

Negro Sought By Hancock Officer

Authorities were still looking for a negro late last night who caused a disturbance in front of the New Theatre, Hancock, earlier in the evening.

D. H. Atkins, theater manager, ordered the negro to move on but the latter refused and the police reported that some blows were exchanged before Officer Howard Murfin, of Hancock, appeared on the scene.

Officer Murfin reported he struck the negro with a billy but that the negro got away. As the man was fleeing the officer shot over the man's head. State Officer Samuel Conrad is assisting Officer Murfin in the investigation.

Legality Of Bill To Be Tested Soon

Cumberland, Md., Aug. 20 (AP)—The legality of the 1933 Allegany County Liquor Control Act will be tested in the Court of Appeals, according to Edward J. Ryan, attorney for Eldred A. Cromwell, who lost in the Allegany County Circuit Court in an effort to get a liquor license under the 1934 act.

Ryan said the papers were being prepared by F. Neale Parke, Westminister, former Court of Appeals judge, and would be filed within 10 days.

In a decision last week Judge Joseph D. Mish, Hagerstown, found the 1933 act constitutional.

In 1915, the Life Saving service was combined with the Revenue Marine Service to form what is now the U. S. Coast Guard.

BEWARE OF PIN-WORMS

Recent medical reports reveal that an amazing number of children and grown-ups may be victims of Pin-Worms—often without suspecting what is wrong! Watch out for the warning signs that may mean Pin-Worms in your child or yourself—especially the tormenting, embarrassing rectal itch. Because now you can and should do something about it. After centuries of distress caused by Pin-Worms, a highly effective way to deal with them has been made possible. It is based on the medically recognized drug called mebendazole.

This special drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son. P-W tablets are small and easy to take, and they act in a special way to remove Pin-Worms.

So if you suspect this ugly infection, ask your doctor for JAYNE'S P-W and follow the directions. Satisfaction guaranteed or your money back.

It's easy to remember: P-W for Pin-Worms!

Planning Continues For Homecoming Of Williamsport Vets

The vice-chairmen of the various committees arranging for Washington county's Veterans' Victory Homecoming here November 11 met last night at the Legion Home and arranged for a general mass meeting of all committeemen and interested citizens next Monday.

While still in the embryo stage, initial plans call for a monster parade, dances, fireworks and other events during the day.

Practically every civic and fraternal organization is represented on the general committee arranging for the celebration in honor of the county's 7,000 men and women who served in World War II.

Out of town organizations with bands and floats are being invited to participate in the gala parade, and major prizes for the best participants will be awarded during the day.

Next Monday's meeting is expected to pool the results of planning now being done by various independent committees under the general chairman. These plans will then be coordinated into an overall program of activities that will be planned for November 11th, which is coincident with the anniversary of the Armistice for World War I.

Identifies Son, Sees Another Wed

New York, Aug. 19 (AP)—Mrs. Maria Corriere put on something black yesterday and went sadly to the city morgue where she identified the body of her son, Joseph, 18, shot by police who said they saw him snatch a wallet. That was at 4:30 a. m.

Twelve hours later she determinedly donned something lighter and went to St. Joseph's Church,

the Bronx, where another son, Dominick, was wed. The party and guests departed. She remained to pray.
