FARM GROUP FIGHT FOOD PRICE CONTROL RETURN

Traffic Drive Nets Eight

Eight motorists were fined in justice of the peace court here over the week-end following a traffic drive which resulted from a petition for tighter traffic enforcement in Tipton.

The petition, signed by approximately 70 persons, most of them residing on West Jefferson street, was received by the Indiana state police late last week. It complained of speeding and reckless driving on Jefferson street, particularly on Sundays and at night, and asked for stricter enforcement of traffic regulations.

As a result of the petition, Gale DeLon and Virgil Cardwell, state police officers, and Deputy Sheriff Jesse Owen cracked down on motorists on Jefferson street and on state roads 28 and 19 near the city. Offenses listed were failure to observe stop signs, speeding, drunken driving, improper lights and failure to have an operator's license.

Eight Are Fined

Those fined were:
Fred Greathouse, Jr., Tipton, \$10 and costs on a charge of speeding and \$3.50 and costs for disregarding a stop sign.
C. B. Johnson, route 4, Elwood, \$25 and costs and 90-day suspension of license for driving while intoxicated.
Oliver C. Strong, Tipton, \$10 and costs for speeding.
Noel Head, Tipton, \$3.50 and costs for failure to have clearance lights.
William C. Burnette, Tipton, \$3.50 and costs for improper lights.
Robert Crawford, Tipton, \$10 and costs for failure to have operator's license.
Stop Sign Disregarded
Russell E. Williams, Tipton, failure to observe stop sign. Trial pending.
Eugene Harper, Winchester, failure to observe stop sign, \$3.50 and costs.
Harper was arrested by DeLon and the others were arrested by Cardwell and Owen.
The deputy sheriff said that several other motorists also were told to appear in court and that their cases are pending.

Madison Asks Five Attend Higher Levy Youth Meeting

A levy of \$1.27, for Madison township is proposed in the budget submitted by Orville Click, trustee, for 1947. The total is 10 cents higher than the levy advertised for 1946 and includes a higher levy in the tuition fund and lower levies in other funds.

A breakdown of the proposed levy shows 7 cents for the township fund, compared to 9 cents one year ago; 56 cents for the special school fund, compared to 72.1 cents; 1 cent for the library fund, the same as the 1946 proposal; 60 cents for the tuition fund, compared to 30.1 cents; and 3 cents for poor relief, compared to 4.8 cents.

Amounts sought for 1947 under each levy are \$2,546 for township fund, \$20,659 for special school fund, \$21,981 for the tuition fund, \$366 for the library fund and \$1,099 for poor relief.

Totals Are Up
The \$2,915 sought for the township fund for 1947 is \$142 higher than the amount sought for 1946 and the tuition fund total of \$29,400 is \$4,500 higher than the amount advertised in the 1946 budget. The increase is caused by an additional \$4,000 for teacher pay, including sick leave, and \$500 more for transfers.

The poor relief fund total of \$2,075 is the same as that advertised in 1946 and the special school fund total of \$23,785 is \$2,860 higher than the 1946 total. Principal increases were for janitor service, transportation of children and purchase of supplies.

The library fund remains at \$300.

Those expected to attend are: Homer E. Capehart of Washington and Raymond E. Willis of Angola, both U. S. senators. Mart J. O'Malley, judge of the Indiana supreme court from the fourth district.

No change will be made in store hours because of the Veterans' day observance, which begins at 12:30 p. m. at Tipton park.

108 Donate Skin for Burned Boy

Chicago, Aug. 12.—(INS)—Four-year-old Melvin Snyder had a better chance to live today because 108 persons from three states volunteered to donate their skin to the injured boy.

He was in critical condition at Illinois Masonic hospital from severe burns on the chest, back, and shoulders suffered last May 27 while playing with matches in his home.

His parents, Mr. and Mrs. Paul Snyder, already have given skin for him.

A public appeal was decided on when physicians said at least three or four additional donors were needed. If Melvin is to survive a scheduled operation Thursday.

Registration Set

Registration of all persons attending the Veterans day reunion at Tipton park is asked by Vern Smith, chairman of the registration committee, who announced that registration tables would be set up at four locations in the park.

Mr. Smith emphasized that all veterans should register, but that registration is asked of all persons attending the observance.

Registration tables will be at the following locations:

1. Near Main street entrance to the park.
2. Near West street entrance to the park.
3. Near swimming pool.
4. Entrance to ball diamond.

Prizes Are Added

Additional prizes of nylon hosiery will be given to the first 10 contestants to register and appear in the Pine-up Girl contest Wednesday, the committee in charge announced today.

All participants must be included in the fire fighting fund to bring the proposed expenditure to \$3,700, compared to \$3,500 in 1946.

Byrnes Suggests Limit on Debate

Paris, Aug. 12.—(INS)—Soviet Russia raised a new charge that "obstacles" are being placed in the way of the Paris peace conference today when Secretary of State James F. Byrnes sought to limit debate on Italy's repudiation of the draft treaty drawn for her by the big four.

On behalf of Russia, Andrei Vishinsky insisted that opponents be given a full opportunity to repudiate the statements made on Saturday by Premier Alcide De Gasperi objecting to the terms of peace scheduled to be imposed upon Italy.

The argument developed when Byrnes gave the floor to Vice-Premier Edvard Kardelj of Yugoslavia on the grounds his motion for permission to speak today had been adopted on Saturday.

