

Deep Cleanse Energy Boost

Deep detox on cellular level to boost your Vitality.
Just experience it yourself and feel the difference!

Deep Cleanse together with Cell Protect Super Mag is the start of any vitality upgrading journey. In the toxic world we nowadays live one need to reduce the toxic burden from our systems in order to begin to regain our vitality. Deep Cleanse assists your body and mind in:

- Excreting GMO toxins and pesticides, heavy metals, oxidised minerals such as unusable iron and other nano toxins at cellular level
- Activates cleansing of the liver & optimize & increase the production of Glutathione as 1 of the most important antioxidants in our body, and thus reduces the inflammations in the body and the brain
- Balancing our neurotransmitters, increasing our thinking & memory
- Relieves pain & reduce cramps
- Optimise our coordination capacity & cognitive abilities
- And increases our energy balance

Neuro-transmitters

Energy Exchange 1L: € 79,-

Intake suggestion adult (>12y):

Start with 2x 5ml in glass of filtered water with fresh lemon juice (for the negative ions) daily preferably on an empty stomach. The 2nd intake before 16.00pm. Build up to 2x 10ml daily. Also drink plenty of filtered water to avoid detox symptoms.

Cell Protect Super Mag

Thanks to its liquid form and the added frequencies, this powerful, super concentrated magnesium blend is absorbed directly by the body. You'll experience an immediate effect that you can feel right away. Tiredness, muscle cramps, or tension in your body or mind is quickly gone. Cell Protect supports you and your loved ones:

- As a natural EMF 'protection' by keeping the Calcium where it belongs
- Prevents cell damage
- Reduces stiff joints and muscle cramps
- Relaxes body & mind and thus supports a deeper sleep
- Reduces mood swings and or the constant flow of thoughts
- Magnesium is the master mineral and supports the functioning of all essential body systems
- Assist the mitochondria with the ATP -energy production
- Reduces heart rhythm disorders
- Quick recovery after any work-out, training or (mental) stress situation

Intake suggestion adult (>12y):

At least 1x 5ml in glass of filtered water daily just before sleep. Or take 5ml extra, in the morning or after any work-out or training to recover quickly. The same counts for mental activities or stress situations to relax & calm down.

Deep Cleanse & Cell Protect is the basis for all 6 of our theme-packages.
