Facebook Target Audience Finder Backed by AI Technology

Discover and target hidden interests

With thousands of audience interests available on Facebook, it's not always easy to find your needle in this haystack. So, why not let Madgicx automatically reveal new targeting opportunities for you?

Explore profitable hidden interests

With thousands of interests available on Facebook, it's not always easy to find your needle in this haystack. So why not let Madgicx automatically reveal new opportunities for you?

Next best interest prediction

We analyze your account's performance to rank your interests by profitability and predict your next top targeting option.

Split test every interest

Create diverse audience permutations to find the interests that deliver the highest ROAS. Save all your audience combinations and mass launch them via the Ad Launcher.

Infinite intersection options

Narrow your targeting by intersecting interests, custom and lookalike audiences using an intuitive drag-and-drop interface.

Instantly target, immediately launch

Just like in any other Madgicx product, we connect insights and execution to let you launch profitable audiences in just a few clicks.
