency has not resulted and will not result from such non-governmental contracts or such commercial relationships.
- (13)(D) Each Area Agency on Aging shall provide assurances that the Area Agency will demonstrate that the quantity or quality of the services to be provided under this title by such agency will be enhanced as a result of such non-governmental contracts or commercial relationships.
- (13)(E) Each Area Agency on Aging shall provide assurances that the Area Agency will, on the request of the Assistant Secretary or the state, for the purpose of

monitoring compliance with this Act (including conducting an audit), disclose all sources and expenditures of funds such agency receives or expends to provide services to older individuals.

- (14) Each Area Agency on Aging shall provide assurances that funds received under this title will not be used to pay any part of a cost (including an administrative cost) incurred by the Area Agency on Aging to carry out a contract or commercial relationship that is not carried out to implement this title.
- (15) Provide assurances that funds received under this title will be used:
- (A) To provide benefits and services to older individuals, giving priority to older individuals Identified in paragraph (4)(A)(i); and
- (B) In compliance with the assurances specified in paragraph (13) and the limitations specified in section 212.

Executive Summary

This report presents the results of a needs assessment survey of the senior population in Southeastern Arizona conducted by US Economic Research and SouthEastern Arizona Governments Organization's Area Agency on Aging. The survey was conducted during the fourth quarter of calendar year 2016. The survey included a sample of 689 seniors (ages 60 and older) residing in Cochise, Graham, Greenlee, and Santa Cruz counties.

The survey indicated the most important need of the elderly in Southeastern Arizona is affordable dental care. This was rated a serious problem by 37.5 percent of survey respondents across the region and was the number one serious problem in three of the four counties (in Greenlee County it ranked second to maintenance and repair of the home). In addition to being rated the top serious problem, affordable dental care was also perceived as a problem ("some problem" or "serious problem") by 64.8 of those surveyed across Southeastern Arizona. It was perceived as a problem by more respondents than any other issue in three of the four counties (again ranked second in Greenlee County).

The second most important need of the elderly in Southeastern Arizona is affordable assistive devices (hearing aids, glasses, canes, etc.). This was rated a serious problem by 24.6 percent of survey respondents across Southeastern Arizona. Affordable assistive devices ranked second on the list of serious problems in Cochise and Santa Cruz counties, fifth in Graham County, and seventh in Greenlee County. In addition to being rated a top serious problem, affordable assistive devices were also perceived as a problem ("some problem" or "serious problem") by 57.4 percent of those surveyed across Southeastern Arizona. It was second on the list of problems in Graham County, third in Cochise County, and fourth in both Greenlee and Santa Cruz counties.

Other important concerns at the regional level include maintenance and repair of home, income (having enough money for basic needs), and cost of energy/utilities. Maintenance and repair of home was rated a serious problem by 23.2 percent of survey respondents across Southeastern Arizona and was in the top five most serious problems in three of the four counties (it was ranked eighth in Santa Cruz County). Income was rated a serious problem by 20.2 percent of all respondents in Southeastern Arizona; however, this was skewed by a disproportionately large number of survey respondents in Santa Cruz County where it was ranked third. Income was ranked sixth on the list of serious problems in Greenlee County, ninth on the list in Cochise County, and 10th in Graham County. The cost of energy/utilities was rated a serious problem by 19.8 percent of all respondents across Southeastern Arizona. It was fourth on the list of serious problems in Greenlee and Santa Cruz counties, seventh on the list in Graham County, and 12th in Cochise County.

Telemarketing or in-home sales, although it ranked ninth on the list of serious problems regionwide, ranked second in Graham County and third in Cochise County (it was further down the list at ninth in Santa Cruz County and 14th in Greenlee County). Maintenance of the yard, while it ranked sixth on the list of serious problems regionwide, ranked third in Graham and Greenlee counties and fifth in Cochise County (it was further down the list at 14th in Santa Cruz County). Transportation, while it ranked seventh on the list of serious problems regionwide, came in at fifth in Greenlee County and sixth in Santa Cruz County.

Issues that were least regarded as serious problems in Southeastern Arizona were elderly abuse/exploitation, getting information about disease prevention, raising grandchildren, personal safety, and personal care. The survey also revealed the most common sources of advice regarding health insurance or Medicare regionally were insurance agents and SEAGO Area Agency on Aging. The most popular sources of transportation were respondents' own vehicles, friends and neighbors, and public buses.

INTRODUCTION

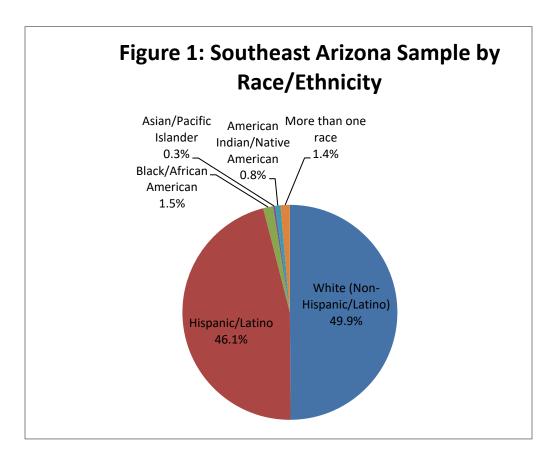

In the fourth quarter (October through December) of calendar year 2016, US Economic Research in partnership with SouthEastern Arizona Governments Organization's (SEAGO) Area Agency on Aging (AAA) conducted a survey of 689 residents of Southeastern Arizona (Cochise, Graham, Greenlee, and Santa Cruz counties) ages 60 and older to determine their needs for assistance (See Table 1 for distribution of sample). The surveys were distributed at various locations throughout the counties in places where residents ages 60 and older were known to frequent. An online version was disseminated by AAA and posted to the SEAGO website. US Economic Research reviewed the survey design, prepared the online version of the survey, provided data entry and analysis, and prepared this report. Survey results were compared to those from a similar survey conducted in late 2012 and early 2013 (see Appendix A for comparison of results). The survey instrument is at Appendix B (English) and Appendix C (Spanish).

Narrative and Tabular Survey Results

Southeast Arizona

Sample Size: 689

Serious problems

Issues identified as a serious problem by the largest share of survey respondents throughout Southeastern Arizona (Cochise, Graham. Greenlee, and Santa Cruz counties) were affordable dental care, identified as a serious problem by 37.5 percent of those surveyed; affordable assistive devices, identified as a serious problem by 24.6 percent; maintenance and repair of home, identified as a serious problem by 23.2 percent; income, identified as a serious problem by 20.2 percent; and cost of energy/utilities, identified as a serious problem by 19.8 percent of respondents.

Problems

Issues identified as a problem (either "some problem" or "serious problem") by the largest share of survey respondents across Southeastern Arizona were affordable dental care, identified as a problem by 64.8 percent of those surveyed; affordable assistive devices, identified as a problem by 57.4 percent; maintenance and repair of home, identified as a problem by 54.5 percent; income, identified as a problem by 52.1 percent; and cost of energy and utilities, identified as a problem by 51.8 percent of respondents.

No problem

Issues identified as no problem by the largest share of survey respondents throughout Southeast Arizona were <u>raising grandchildren</u>, identified as "no problem" by 82.7 percent of those surveyed; <u>elderly abuse/exploitation</u>, identified as "no problem" by 82.1 percent; <u>personal care</u>, identified as "no problem" by 78.5 percent; <u>providing care and supervision for an</u> <u>elderly family member</u>, which was identified as "no problem" by 76.9 percent; and <u>volunteer</u> <u>opportunities</u>, identified as "no problem" by 75.7 percent of those surveyed.

Sources of Health Insurance/ Medicare advice

Survey respondents were asked to identify their sources of advice regarding health insurance or Medicare. In Southeastern Arizona, <u>insurance</u> <u>agent</u> was the most popular source (14.7 percent of survey respondents) followed by <u>SEAGO AAA</u> (14.2 percent). Popular write-in responses were doctors, family members, friends, and Veterans Administration. See Appendix D for a complete list of responses regarding other sources contacted.

