

## Soldier-Congressman Teague Gets Ready To Start To Work

WASHINGTON, Aug. 29 (AP)—Col. Olin T. (Tiger) Teague, soldier-congressman, got ready today to doff his uniform and devote his time to duties as representative of the Sixth Texas district.

Elected Saturday to fill the unexpired term of former Rep. Luther A. Johnson, who resigned to accept a federal judgeship, Col. Teague spent the morning at Walter Reed Army hospital for a final physical checkup before receiving either a discharge or retirement on service-connected disabilities.

The former College Station, Texas, postoffice superintendent, who was wounded six times in the European fighting, not only was elected for the remainder of Johnson's term expiring next January, but also won Democratic nomination for a full two-year term.

His service as a congressman began immediately upon his election Saturday, even though Congress is not now in session.

Here with the new legislator is his secretary, Clayton Hickerson of Corsicana.

Hickerson said Teague hoped to receive his retirement orders by the end of the day and leave Friday or Saturday for Texas. He plans to bring his family to Washington later in the year.

The first Allied ground officer in France after the invasion of France, Teague won the Silver Star and two clusters. He has been under hospitalization for 22 months as a result of a wound in the left ankle.

A native of Woodward, Okla., Teague attended high school at Mena, Ark., and graduated from Texas A. and M. college in 1932. He is married and has three children, James, 11, Jack, 10, and Jill, six months. His wife is the former Freda Dunman of Fort Worth.

**NO. 366 IS HIS DISH**  
PAINESVILLE, O. (AP)—The number 366 has taken on a special significance to Deputy Sheriff Joseph Tripp. When he joined the police force his card was No. 366. He is an army veteran and soon will join American Legion Post No. 366. He lives at 366 Owego St.

## Slippery Bulls Are Hard To Master, Rodeo Riders Find

ARLINGTON, Aug. 29 (AP)—It's hard enough to ride a dry-back bull—much less a slippery one.

That's the reason only one man was able to stay aboard in the bull riding contest at the rain-swept North Texas fair rodeo last night.

The champion rider was Bobbie Booth of Fort Worth.

It was the same way in the saddle bronc riding contests. There were only three winners. Five were thrown.

The rodeo results:

**Barrel race**—Riding—Jake Williams, Fort Worth; David Shellenberger, Marietta, Okla.; Wallace Brooks, Sweetwater; Roy Calloway, Raymondville.

**Calf roping**—Bob Hinson, Crosby; Eddie Young, Comstock; Red Smith, San Antonio; and George Wilderstein, Fort Worth.

**Saddle bronc riding**—Andy Curtis, El Reno, Okla.; Foster Parrish, Fort Worth; Bill Salmon, Los Amigos, Colo.

**Steer wrestling**—George Yardley, Roswell; Roy Martin, Vinia, Okla.; Joe Venus, Houston; Bob Hinson, Crosby.

**Bull riding**—Bobbie Booth, Fort Worth.

**Wild mare race**—Bob Burton, Arlington; Frank Allen, Larkspur, Colo.; Bo Chesson, Beaumont.

## Arms Output Is Likely Topic

LONDON, Aug. 29 (AP)—Informed sources predicted today that Britain would make a vigorous and blunt approach to Russia in the near future in connection with the alleged manufacture of armaments in the Soviet zone of Germany in violation of the Potsdam agreement.

These sources said the issue was expected to come up in the Allied Control Council, in Berlin in the next few days.

Both Britain and the United States have indicated increasing concern over reports that German factories in the Soviet zone are turning out rockets and other weapons.

**Support Is Expected**

Strong American support for any further British move is expected.

The subject of the reported armament manufacture was last raised at the July Foreign Ministers council by British Foreign Secretary Ernest Bevin.

Russia's Foreign Minister V. M. Molotov turned down Bevin's suggestion for a four-power investigation of demilitarization in all zones.

The Anglo-American concern undoubtedly has been heightened by the pyrotechnic display of rockets over Sweden.