KEY TO SENATE CONTROL FIGHT

WITH MEMBERS OF CONGRESS back home mending their fences and primary campaigns popping up in one state after another, strategists in both parties are beginning to check the chances—if any—of GOP control of the next Senate. To win this control, the Republicans must maintain a hold on states they already have and win 9 of 23 seats held by the Democrats. Those states indicated by black areas have long been considered Democratic sure-things. This leaves 15 on which the GOP must concentrate. Indicated by shaded areas these are: Wyoming, West Virginia, Washington, Utah, Rhode Island, Pennsylvania, Ohio, New York, New Mexico, Montana, Missouri, Massachusetts, Maryland, Idaho and Delaware. The budget calls for a total of \$47,465 to be raised by taxation, compared to \$44,990 in 1946, and is subject to approval by the county council and state tax board. It was submitted by Dick Grove, trustee.

Individual levies are 31 cents in the tuition fund, to raise \$17,291; 30.4 cents in the special school fund, to raise \$17,104; 7.4 cents for poor relief to raise a fund of \$6,718, and 3.5 cents in the township fund to raise \$3,176. The bond fund was expended \$50 to \$2,350 and an expenditure of \$150 in the library fund was listed for 1947.

Jefferson Cuts Tax Levy

A levy of 87 cents on each \$100 of taxable property is proposed to meet the budget of Jefferson township in 1947, according to the report filed by Garrett W. Gossard, trustee.

Individual totals proposed are 5.7 cents in the township fund, 35 cents in the special school fund, 45.8 cents in the tuition fund and 5 cents in the library fund. Amounts to be raised are \$1,783 in the township fund, \$11,056 in the special school, \$14,327 in the tuition fund and \$158 for libraries. The total budget calls for \$27,322 to be raised by local taxation.

The advertised budget for 1946 called for a levy of \$1.248 and a total of \$37,656 to be raised. Taxable property increased to \$3,128,485 this year from \$3,015,360 one year ago.

Troops Replaced As Chinese Claim U. S. Evacuation

Shanghai, Aug. 12.—(INS)—Routine replacement of U. S. army troops in China continued today in the face of a Chinese claim that approximately half of the American army forces in the war-shattered nation will be evacuated within a few days.

Arrival over the week-end of the transports Renville and O'heda at Tsingtao cast doubt on the evacuation report which received absolutely no official confirmation. The transports were carrying replacements for men scheduled to return to the United States under routine procedure.

Meanwhile, hopes for an immediate end to civil strife were considered poor and the government's Central News Agency claimed that Chinese Communist forces renewed attacks against Nationalists in Shanghai, Honan and Shansi provinces and in Manchuria.

Heavy fighting was reported in the vicinity of the Kiangsu-Suchow railway junction. Truce negotiations were continuing on high levels, however. Chou-en-Lai, second ranking Communist, conferred for five and a half hours with Dr. J. Leighton Stuart, American ambassador, Sunday.

Return of Illicit Sales Foreseen

Washington, Aug. 12.—(INS)—Spokesmen for a major farm organization, the flour millers and livestock feed manufacturers today predicted the re-birth of wartime black markets if price controls are restored on basic food items.

Their predictions were made at the opening of price decontrol board hearings to determine whether controls should remain off livestock, dairy products, grains, soy beans and cottonseed after Aug. 20.

The spokesmen were: Edward A. O'Neal, president, American Farm Bureau Federation; M. F. Mulroy, of the Millers' National Federation; and Walter C. Berger, of Des Moines, Ia., president of the American Feed Manufacturers' Association.

Berger warned that if price ceilings were re-established on protein foodstuffs there would be a return on "black markets, barter trade, maldistribution and waste."

Rationing Suggested
He said that the feed industry must have free access to protein foodstuffs "in order to provide farmers with properly balanced rations which will spell maximum, economical production of wheat, milk and eggs."

O'Neal told the three-man federal board that food items should be rationed if price regulations are resumed.

He also called for strict government control of wages if price control is restored to the food items.

O'Neal said: "Prices cannot be controlled without the control of consumers' incomes."

Mulroy held that wheat price regulations are "impracticable and unenforceable." He declared:

"Today, with wheat in free supply on open market channels, there is nothing to inspire blackmarketing. But a return to price regulations surely would put the illicit operations back into business."

Weston B. Grimes, spokesman for Cargill, Inc., millers of Minneapolis, Minn., told the board that the grain supply in the country now is at a high level.

Prosecutor to Seek Indictment in Mercury Case

Madison, Ind., Aug. 12.—(INS)—Prosecutor Donald Bear said today that he would seek a murder indictment against Mrs. Lottie Lockman, 62, in DuPont's "mercury and old lace" case.

Prosecutor Bear planned today to ask Judge Harry E. Nichols of Jefferson circuit court to impel a special grand jury to return the murder indictment against Mrs. Lockman, who had been known as the "Good Samaritan" of DuPont, quiet village 15 miles from Madison.

Meanwhile state police said today there are indications that Mrs. Lockman may have been responsible for the "sleep deaths" of at least five elderly persons who died while under her care.

The prosecutor took action after laboratory tests on the remains of Mrs. Minnie McConnell showed "typical mercury poisoning," according to a report of Dr. R. N. Harger, of Indianapolis, Indiana university medical school toxicologist.

Mrs. Lockman was placed in the Madison jail last night after she was charged with murder in a warrant issued by the Jefferson circuit court at the request of Coroner Signey Haigh.

Previously, Mrs. Lockman had been free under \$2,500 bond on a charge of the attempted slaying of Mrs. Mamie McConnell, for whom Mrs. Lockman also was housekeeper. Mamie McConnell is a daughter-in-law of the (Continued on Page 6)