Sources of Transportation

Survey respondents were asked to identify their sources of transportation. In Southeastern Arizona, <u>own vehicle</u> was the most popular source (59.5 percent of respondents) followed by <u>friend/neighbor</u> (17.6 percent) and <u>public bus</u> (12.3 percent). A popular write-in response was family members. See Appendix E for a complete list of responses regarding other sources of transportation.

TABLE 5: ISSUES/POTENTIAL PROBLEMS RANKED BY SERIOUSNESS (SOUTHEAST ARIZONA)

Issue/Problem	Respondents Indicating
	"Serious Problem"
Affordable dental care	37.5%
Affordable assistive devices (hearing aids, glasses, canes, etc.)	24.6%
Maintenance and repair of home	23.2%
Income (having enough money for basic needs)	20.2%
Cost of energy/utilities	19.8%
Maintenance of yard	18.9%
Transportation	18.7%
Cost of housing	18.6%
Telemarketing or In-Home Sales	18.3%
Employment opportunities	16.2%
Finding legal assistance	15.2%
Accessibility modifications in my home (grab bars)	14.3%
Recreational or social opportunities	12.7%
Getting information about services	12.7%
Loneliness	12.5%
Having someone check on me daily	12.0%
Paying for prescription drugs	11.8%
Processing monthly bills and/or medical claims	11.3%
Homemaker services (shopping, housekeeping)	11.0%
Age discrimination (loans, insurance, employment)	10.9%
Loss of spouse/loved one	10.8%
Availability of health care providers (doctors, hospitals)	10.3%
Preparing nutritious meals	10.0%
Getting information about health insurance (AHCCCS, Medicare, Medigap, etc.)	10.0%
Counseling or mental health services	8.6%
Bereavement/grief counseling/hospice services	7.8%
Obtaining information on selecting nursing home or assisted living facility	7.4%
Maintaining my personal independence	7.2%
Volunteer opportunities	7.0%
Providing care and supervision for an elderly family member	6.4%
Personal Care (bathing, washing hair)	6.1%
Personal Safety (Crime)	5.3%
Raising grandchildren	4.9%
Getting information about disease prevention	4.8%
Elderly abuse, exploitation	4.8%

TABLE 6: ISSUES RANKED BY IDENTIFICATION AS A PROBLEM (SOUTHEAST ARIZONA)

Issue/Problem	Respondents Indicating "Some Problem" or "Serious Problem"
Affordable dental care	64.8%
Affordable assistive devices (hearing aids, glasses, canes, etc.)	57.4%
Maintenance and repair of home	54.5%
Income (having enough money for basic needs)	52.1%
Cost of energy/utilities	51.8%
Maintenance of yard	50.6%
Getting information about services	47.6%
Telemarketing or In-Home Sales	47.6%
Loneliness	44.0%
Finding legal assistance	43.3%
Cost of housing	42.4%
Availability of health care providers (doctors, hospitals)	42.4%
Transportation	40.6%
Paying for prescription drugs	40.5%
Recreational or social opportunities	39.8%
Accessibility modifications in my home (grab bars)	37.9%
Homemaker services (shopping, housekeeping)	36.8%
Getting information about health insurance (AHCCCS, Medicare, Medigap, etc.)	35.8%
Preparing nutritious meals	35.7%
Loss of spouse/loved one	34.5%
Maintaining my personal independence	33.8%
Processing monthly bills and/or medical claims	33.7%
Employment opportunities	32.6%
Counseling or mental health services	32.0%
Having someone check on me daily	31.0%
Age discrimination (loans, insurance, employment)	29.7%
Obtaining information on selecting nursing home or assisted living facility	29.7%
Bereavement/grief counseling/hospice services	26.5%
Getting information about disease prevention	25.8%
Personal Safety (Crime)	24.4%
Volunteer opportunities	24.3%
Providing care and supervision for an elderly family member	23.1%
Personal Care (bathing, washing hair)	21.5%
Elderly abuse, exploitation	17.9%
Raising grandchildren	17.3%

Cochise County

Sample Size: 219

Serious problems

Issues identified as a serious problem by the largest share of survey respondents in Cochise County were <u>affordable dental care</u>, identified as a serious problem by 37.4 percent of those surveyed; <u>affordable assistive devices</u>, identified as a serious problem by 25.1 percent; <u>telemarketing or in-home sales</u>, identified as a serious problem by 22 percent; <u>maintenance and repair of home</u>, identified as a serious problem by 21.4 percent; and <u>maintenance of yard</u>, identified as a serious problem by 20 percent of respondents.

Problems

Issues identified as a problem (either "some problem" or "serious problem") by the largest share of survey respondents in Cochise County were <u>affordable dental care</u>, identified as a problem by 65.9 percent of those surveyed; <u>getting information about services</u>, identified as a problem by 55.8 percent; <u>affordable assistive</u> <u>devices</u>, identified as a problem by 55.3 percent; <u>maintenance of yard</u>, identified as a problem by 50.5 percent; and <u>maintenance and repair of</u> <u>home</u> and <u>telemarketing or in-home sales</u>, each identified as a problem by 49 percent of respondents.

No problem

Issues identified as no problem by the largest share of the survey respondents within Cochise

County were <u>raising grandchildren</u>, identified as "no problem" by 86.3 percent of those surveyed; <u>elderly abuse/ exploitation</u>, identified as "no problem" by 85.9 percent; <u>personal care</u>, identified as "no problem" by 78.1 percent; <u>providing care and supervision for an elderly</u> <u>family member</u>, identified as "no problem" by 77 percent; and <u>personal safety</u>, identified as "no problem" by 74.3 percent of those surveyed.

Sources of Health Insurance/ Medicare advice

Survey respondents were asked to identify their sources of advice regarding health insurance or Medicare. In Cochise County, <u>SEAGO AAA</u> was the most popular source (15.5 percent of respondents) followed by <u>insurance agent</u> (14.6 percent). Popular write-in responses were family members, friends, and Veterans Administration. See Appendix D for a complete list of responses regarding other sources contacted.

Sources of Transportation

Survey respondents were asked to identify their sources of transportation. In Cochise County, <u>own vehicle</u> was the most popular (58 percent of respondents) followed by <u>friend/neighbor</u> (21 percent) and <u>public bus</u> (17.4 percent). The most popular write-in response was family members. See Appendix E for a complete list of responses regarding other sources of transportation.

TABLE 7: ISSUES/POTENTIAL PROBLEMS RANKED BY SERIOUSNESS (COCHISE COUNTY)

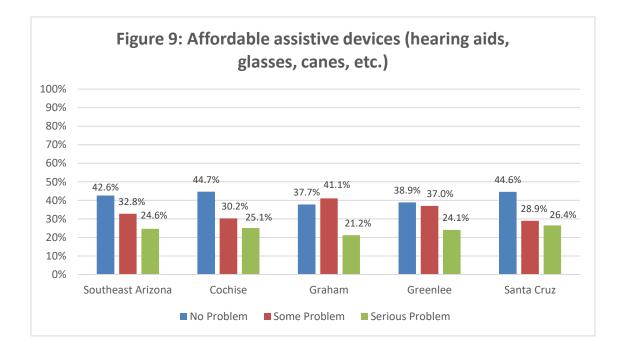

Graphical Survey Results

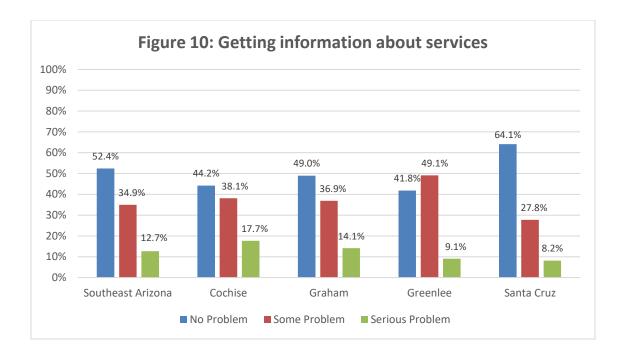

Note on Figures 6—40: Survey respondents were asked to indicate the degree to which each of the following items is a problem for them personally.