British military experts believe that the Soviets have succeeded in developing the German long range rocket to the point where it is a far more effective weapon than the missile the Germans used against London.

The banana plant is believed to have originally been native to southern India or the Malay Peninsula.

## Hotels Are Built In Mexico For Tourists

MEXICO CITY, Aug. 29 (AP)—The Mexican Tourist association said today 31 hotels with 4,420 rooms were being constructed in Mexico at a cost of 105,600,000 pesos (\$21,120,000) to care for the nation's mounting tourist business.

Eleven of the hotels with 2,310 rooms are being constructed here at a cost of 75,000,000 pesos (\$15,000,000) and the remaining 10 with 2,110 rooms at a cost of 30,600,000 (\$6,120,000) throughout the republic.

The association said four of the hotels here would be completed during the first half of 1947, four during the second half of the year and the remaining three in Mexico City during the first part of 1948.

The hotel construction program also includes one in Torreon, two in San Miguel Allende, state of Guanajuato, three in Guadalajara, two at Jalapa. Three in the port city of Vera Cruz, one at Uruapan, another at Chihuahua, three in the Pacific Coast resort city of Acapulco and one each at Aguascalientes, San Luis Potosi, Quer-

## Political Leaders To Meet At Hillsboro

HILLSBORO, Aug. 29 (AP)—Burr C. Jackson, Hillsboro businessman, said today that approximately 100 political leaders from over the state had been invited to attend a noon luncheon here Saturday.

Jackson, who will preside, said that Price Daniel of Liberty Democratic nominee for attorney general; Myron G. Blalock, of Marshall, National Democratic committeeman, and Miller Ainsworth of Lulin, a supporter of Beauford Jester, Democratic nominee for governor, would be speakers at the luncheon.

## Southwest Delegate To Church Meeting

WAXAHACHIE, Aug. 29 (AP)—Hastings Harrison, vice-president and southwestern director of the National Conference of Christians and Jews, has departed for Europe to represent the Southwest in an international conference.

After joining the American delegation of 23, Harrison sailed from New York on the liner Queen Mary.

Harrison and Tuminil in the state of San Luis Potosi.

## Ambulance Destroyed By Freakish Blaze

In a freakish fire Thursday a Higginbotham Funeral home ambulance of Lamesa, en route from Lamesa to Lubbock to return a patient there, caught fire and was so badly burned that practically nothing except the front tires and the engine were worth salvage.

City firemen, running at 3:57 o'clock to a spot seven miles south of Lubbock, found that what happened probably was this:

The brake on one wheel began "grabbing," heated the brake drum so that the tire caught fire. The heat from the tire melted solder around fixtures of the gasoline tank. Gasoline flowed out and was set afire.

The driver, name not taken by the firemen, stopped the ambulance when the tire blew out.

He had just got out when the ambulance suddenly became enveloped in flames. He was not injured.

## 'Funny Books' Wanted By City Department

If there is a surplus of "funny" books at your house, you can dispose of them with a minimum of trouble by calling the City Recreation department, number 9346.

The recreation department can use "thousands of them" along with any number of picture magazines it can obtain. The publications are needed to stock reading rooms at Community center, at Sixth and Ave. B, the negro center in Carver Heights and the Swing-in club at 1211 Thirteenth.

Upon notification, recreation workers will come out and pick them up.

Hamilton suggested that as the magazines are made available some families might want to turn over any extra, unwanted toys that may be in the way around the house. The recreation department, he said, annually picks up old toys and repairs them for distribution at Christmas time, and "now is not too early to start the job."

More than half of the proved oil reserves of the United States are concentrated in Texas.

**Dunlap's Fine Woolens**

**Make Fine Clothes**

These luxurious soft draping 100% woolens lend themselves beautifully to the new Fall styles. All are 100% wool in gabardines, crepes, jerseys, serges, flannels, herringbones and knobby weaves.

Use them in contrasting, complementing or matching colors to make your Fall ensembles.

On display in our piece goods department.
