'Glamor Wife'

(NEA Telephoto) Mrs. Mary Monroe, dubbed "Glamor Wife" in Los Angeles in 1944 when she contested divorce action by her husband, Edwin Monroe, is now seeking divorce herself, charging mental cruelty. Previously, her husband sued, saying she was dowdy around the house. Neighbors testified she was "most glamorous housewife in the block."

Suspect in 'Iron Pipe' Murders In Mexico City

Estavan Silvia, Mexican national held in Mexico City as a suspect in the "iron pipe" murder of four "wet" Mexicans near Somerton last March 25th, will eventually be extradited to Yuma for trial, Sheriff J. A. Beard was informed yesterday by a Mexican consular official who stopped here to confer with him on the case.

Silvia was arrested at Panahula, Mexico, but later transferred to Mexico City.

The four farm hands, in this country illegally, were bludgeoned to death as they slept under a tree west of Somerton, apparently for their money.

CHIANG WARNS CHINESE REDS; URGES JOINING

NANKING, Aug. 14—(AP)—Generalissimo Chiang Kai-Shek warned Chinese Communists today that "rebellion must be put down" and invited them to join in his Kuomintang government in peaceful efforts to build a democratic and unified nation.

Chiang promised to end the period of "political tutelage," referred to recently by Mao Sun Yat-Sen, and to establish a constitutional government without delay in spite of all obstacles.

At Peking, U. S. ambassador John Leighton Stuart said Chiang's remarks did not remove the difficulties pointed out in the joint statement he issued with Gen. George C. Marshall last Saturday. The two American envoys termed China's civil conflict "impossible" of settlement, despite the fact that both sides appeared anxious to achieve peace.

Truman Vetoes Railroad Bill

WASHINGTON, Aug. 14—(AP)—President Truman last night vetoed the railroad reorganization bill which would have allowed bankrupt carriers to draft their own reorganization plans under specific conditions.

In a memorandum disapproving the Wheeler-Rod bill, the president said it would not eliminate inequities in present reorganization laws. The bill would have permitted bankrupt railroads to direct their own organization plans if they earned enough money to meet their fixed operating charges for a seven-year period. This would have allowed qualified carriers to avert bankruptcy proceedings.

3 Swedish Fliers Killed by Rocket

STOCKHOLM, Aug. 14—(AP)—Sweden declared an open season on unidentified rockets today as three airmen were reported killed in a head-on crash with one of the missiles.

Government authorities prepared a nationwide "rocket-hunting" program and alerted all military units, air bases and radar stations to be on the lookout for the cigar-shaped "ghost bombs."

The news paper Aftonbladet quoted "investigators" as reporting that three fliers were killed yesterday when their military reconnaissance plane crashed into a rocket near Vaggeryd, in southern Sweden. The dispatch said radio contact with the plane was broken just before the crash and that the front of the ship was "completely crushed" by the impact.

Witnesses have reported seeing the rockets change their course in mid-air and one informed source said it was known that they were radio-controlled.

The inhabitants of Azerbaijan, estimated at more than a million and a half, are as varied and picturesque as their background. There are Moslems and Christians, hard-riding nomads who live in black goat-hair tents, and villagers gathered in primitive mud-brick settlements.

Turks Agree to New Treaty Talks

LONDON, Aug. 14—(AP)—Premier Recep Peker of Turkey indicated in a speech broadcast by Ankara today that the Turks were willing to negotiate a revision of the Montreux convention governing the control of the Dardanelles.

Russia asked for a revision of the Montreux convention last Friday night, shortly before the deadline at which it would have been renewed automatically for another five years.

Peker emphasized that Turkey considered any revision should be made in concert among the various signatories.