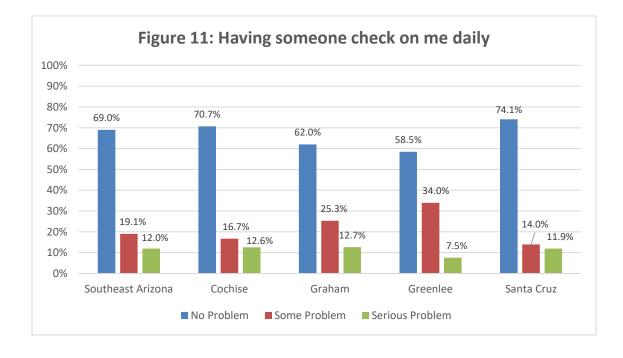

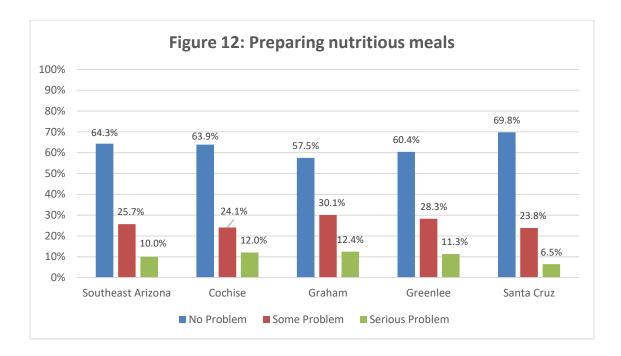

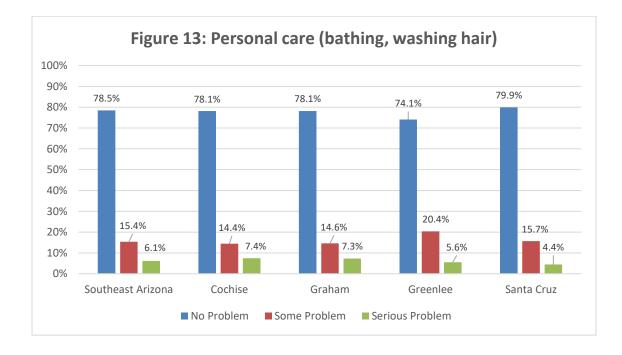

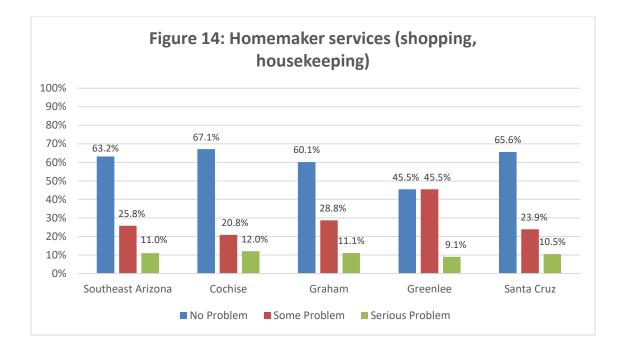

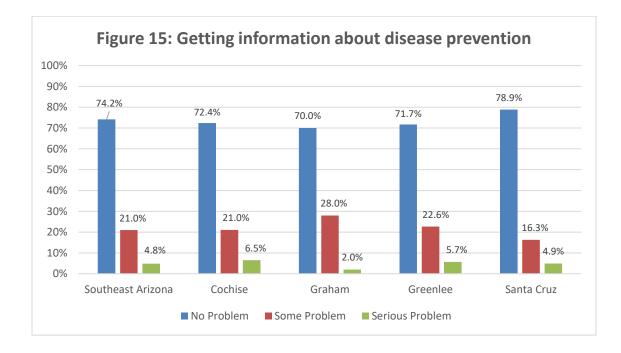

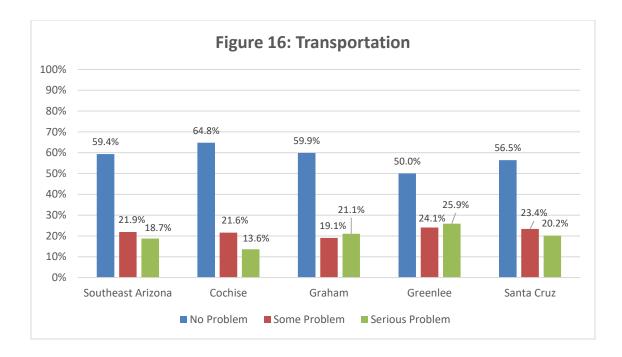

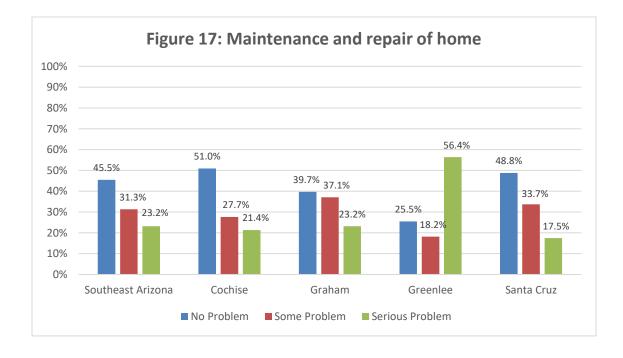

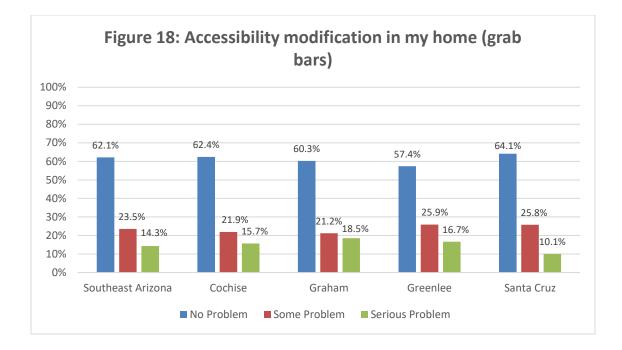

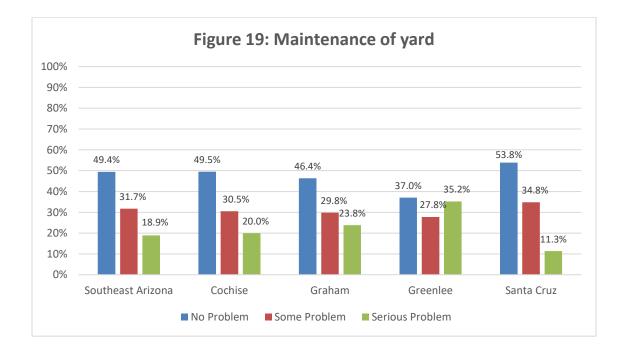

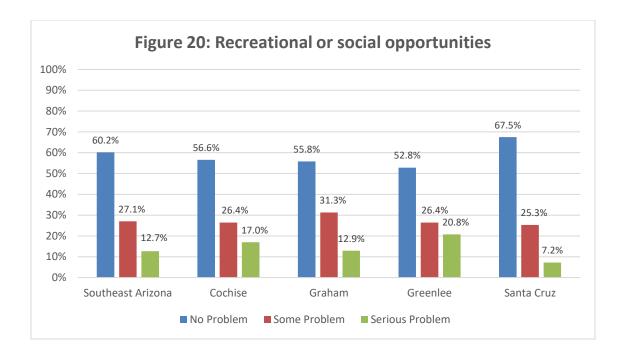

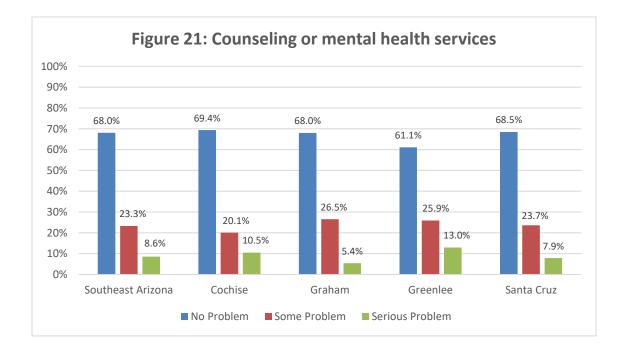

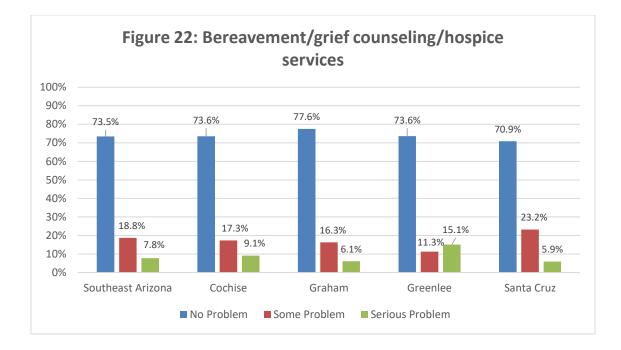

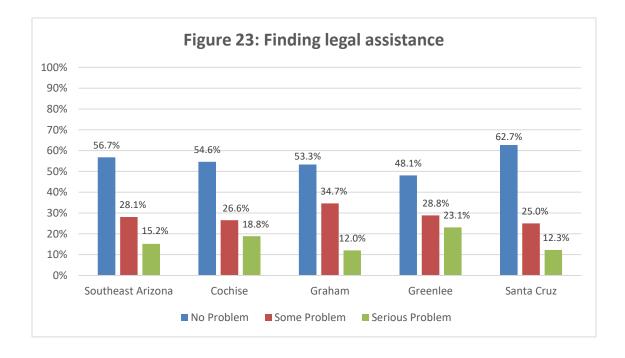

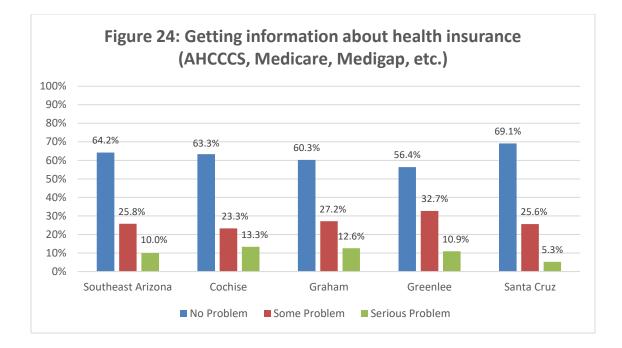

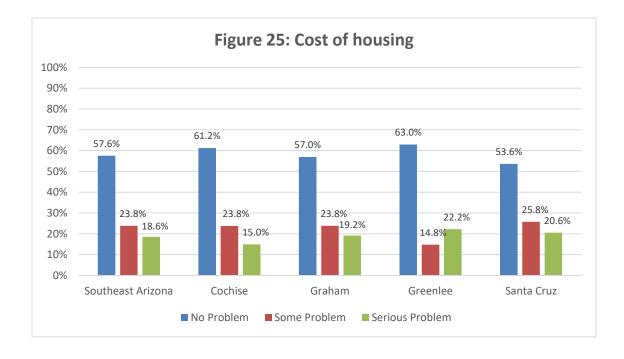

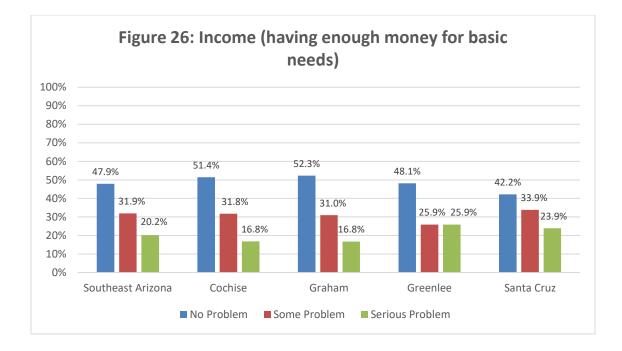

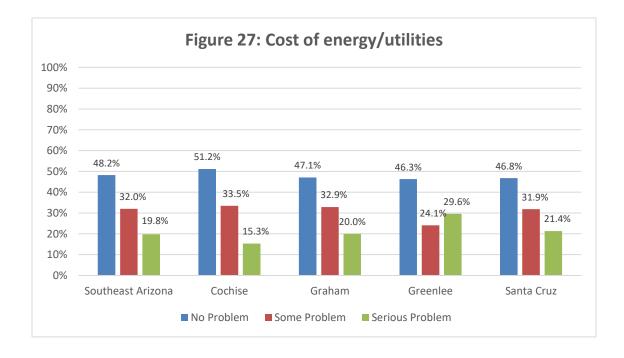

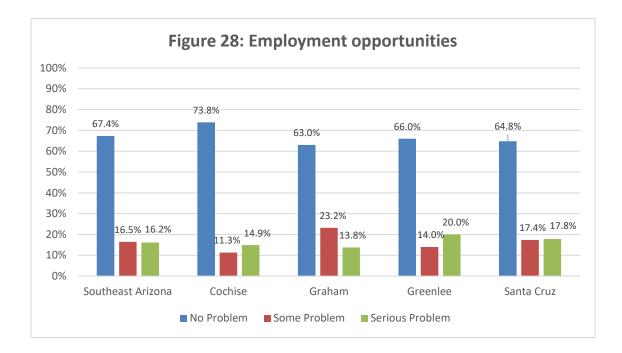

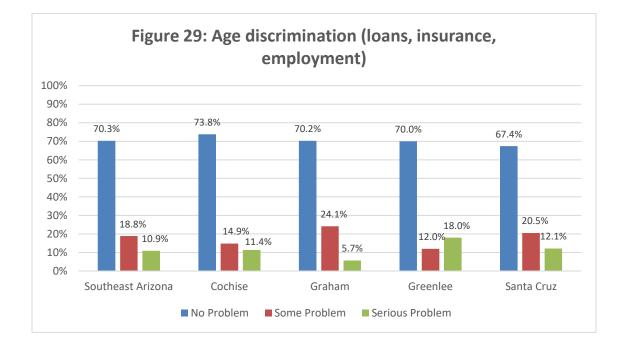

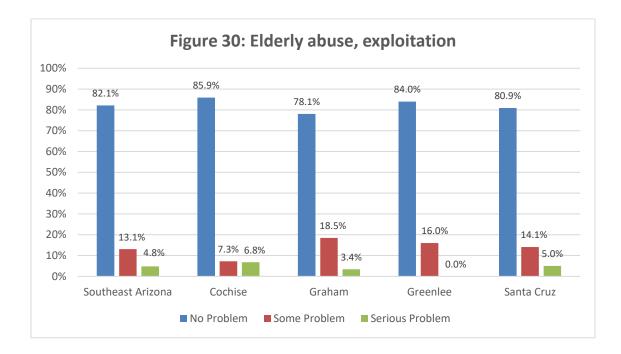

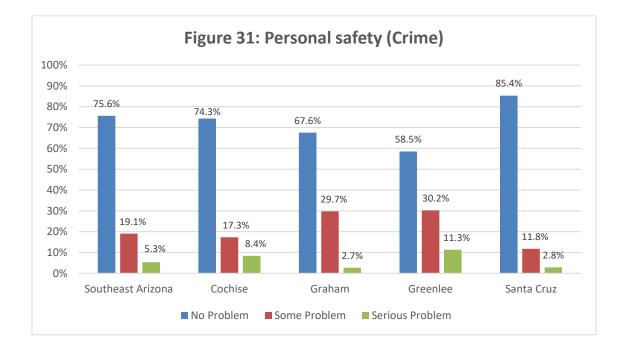

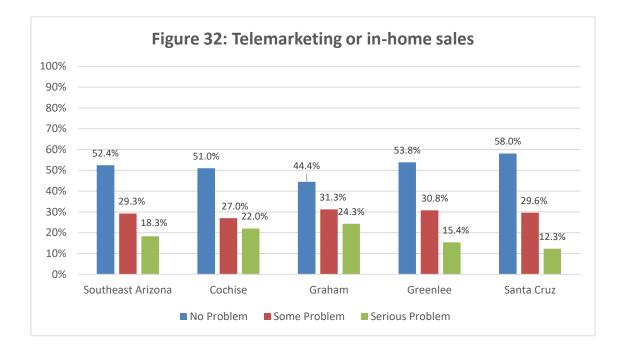

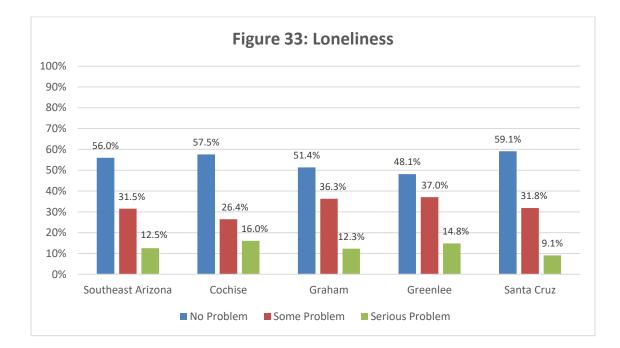

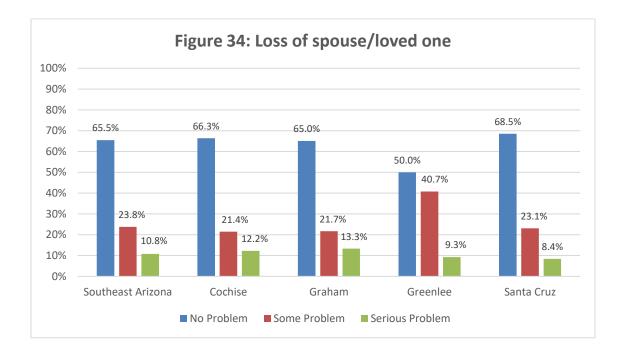

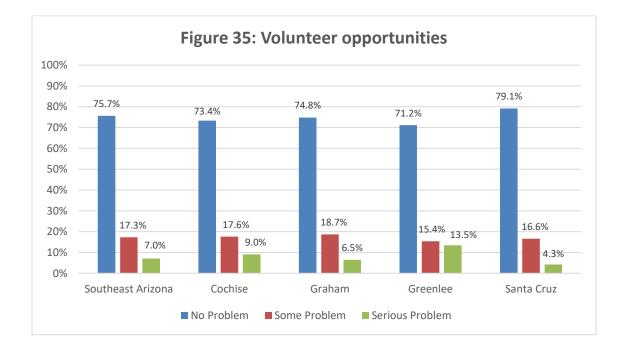

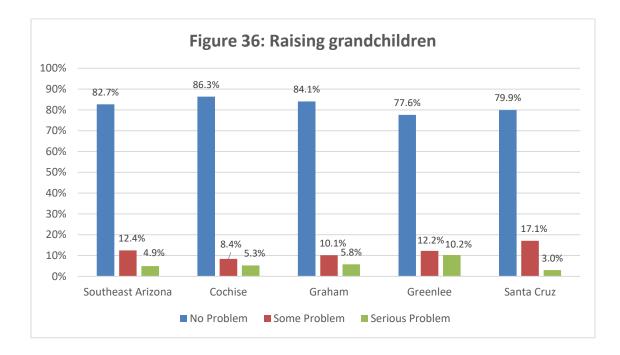

