ranchers and the sheriff's office of Chaves county.

"The flying object landed on a ranch near Roswell sometime last week. Not having phone facilities the rancher stored the disc until such time as he was able to contact the sheriff's office, which in turn notified Major Jesse A. Marcel, of the 409th Bomb Group Intelligence office.

"Action was immediately taken and the disc was picked up at the rancher's home. It was inspected at the Roswell army air field and subsequently loaned by Major Marcel to higher headquarters."

The rancher's name and location of his place were withheld.

George Walsh of radio station KSWO which provided first news of the announcement said only Major Marcel, Col. W. H. Blanchard, commanding officer at Roswell air field, and the rancher had seen the object here.

The sheriff, Walsh reported, upon receiving word from the rancher went immediately to the intelligence officer at Roswell field.
