2020 Census Large Scale Recruiting Efforts for Field and Local Office Positions

Starting TODAY: A relatively small scale recruiting effort will be performed to fill outreach and office positions, including Recruiting Assistant, Office Operations Supervisor, and Clerk positions.

Also TODAY: Partnership is also recruiting for a few Partnership Specialist positions, including Pima County and Tribal Arizona.

Build awareness of the census and its benefits and motivate response through social media, newsletters, and other communications. It is never too early to start talking about your own CCC and local efforts. Here is an example from the City of Tempe.

2020 Census Timeline

2018

--- Tribal leader, governor, or highest elected local official or community leader determines Complete Count Committees (CCCs) structure.

--- CCCs receive 2020 Census training.

--- Develop strategy and outreach plan

To honor our nation’s grandparents, the U.S. Census Bureau presents statistics about their role in American society as caregivers of their grandchildren.

Teaching Students about Census

The Statistics in Schools (SIS) program of the U.S. Census Bureau provides data, tools, and activities that educators can incorporate into their lessons to help teach statistics concepts and data analysis skills to students. The activities and resources are segmented by subject (English, geography, history and social studies, mathematics and statistics, and sociology) and grade (from kindergarten through high school) so statistics education can be brought to any classroom. The U.S. Census encourages all school districts to participate in Statistics in schools. Please contact your superintendent to begin the discussion about getting your local schools involved.

For Rural Arizona