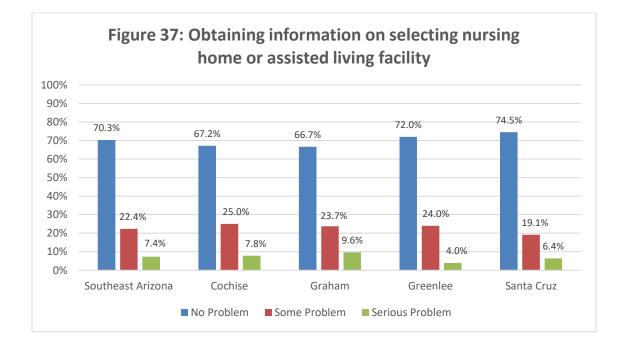

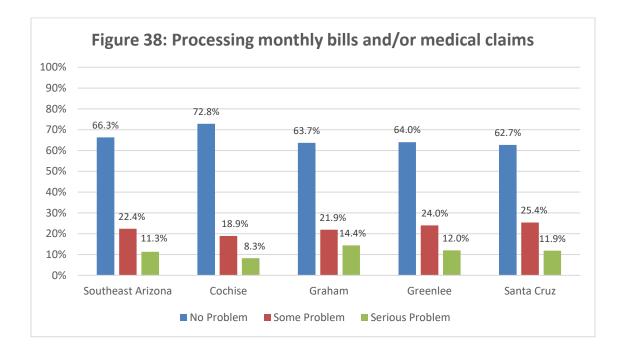

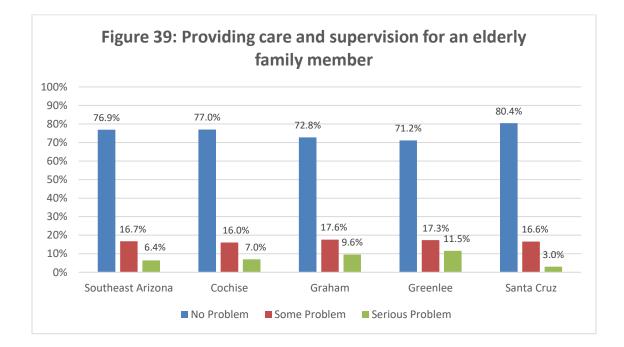

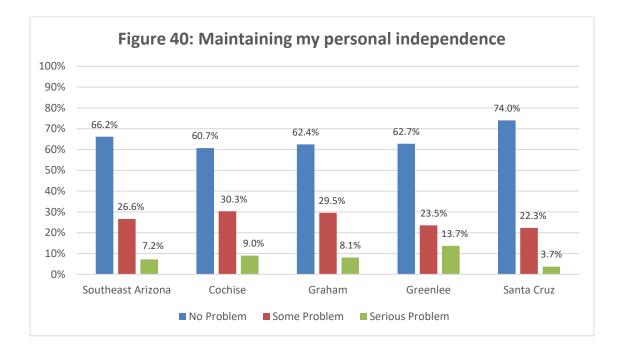

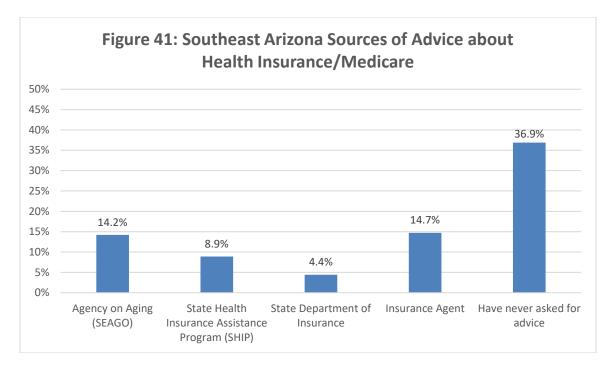

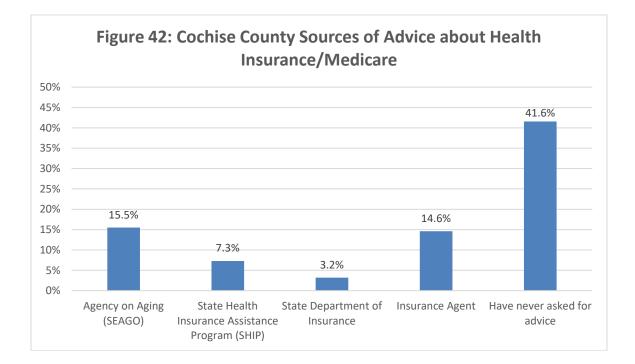

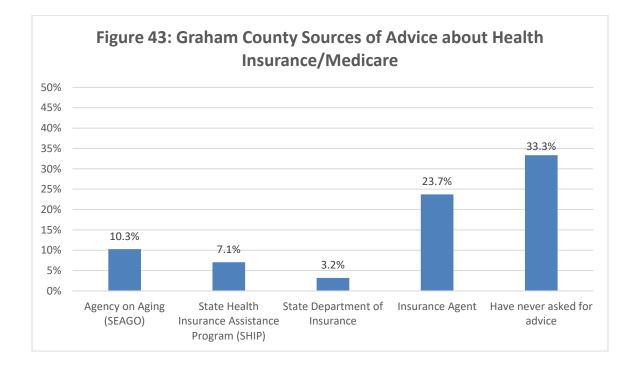

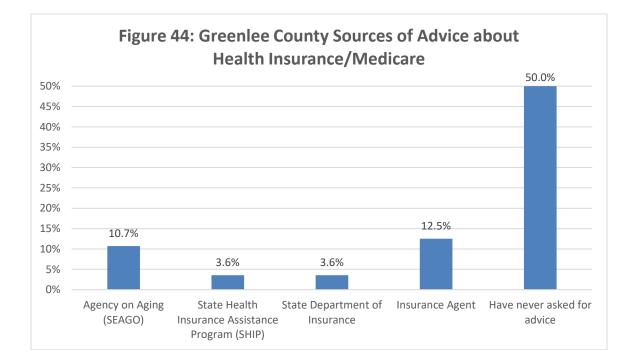

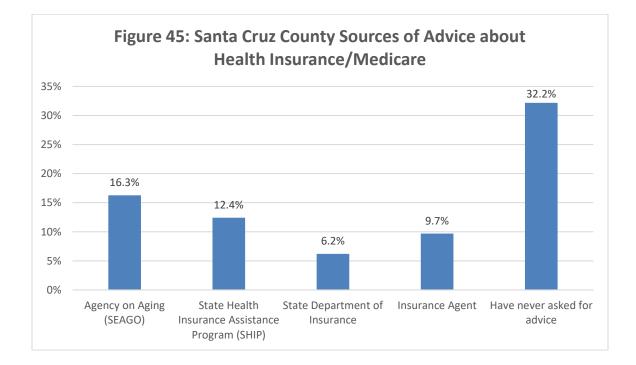

Note on Figures 41—45: Survey respondents were asked, "Who do you usually go to for advice about your health insurance or Medicare?"—see Appendix D for other (specified) sources of advice/information.

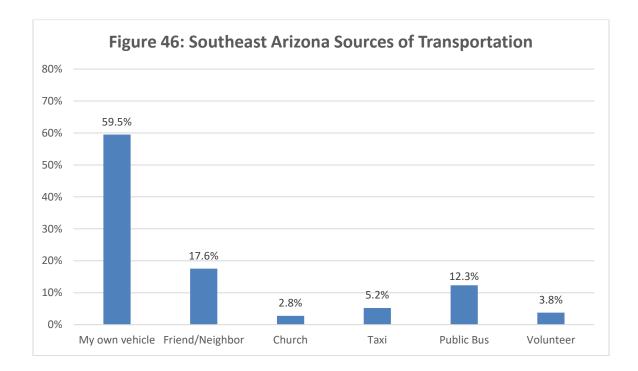

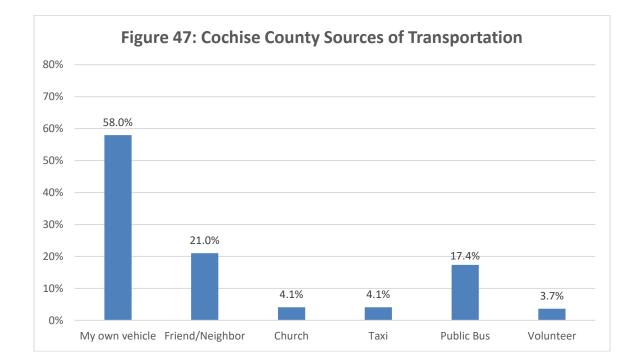

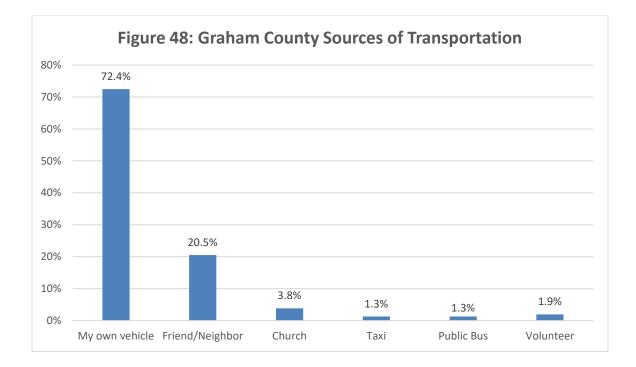

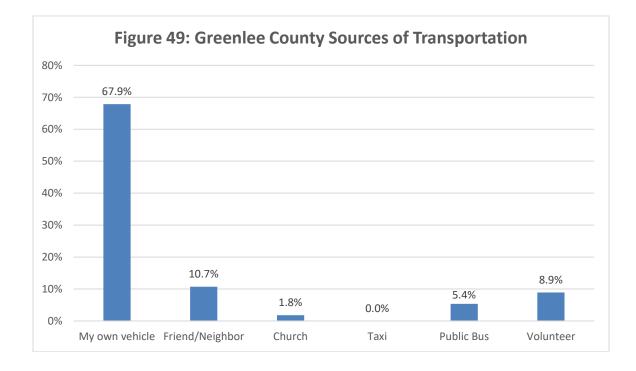

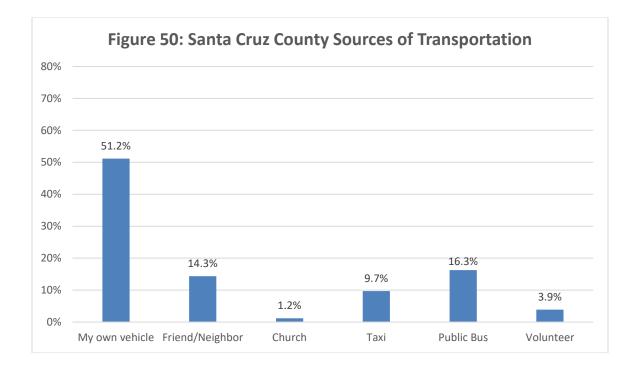

Note on Figures 46—50: Survey respondents were asked, "What is your source of transportation?"—see Appendix E for other (specified) sources of transportation.

Southeast Arizona

