MEMORANDUM FOR MR. LADD

Special Agent S. W. Reynolds advised that he has become cognizant of an extreme concern within G-2 over a pending conflict with Russia. It is known that the Military Intelligence Division is rapidly bringing up to date its "grab list" of Communists within the armed forces. They are making plans to establish certain special organizations into which all Communists and suspected Communists will be placed.

Colonel L. R. Forney of MID has indicated to Reynolds that he wanted the Bureau to be cognizant of the possibility of this conflict in the near future so that the Bureau would be prepared to act. Mr. Reynolds indicated to Colonel Forney that he felt the Bureau was cognizant of this possibility and was taking the necessary steps along these lines.

Colonel Forney also indicated to Mr. Reynolds that he was concerned whether or not the Department of Justice was taking steps to provide legislation which would enable the internment of citizens. Mr. Reynolds indicated to Colonel Forney that it was his understanding this problem had been made known to the Attorney General by the Bureau and that the Attorney General had the matter under study and advisement at this time.
