For who?	Everybody young & old, when there is a need to (further) improve their vitality with a next constructive step by step action plan. VBS RO is also used as a second opinion.	For vitality seekers who seek deeper wholeness. By revealing the underlying root cause(s) through their blood to embark on a inspiring vitality journey with a constructive step-by-step plan to (further) improve their vitality.	Whether a vitality seeker or born out of necessity, this person is ready or is in need to face what truly impacts their vitality and go for it to do whatever it takes to achieve their optimal vitality and in some cases to embark on their mission in life.	A limited service that sometimes is needed to make a next step forward but there is no need for further investigation, only to test the supplements is sufficient.	<i>What to select depends on the assessment of the Support Team, what is the need to take the next step forward in improving or upgrading your vitality.</i>

Special features	Your blood doesn't lie. Harmless full body scan to detect existing & future imbalances. Is the prediction undesirable? Change the outcome by starting to work on your vitality today.	Same as the VBS RO, but this is more a vitality journey because the imbalances are explained in the zoom report using microscope photos plus the education of your body & mind as one organisation.	Many people have tried several things without the desired result. Through the dialogue with your own blood, surprising insights arise through knowledge of the body as an organisation, leading to new approaches and solutions.	Your blood doesn't lie, and neither does it lie about the effectiveness of supplements. No longer only rely on what our mind tells us or what advertising promises; what matters is that it works FOR YOU.	<i>For VBS Zoom and Xtra counts that a natural 'by-product' is that eventually you become 'your own doctor'</i>