From 2013 to 2016, three of the top five serious problems regionwide remained the same. Those were affordable dental care, affordable assistive devices, and maintenance and repair of home. Affordable dental care remained the number one serious problem, while the share of respondents identifying it as a serious problem increased from 28.4 to 37.5 percent (those identifying it as a problemeither "some problem" or "serious problem"-increased from 57.7 to 64.8 percent). Income (having enough money for basic needs) moved up from the eighth-ranked serious problem in 2013 to the fourth spot in 2016. Telemarketing or in-home sales, which was the fifth-highest-ranked serious problem in 2013 dropped to ninth place. Cost of energy/utilities, which was the ninth-ranked serious problem in 2013, moved up to the fifth-ranked spot. With regard to those issues that were identified as a problem (either as "some problem" or "serious problem"), telemarketing or in-home sales, which was the second-highest-ranked problem in 2013, dropped to eighth.

Cochise County

In Cochise County, the list of the top five serious problems remained the same, with some change in ordering. Affordable dental care remained the number one serious problem from 2013 to 2016. In 2016, 37.4 percent of respondents identified affordable dental care as a serious problem, up from 26.3 percent in 2013. Affordable assistive devices moved from the third to the second-ranked serious problem. Telemarketing or in-home sales moved from the fourth-ranked serious problem in 2013 to third in 2016. Maintenance and repair of the home moved from the fifth to the fourth ranking. Maintenance of the yard moved from the second- to the fifth-ranked serious problem.

Graham County

In Graham County, employment opportunities moved from the first-ranked serious problem to the 13th serious problem from 2013 to 2016. Affordable dental care moved from the second to first ranking. Finding legal assistance decreased in its ranking as a serious problem, moving from fourth to 20th. Recreational or social opportunities also decreased in ranking as a serious problem, moving from fifth to 15th. Maintenance of the yard became a more widely spread serious problem between 2013 and 2016, moving from the seventh to the third ranking.

