Good day Russell,

Notice of Manx Jab Genocide

Please see total of 10 pages as attached about your criminality activities. Your police colleagues are now getting post 'covid' jab cancers. We will sadly watch and await all the unfoldment

We demand 'medical' rape gangs from Manx Care cease with immediate effect, cancelling their planned Manx senior schools injections on 3/3/26. It is an abomination to inject toxic, experimental, infertility inducing: 'tet anus', 'HPV' and 'polio' jabs. For which no 'viruses' exist...

You were featured on the Mannin Line on Manx Radio today Thursday 26/2/26, but you Russell failed to mention your treasonous activities. I trust Military Tribunals will follow for your 'kind'

Duly witnessed by a notary public for equitable relief, as a good faith hand-shake with the 'legal' realm. It shall not infer nor consent to be governed by private, for profit 'legal' society, members

Witnessed.....

R.A.E. Jelski.
