

5.3.6 Cumulative Analysis of Post-authorization Adverse Event Reports

APPENDIX 1. LIST OF ADVERSE EVENTS OF SPECIAL INTEREST - these pages are from the above 38 page Pfizer document of their Covid-19 ‘vaccine trial’. Note there are: No ‘viruses’, No ‘tests’ and No ‘contagion’ - especially of imaginary particles such as the misnamed ‘SARS-CoV-2 virus’. The following 1,291 Expected Harms include... deaths (if, the document title, offends). Let’s seek justice until hell freezes over - for all those maimed & murdered by these evil ‘people’. The ‘Covid-19 Vaccine’ is now the most toxic vaccine, exceeding even in deaths & harms the HPV jab, so beloved of Manx schools. While Isle of Man: politicians, media, police and Mengele Medics all stay silent