Greenlee County

In Greenlee County, maintenance and repair of home moved up from the third-ranked serious problem to the number-one most widely identified serious problem between 2013 and 2016. Affordable dental care moved from the number-one-ranked serious problem to the second-ranked position. Maintenance of yard increased in ranking of serious problems, moving from sixth to third. Cost of energy/utilities moved up from the seventh most widely identified serious problem to the fourth. Transportation increased in ranking as a serious problem, moving up from 13th to fifth place. Telemarketing or in-home sales decreased from the second to the 14th ranked serious problem; recreational or social opportunities fell from fourth to 10th; and

finding legal assistance dropped from the fifthto the eighth-ranked serious problem.

Santa Cruz County

In Santa Cruz County, affordable dental care increased from the fourth-ranked to the topranked serious problem between 2013 and 2016. Affordable assistive devices remained the second most widely identified serious problem, while income (having enough money for basic needs) increased from 33rd to the third-ranked position. Along with that, cost of energy/utilities moved from 34th to fourth, while cost of housing jumped from 12th to fifth place among serious problems. Obtaining information on selecting nursing homes or assisted living facilities fell from the number-one serious problem in 2013 to 25th in 2016, while age discrimination decreased from third to 11th and loss of a spouse/loved one moved from fifth to 20th.

Maintaining my personal independence	1	2	3

4. Whom do you usually go to for advice about your health insurance or Medicare? (Circle all that apply):

- a. Agency on Aging (SEAGO)
- b. State Health Insurance Assistance Program (SHIP)
- c. State Department of Insurance
- d. Insurance Agent
- e. Have never asked for advice
- f. Other (please specify): _____

5. What is your source of transportation? (Circle all that apply):

	a. My own vehicleb. Friend/Neighborc. Church/Place of Worship	d. e. f.	Taxi Public bus Volunteer	g. Other (please specify):
6.	Circle the group that contains your age.			
	Under 60 65 - 69 60 - 64 70 - 74		75 - 79 80 - 84	85 - 89 90 or over
7.	Gender: Male Female			
8.	What is your racial/ethnic origin?			
	a. White (Non-Hispanic)b. Hispanic/Latinoc. Black/African-American		d. Asian/Pacific e. American In f. Other (pleas	dian/Native American

9. Primary language spoken: English Spanish Other (please specify): _____

PLEASE RETURN NO LATER THAN: <u>NOVEMBER 30, 2016</u> TO EITHER THE SENIOR CENTER OR YOUR SERVICE PROVIDER OR MAIL TO:

SEAGO Area Agency on Aging 300 Collins Road Bisbee, AZ 85603 (520) 432-2528 Aging@SEAGO.org

Appendix C: Survey Instrument (Spanish Version)

ENCUESTA DE SEAGO PARA PERSONAS DE LA TERCERA EDAD

Para participar en esta encuesta en internet: www.SurveyMonkey.com/R/SEAGO2016S

- 1. ¿En qué comunidad vive? _____
- 2. Código Postal: ____
- 3. Aquí hay una lista de temas o actividades que algunos dicen causan problemas para personas mayores. ¿A qué grado le causan problemas a usted personalmente? Por favor marque el número que corresponde a la respuesta apropiada para cada tema.

	NO ES UN PROBLEMA	ES UN PROBLEMA	ES PROBLEMA SERIO
Existencia de servicios médicos (doctores, hospitales)	1	2	3
Pagando para recetas médicas	1	2	3
Servicios dentales que no son demasiado caros	1	2	3
Aparatos de ayuda (audífonos, lentes, bastones, etc.)	1	2	3
Obteniendo información acerca de servicios	1	2	3
Teniendo alguien que verifica cada día que estoy bien	1	2	3
Preparando comidas nutritivas	1	2	3
Aseo personal (bañando, lavando el pelo)	1	2	3
Limpieza de casa y haciendo el mandado	1	2	3
Obteniendo información para prevenir enfermedades	1	2	3
Transporte	1	2	3
Mantenimiento y reparación de la casa	1	2	3
Modificando mi casa para que sea más accesible	1	2	3
Mantenimiento del jardín y del exterior de la casa	1	2	3
Oportunidades sociales o de recreo	1	2	3
Servicios de un consejero psicológico	1	2	3
Ayuda para alguien que está a punto de morir, o para alguien que está afligido por la muerte de un ser querido	1	2	3
Obteniendo servicios legales (de un abogado)	1	2	3
Obteniendo información acerca de seguros que pagan gastos médicos (AHCCCS, Medicare, etc.)	1	2	3
Costo de una vivienda	1	2	3
Ingresos (teniendo suficiente para gastos básicos)	1	2	3
Costo de la electricidad y del gas	1	2	3
Oportunidades de empleo	1	2	3
Discriminación por edad avanzada (prestamos, seguros, empleo)	1	2	3
Abuso o explotación de personas mayores	1	2	3
Seguridad personal (Crímenes)	1	2	3

	NO ES UN PROBLEMA	ES UN PROBLEMA	ES PROBLEMA SERIO
Ventas por teléfono o en su casa	1	2	3
Soledad	1	2	3
Pérdida de un esposo o un ser querido	1	2	3
Oportunidades de ser voluntario	1	2	3
Criando nietos	1	2	3
Obteniendo información para seleccionar un asilo o hogar para personas mayores	1	2	3
Pagando cuentas mensuales o cuentas médicas	1	2	3
Cuidando y supervisando a un pariente mayor de edad	1	2	3
Manteniendo su independencia personal	1	2	3

4. ¿Que persona consulta usted si necesita consejos acerca de su seguro médico o de Medicare? (Marque más que uno si es apropiado):

- g. Agencia para personas de la tercera edad (SEAGO)
- h. Agencia estatal que provee ayuda con Medicare (SHIP)
- i. Departamento estatal de seguros
- j. Agente que vente pólizas de seguro
- k. Nunca he llamado para conseguir consejos
- I. Otro (por favor identifique): _

5. ¿Cuál es su modo de transporte? (Marque más que uno si es apropiado):

	 a. Mi carro propio b. Amigo o vecino c. Miembro de mi iglesi 	a	d. Taxi e. Camión públic f. Voluntario	g. Otro (por favor identifique): o
6.	Marque el grupo que inclu	iye su edad.		
	Menos de 60 60 - 64	65 - 69 70 - 74	75 - 79 80 - 84	85 - 89 90 o más
7.	Es usted: Masculino	Femenino		
8.	¿Cuál es su raza?			
	a. Blanco (No-Hispano) b. Hispano/Latino c. Negro/Africano-Ame		e.	Asiático/Isla Pacífico Indio Americano Otro (por favor identifique):
9.	Idioma prima: Inglés	Español Otro	o (Por favor identifi	que):

POR FAVOR DEVUELVA ESTA ENCUESTA ANTES DEL 30 DE NOVIEMBRE DE 2016 ENTREGELO A SU CENTRO DE LA TERCERA EDAD O A SU PROVEEDOR DE SERVICIOS O ENVIELO A

Appendix G: Comments from Advisory Council on Aging

1/19/2017

The Council reviewed the Draft Area Plan page by page. Several members of the Council had questions regarding the statistics being old and stated they believe the numbers are low. They were advised that the numbers were from the most recent census taken in 2010. Members offered to go to their local health departments to assist with providing more current statistics. The Council is concerned that the older statistics would decrease the amount of money available to the different areas that AAA servers. ACOA was assured that using the 2010 Census numbers do not affect the funding AAA receives.

The council had questions about the Carlos Apache Nation and the inter-tribal council. They wanted to know if people on the reservation receive our services and how those numbers affect our funding and statistics. The Council also inquired as to if the Apache nation can provide non-Indians with services. Research will be done and they will be informed of the findings on the upcoming meeting.

The Council reviewed the goals and objectives portion of the AAA area plan. The council inquired about strengthening the utilization and partnership with adult protective services. Council expressed concerns about lack of responsiveness from APS and older citizens. Staff will work in getting someone from APS come and present at the upcoming ACOA meeting

ACOA went over the Key Changes to Service Delivery section of the Area Plan and highlighted the changes AAA will be working on in the future. Key points of the COB for the current year were touched on and the timeline for completion of the Area plan was also shared with the Council. The Council had no questions on these sections of the plan.

4/20/2017

The Council voted unanimously to accept the Area Plan as is.

PUBLIC HEARING SCHEDULED ON AREA PLAN ON AGING

The SEAGO Area Agency on Aging is in the process of developing a four year Area Plan on Aging for fiscal years 2018-2021. The new Area Plan will go into effect on **July 1, 2018.** The Area Plan serves as the planning document which identifies priority needs, goals, objectives, funding and advocacy efforts that will be undertaken by the Region 6 Area Agency on Aging and our provider network in developing, implementing and building collaborations and programs for seniors in Cochise, Graham, Greenlee, and Santa Cruz Counties for the next four years. The Area Plan describes the manner in which the Area Agency on Aging plans to utilize state and federal funds, and how it will carry out its administrative responsibilities. The Area Plan is viewed as "the blueprint for action" which represents a commitment by the Area Agency on Aging that it will fulfill its role as the planner/catalyst/advocate on behalf of older persons in Region 6 as required under the Older Americans Act.

A public hearing has been scheduled for:

March 1, 2017 10:00 A.M. at S.V Police dept. 911 Coronado Dr. Sierra Vista, AZ 85635 March 8, 2017 10:00 A.M. at Casitas de Santa Cruz 1769 W Target Range Rd. Nogales, AZ 85621 March 15, 2017 10:00 A.M. at Clifton Public Library, 588 Turner Ave, Clifton AZ 85533 March 22, 2017 10:00 A.M. at Graham County General Services Bldg., 921 W Thatcher Blvd. Safford AZ 85546

The SEAGO Area Agency on Aging Administration, Board of Directors and Advisory Council realizes that the economic decline and system changes occurring daily on national, state, and local levels will have a serious impact on the current service delivery system and funding for senior programs. Therefor we request that seniors, service providers, families, caregivers, and all interested in senior issues attend and provide input to make the plan a comprehensive one that addresses real needs. To access the draft area plan click here <u>www.seago.org</u>

For more information, please contact Laura Villa at 520-432-2528, ext 208.

Public Hearing Comments

Cochise- Sierra Vista Police Department 3/1/2017

Participants: 8

Discussed with participants the top three needs in Cochise County and they were not surprised to hear the result. With 37.4%, affordable dental care was the highest need in Cochise County. A resident and professional who provides assistance to the elderly and disabled shared that living in a border town many people opt for crossing into Mexico because dental work is much cheaper than in the U.S. However other people in the group commented on the issues with transportation to and from and those needing companionship would cause a struggle for them crossing the border.

Santa Cruz- Casitas de Santa Cruz Nogales 3/8/2017

Participants: 32

This presentation was performed in Spanish since most of the attendees were residents of the housing complex, although there were also articipants from Department of Economic Security (ADES), Santa Cruz Council on Aging (SCCOA), residents and manager from the Bowman Senior Housing Complex, and a case manager from Santa Cruz County Public Fiduciary who did not mind that it be that way since they are bilingual. The entire Needs Assessment was reviewed and participants were glad that the county did so well in getting these out in the community and people participated in filling them out. They were not surprised that dental continues to be a huge need. It was shared that because Nogales is a border town many opt to cross to Nogales, Sonora, Mexico for their dental care which is far cheaper than using available services in Arizona. I was asked if the new Administration would have a greater impact in (reduced funding) the services that we receive as that is very concerning to them. They would like to see more units of service with what is currently being offered at the moment but are grateful to have at least what is available.

Greenlee- Clifton Public Library 3/15/2017

Participants: 4

Discussed with participants the top three needs in Greenlee County and they were not surprised to hear the results. Local participants who attended were a member of the Advisory Council on Aging and a community resident interested in knowing more about what SEAGO AAA does. No comments in particular where discussed regarding the results, however some were surprised that there was not a larger crowd.

Graham- Graham county General Services Building 3/22/2017

Participants: 15

Needs Assessment as well as the draft Area Plan were discussed with an audience of mostly professionals who attended the meeting. Good referrals were made to AAA of community leaders who would be willing to partner with us to provide assistance in A Matter of Balance, start of the Aging Mastery program as well as funding for these. Some of these participants were surprised that transportation was not the highest priority. When touching on the area plan, the transition between SEACAP and Easter Seals Blake Foundation was brought up for TSP. It was suggested that AAA provide more education via webinars in order to reach out those individuals who are not able to assist in person and these will be considered in the future. No discussion was made regarding the allocation of funds specifically.

ADVISORY COUNCIL ON AGING PACKET

MEMO TO:	ADVISORY COUNCIL ON AGING
FROM:	LAURA VILLA, AREA AGENCY ON AGING PROGRAM MANAGER
DATE:	APRIL 20, 2017
SUBJECT:	DES/DAAS ALERT SFY18 PLANNING LEVEL ALLOCATIONS

On March 3, 2017 DES/DAAS Department of Economic Security Division of Aging and Adult Services issued ALERT SFY-18 Planning Level Allocations. COB pertaining to the allocations is attached as it was submitted to DES-DAAS for consideration.

*This display provides a listing of the anticipated alloments of Area Agency resources for the fiscal year for the delivery of services within each of the four counties in the Planning and Service Area.

ADVISORY COUNCIL ON AGING PACKET

MEMO TO:	ADVISORY COUNCIL ON AGING
FROM:	LAURA VILLA, AREA AGENCY ON AGING PROGRAM MANAGER
DATE:	APRIL 20, 2017 SEAGO/AAA IN HOUSE PROGRAMS: HEALTH NUTRITION PROGRAM/ A MATTER OF BALANCE/ SHIP/LONG TERM CARE
SUBJECT:	OMBUDSMAN

Description

DES-DAAS performed Contract Compliance Review on February 22 and 23, 2017 on the fiscal side there were no findings, on the Case Management side there were no findings, on the programmatic side there were no findings however; on the Health and Nutrition Program side there was a couple of findings. With the help of DES and newly contracted registered dietician Tristine Bogle, Shi Martin arranged for a mandatory training to all CNG/HDM providers in order to be in compliance with its DES-DAAS regulations as required by the state. On March 30th representatives of the six sites attended this meeting in Benson and covered emergency preparedness plans, food temperatures, food sanitation, and menus. Shi also spent some time with the attendees and went over what will be expected of them during programmatic monitoring which started beginning of April.

Shi Martin our Health and NutritionProgram Coordinator has completed her congregate/homedelivered sites monitoring in Graham and Greenlee.Her upcoming schedule is as follows:Tombstone on May 11, 2017Douglas on May 25, 2017Nogales on May 17, 2017Patagonia June 16, 2017Benson on June 19, 2017Sierra Vista June 20, 2017

Shi has A Matter of Balance coaches training for ten (10) interested individuals scheduled for April 17 and 18, 2017 in Clifton

Long Term Care Ombudsman Program, all of the nursing homes have had their surveys completed for 2017. All facilities in our Southeastern AZ region have improved with the exception of Life Care of Sierra Vista which had a harm tag (level 2). Shi Martin along with all of Arizona long term care ombudsmen are working with CMS on the new regulations for discharges in nursing home facilities. The new regulation states that the long-term care ombudsman has to receive notification from the facilities of a patient/resident being discharged hence there is going back and forth between the federal government and state ombudsman. This is the first phase of three that CMS is rolling out within the next two years in long term care regulations. The assisted living facilities are still struggling with the rate increase for the caregivers but as of now no new closures have been reported because of this.

There has been a decrease of facilities taking Medicaid recipients versus private pay due to the lower income rate. As a result of AHCCC's bidding process which takes effect every five years Bridgeway is no longer the case management provider for Medicaid/AHHHC's and Banner healthcare has taken over the contract. It has been confirmed that they will be retaining 90 % of the case managers and hopefully that will be a smooth transition for the long-term care community.
